OMAHA PUBLIC SCHOOLS

**Gilder
Elementary**

Multi-Tiered Systems of Support for Behavior (MTSS-B) is being implemented in all Omaha Public Schools and Programs.

The Omaha Public Schools implements Multi-Tiered Systems of Support for Behavior (MTSS-B) to promote student use of positive behavior. Through this framework, Omaha Public Schools has committed to providing staff with tools and resources to positively engage students and families through implementation of school-wide positive behavior interventions. These practices are designed to support safe and encouraging learning environments.

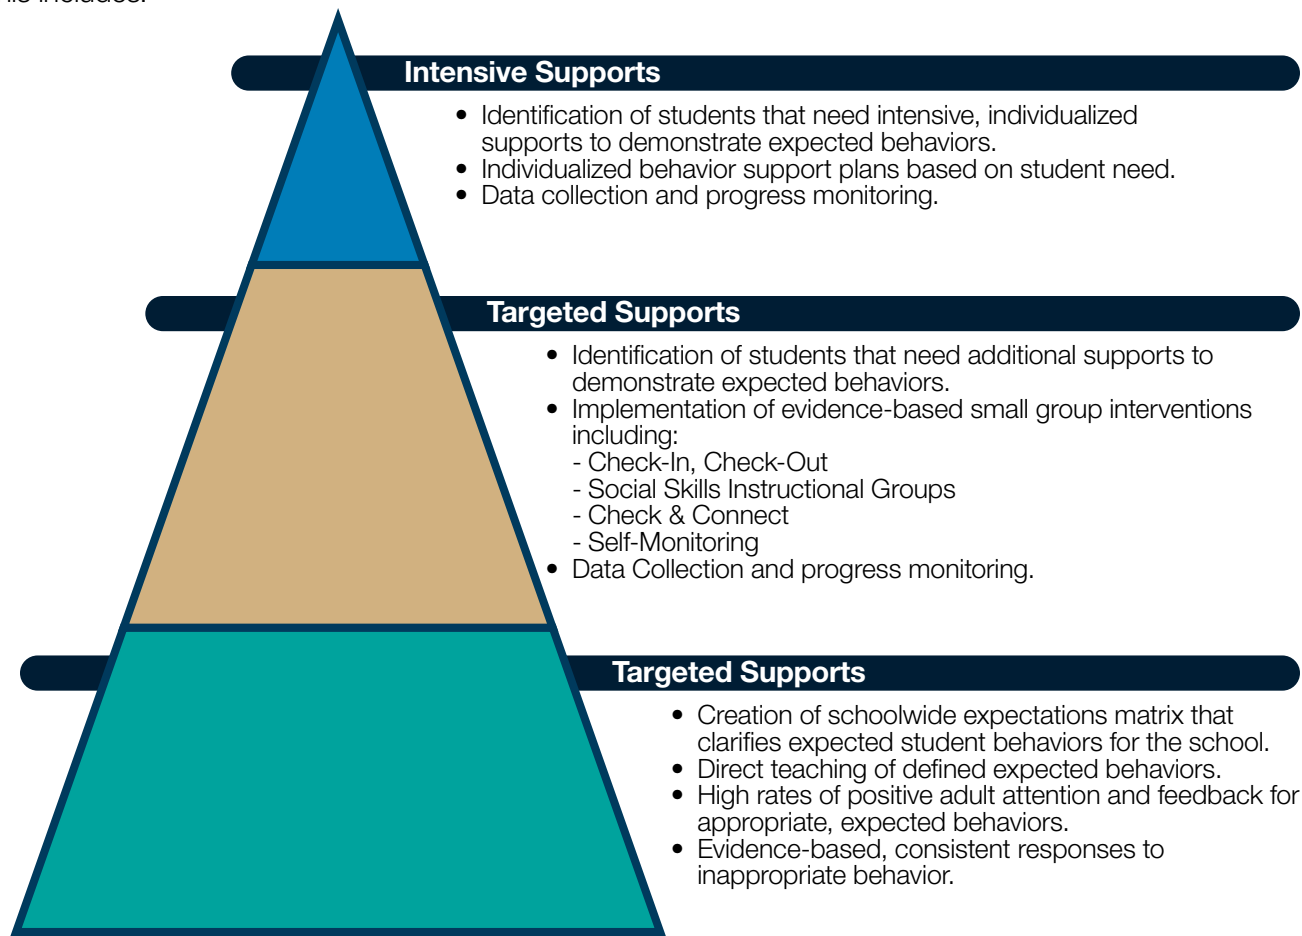

We believe that we cannot “make” students learn or behave. But we can create environments to increase the likelihood of positive behaviors occurring.

