Jennie Moore Elementary School Students Ride into Safety at Annual Bike Rodeo

Mount Pleasant, SC (September 29, 2025) - The Jennie Moore Elementary School (JME) Improvement Council hosted another successful Bike Rodeo on Sunday, October 26, 2025, with more than 100 Jennie Moore Elementary students participating. This annual event is a fun and meaningful way to promote bike safety, confidence, and community connection.

Medical University of South Carolina (MUSC) Safe Kids was on site to check helmet fit and set up the bike rodeo course, ensuring every rider had a safe start. Thanks to the generous support of Christmas Injury Lawyers, students who didn't have helmets were provided with one to keep. While students waited to take their turn on the course, Be Smart shared valuable gun safety information with parents, and Trek Bicycles offered quick tune-ups to keep bikes in top shape.

Students rode through the course alongside a Mount Pleasant Police Officer from the bike patrol, learning important safety tips along the way. After completing the course, each student received a certificate and a bike license to celebrate their accomplishment.

"It was wonderful to see so many community partners come together to support our JME students and promote safety," said Principal Karen Felder. "Trek, Christmas Injury Lawyers, MUSC Safe Kids, Be Smart, and the Mount Pleasant Police Department have supported this event for years, generously donating their time and resources. They are a true gift to our community! The Bike Rodeo continues to be a favorite tradition at Jennie Moore Elementary, giving students a fun way to learn, grow, and ride safely."

About the Charleston County School District

Charleston County School District (CCSD) is a nationally accredited school district committed to providing equitable and quality educational opportunities for all its students. CCSD is the second-largest school system in South Carolina and represents a unique blend of urban, suburban, and rural schools spanning 1,300 square miles along the coast. CCSD serves approximately 50,000 students in 88 schools and specialized programs.

CCSD offers a diverse portfolio of educational options and specialized programs delivered to the students of CCSD through neighborhood, magnet, IB (international baccalaureate), Montessori, and charter schools and programs. Rich educational opportunities for students include programs in science, technology, engineering, and mathematics (STEM); music and other creative and performing arts; career and technical preparation programs; military; dual credit; and many more.