MTSS-B is a research-based, highly effective behavioral framework that is designed for teaching and reinforcing students’ social, emotional, and academic learning skills in order to sustain academic achievement and support the social, emotional, and behavioral well-being of students. Consistent implementation of MTSS-B leads to:

- Improved school climate;
- Reductions in major disciplinary infractions;
- Improved academic achievement;
- Improved concentration, positive social behavior, and emotional regulation.

Omaha Public Schools is committed to supporting students through behavior interventions and alternatives to exclusionary practices that require removal from the educational setting where the safety of the student and/or others is not of immediate concern.

MTSS-B utilizes consistent practices that have tiers of increasingly intensive supports, and in our schools, this includes:

Social Emotional Learning (SEL)

In addition to MTSS-B, Omaha Public Schools continues to support Social Emotional Learning (SEL) development through curriculum, strategies, and resources. SEL is defined by the Collaborative of Academic Social Emotional Learning (CASEL) as the process through which all young people and adults acquire and apply the knowledge, skills, and attitudes to develop healthy identities, manage emotions and achieve personal and collective goals, feel and show empathy for others, establish and maintain supportive relationships, and make responsible and caring decisions.

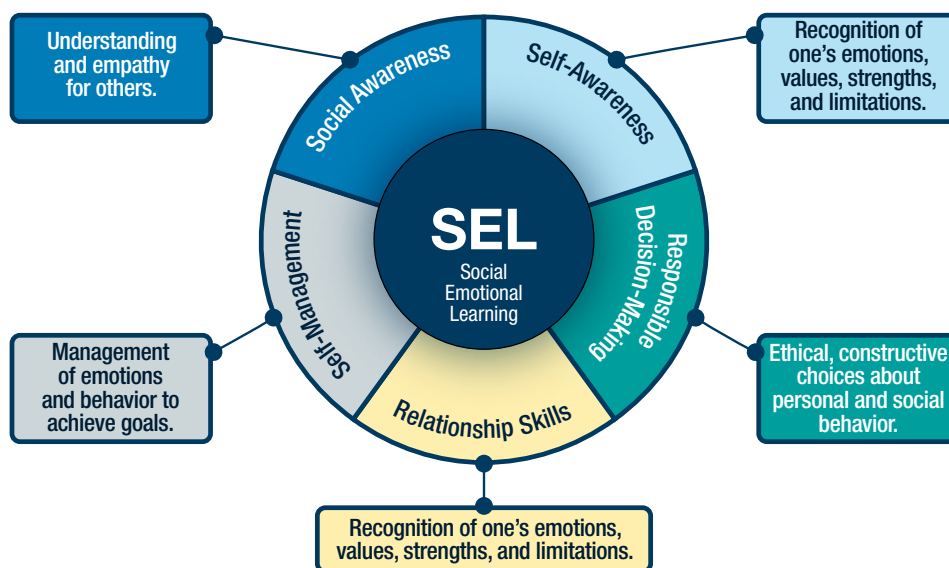

Within the Omaha Public Schools, our goal is to focus on CASEL's five SEL competencies:

- Self-Awareness
- Self-Management
- Social Awareness
- Relationship Skills
- Responsible Decision-Making

SEL promotes knowledge, skills, and attitudes that support lifelong success and advance educational equity and excellence.

How do MTSS-B and SEL Align in all Omaha Public Schools and Programs?

MTSS-B and SEL are frameworks that work together to provide an ethic of care for students and promote success in students' academics, behavior, attendance, and overall well-being. Combined they create positive learning environments where students and staff are equipped with resources and skills for successful school communities.

If you would like more information about how MTSS-B and SEL are implemented in your school, contact the building principal.

Attendance

The single most important factor contributing to student achievement is school attendance. Students must be in school to be successful. The Omaha Public Schools strongly believes that daily attendance is critical to academic achievement. We expect every student to attend school and classes on time every day. All Omaha Public Schools will follow the Attendance Policy found in the Buff pages of the Code of Conduct.

If a student is going to be absent

Please contact the school before 9:00 a.m. If the student is going to be absent from school. Voicemail will be available to leave a message as to the reason for the student absence. If a phone call is not made by 9:30 a.m. to the school, contact will be made to the family's home and/or work to notify of the student's absence. This is to ensure that every child is accounted for and for the protection of all children. If the school was not notified of the student's absence, please provide a note of explanation as to the reason for the absence.

If a student is going to be late to school

Students must check in at the main office before reporting to class. A note or school contact needs to be made to report the reason for the late arrival. Minutes late to school will accumulate and will be added to the total number of days missed. District procedures will be followed regarding late arrivals to school.

Request to Leave School Early

Whenever possible, doctor, dentist and other appointments should be made outside of school hours. However, if it is necessary to be excused during the school day, the student must bring a note from a parent(s)/guardian(s) stating the exact time for leaving and the reason. If you plan to remove your child from school during the day, we ask that you pick the child up in the office. No student will be dismissed as a result of a phone call. All students must be checked out at the office by parent(s)/guardian(s)/Emergency contact and identification must be verified. A note in advance is very helpful. This is for the protection of your child.

School Closing and Early Dismissal

The Omaha Public Schools recognize the right and responsibility of Parent(s)/guardian(s) to make a choice in the matter of school attendance in bad weather. If weather is questionable, please listen to the radio or watch your local weather for word of school closing. The district will also communicate with families via voice and text messages and information will be posted on the district website. Announcements are made beginning at 6:00 a.m. If school closes during the day, we will follow the instructions you have on your child's emergency card. If the information school chance, please notify the office immediately.

Visitors to the School

Visitors to the building for any reason must first report to the main office and sign in. In order to assure safety for the children, we must know who is in the building and why. In order to visit the classroom you **must** have a visitors pass.

Parent - Teacher Conferences

Parents are encouraged to visit any time and to meet with the teacher or principal concerning their child's problem or progress. However, if possible, please call for an appointment in advance. Report card conferences are held once in the fall and once in the spring.

To Take a Child From School

If it is necessary for you to take your child from school, please come to the office first and sign the child out.

If you are sending someone to pick up your child, notify us by letter or telephone before the time the child is to be taken from his class; this way we will know that someone other than the parent is authorized to take the child from school.

Change of Address

If you are moving, whether it is still in Gilder Elementary's area or not, please notify us as we are required to report such information to the school administration. If you are moving outside the Gilder area, you will need a pink transfer slip to enroll your child in another school. If moving from the district an advance notice should be given to the school secretary so necessary paper work can be completed for the transfer. Early notice is requested

Parties and Treats

The school allows two parties: Halloween and Valentine's Day. The parties are held in the afternoon session. On Halloween, children may wear costumes in the afternoon for the parade.

The only type of candy that is allowed is the individually wrapped kind. Additional foods beyond those provided must be commercially prepared.

A child may share his Birthday with the class by donation of a book to the library, commercially prepared Baked goods, or individually wrapped candy at the end of the day, 3:30 or later and pre-arranged with the teacher.

Newsletter

A monthly virtual newsletter will be sent, as well as other communication. Please provide updated information in the office.

Trips and Visits

Occasionally, classes make trips to places of interest in Omaha. These visits correspond to what is taught in the classroom.

Your child will bring a note home telling you about the trip his class is taking. It is important for you to sign this note and send it back to school with him promptly. If he does not receive permission from you, he cannot go with the class on their trip.

Safety Patrol

The job of the Safety Patrol is not to direct traffic, but to protect children crossing the streets near the school.

Children in the 4th, 5th and 6th Grade are eligible to serve on Patrol. Written permission of the parents is needed before a child can be considered for membership on Safety Patrol.

Safety Patrol members are on duty at 8:30 a.m. **No child should cross before a Patrol Crossing is on duty. Patrol members are also on duty at the 3:55 p.m. dismissal time.**

3:50 - 4:05 p.m.

Cafeteria

Food Services are provided to meet the nutritional needs of all the children, therefore, a child who uses these services is encouraged to eat the entire meal. Para-professionals supervise the cafeteria and playground during the lunch period. Children are expected to be self-disciplined and each child is responsible for his own behavior. Expectations and social skills are listed on pages 10 and 11.

Children may pay cash for their lunches on a daily basis. All kindergarten through 5th graders may eat in the cafeteria.

Milk accompanies the hot lunch. For those children who choose to bring sack lunches, milk will be available at a small cost. Because of the lack of nutritional value in pop, kool-aid, etc., it is preferred that sack lunch people drink milk or juice. **Please do not send pop or large bags of chips.**

A breakfast program will be served. Orange juice and milk plus another food will be the daily menu.

Breakfast is complimentary to all children regardless of their families income.

Supplies Needed

Money

All money sent to school is to be put in a sealed envelope with name and room number. On very few occasions is the child requested to bring money for school activities. When such occasions arise, printed notices are sent home by the school. **The school cannot be responsible in any way for the loss or recovery and replacement of such losses.**

Milk Money

One milk is included in all school lunches. Students who bring a sack lunch and who want to drink milk will need to bring money to purchase milk. This includes those students on free and reduced lunch program.

Supplies

Books, paper, pencils, crayons, ink pens, and all other supplies are furnished by the Omaha Public Schools. There should be no need to supplement the supply. If you'd like to purchase some supplies and a backpack that is okay..

P.E. Shoe

Physical Education is an integral part of all class schedules. For safety reasons, all children are required to have gym shoes for this class.

Please, no shoes with black soles due to the finish on our gym floor.

Nurse Services

Gilder School has a registered nurse two days per week and a nurse's helper everyday until 2:00 p.m. The nurse's schedule is planned by the central office. Parents should contact the school for appointments or home visits by the nurse.

Media Center

Gilder Elementary has a nice selection of books.

Books taken home are treated in the same manner as public library books. There are fines for over-due, damaged, or lost books. The child is responsible for all fines. Students will not be able to checkout books until overdue books are returned or fines for damaged books are paid.

Candy and Gum

Students are not permitted to bring gum, sunflower seeds, or candy to school. If you choose to pass out gum or candy as a treat or reward, it should be eaten in the room or taken home. **Please do not allow students to eat snacks in the hallway or send it to the cafeteria to be eaten with lunch.**

Personal Things Brought to School

The school can in no way be responsible for articles the children bring from home. Since all supplies are furnished by the Omaha Public Schools, there will be little need to allow the children to bring things to school. When items are needed for “Show and Tell” (Kindergarten only) the parents will be notified by note from the school. Children who bring trinkets to school that interfere with the educational process of themselves or others will relinquish those things to the teacher/or principal. **Parents** may claim those things from the teacher/principal at any time.

Definition of Reasonableness in Relation to Student Appearance in the Omaha Public Schools

As a result of the response to thousands of questionnaires from parents, students, and faculty, the schools have set forth these statements in regard to dress and grooming.

The schools recognize they have a responsibility to help develop values which contribute to good taste in matters of dress and appearance. The home and the school must cooperate in assuming this responsibility. An overwhelming majority of the responses indicated that some form of guidelines for reasonableness of appearance was desired.

We live in an age when student’s dress and grooming are changing rapidly. The following statements support the belief that some direction is desirable.

- a. Students need to understand the necessity for rules and the existence of limitations in regard to standards to dressing and grooming.
- b. Schools must offer an environment for teaching and learning; insofar as standards of dress and grooming contribute to that environment, reasonableness of appearance is an appropriate concern.
- c. It is generally agreed that certain dress is appropriate for given activities.
- d. A willful minority should not be permitted to affect the general image of youth or to discredit the school.

Since reasonableness of appearance is a matter of education and guidance, the initial approach to a student would naturally be through a counselor or a teacher. The administration of the school will make the final decision if needed. A student who arrives at school in unacceptable attire may be required to return home to change clothes.

Acceptable Attire

For girls – dresses, skirts, jeans, blouses or sweaters, remain the most appropriate clothes for classroom wear.

For boys – jeans and shirts or sweaters are the accepted clothes for the classroom.

Shoes are to be worn at all times. (Sandals are acceptable.) No shoes with wheels are allowed to be worn.

Tee shirts should not display **negative or offensive language or logos**. Students will be asked to turn the shirt inside out or change completely if they wear such attire to school.

Other standards may be established where particular health and/or safety hazards exist.

High standards in attire are good guidelines to follow and to affect behavior.

All pants are to be close to the waist and not sagging. We encourage **intermediate** children to wear shorts mid thigh length or below. Also, no tank tops with spaghetti straps or halter tops for intermediate students.

We discourage students from wearing the fleece, lounge, pajama type pants to school.

Please monitor your child’s dress. We want an environment that promotes learning. The principal will make the final decision in regard to whether or not the attire is inappropriate or distracting for the learning environment.

*** Hats and hoods are not to be worn inside the school.**

Cell Phones

We encourage students to leave cell phones at home. If a parent requires their child to bring a phone for emergency use, they must remain turned off. Students are expected to give their cell phones to their homeroom teacher for safe keeping during the day. Student assistance is requested to ensure the return of each cell phone at the conclusion of each day.

Discipline

10 Ways Parents Can Improve Discipline

1. Be familiar with school rules and regulations and support them.
2. Take an active interest in your child's activities, both academic and extracurricular.
3. Talk to teachers about your child's behavior patterns.
4. When consistent discipline problems occur, talk to your child. Find out why he or she is misbehaving. Be an active listener.
5. Stress the importance of good discipline at home and at school to your child.
6. Monitor your child's behavior at home by encouraging the discussion of daily events.
7. Be a good role model for your children.
8. Show respect for your children and they will show respect for others.
9. Encourage independence. Give your children a chance to take part in making decisions about things that effect their lives.
10. Be sure your child eats properly. Bad eating habits can cause disciplinary problems.

Discipline Philosophy for Gilder Elementary

Discipline is an ongoing teaching process that fosters respect and dignity for all individuals. It is proactive, developmentally appropriate, and culturally and gender sensitive. It stresses growth, individual responsibility, and problem solving in a collaborative effort among students, parents, educators, and the community.

Hands Off Rule

At Gilder to help children understand the limits of behavior which are required of them we have initiated a "Hands Off" rule. It is in effect on the playground, cafeteria and hallways, to and from school whether walking or coming by bus or van in the morning and afternoon as well as in the classroom. The "Hands Off" rule includes name calling, threatening, profane language, pushing, fighting, and basically any conduct which is detrimental to another person. Because school should be a safe place for boys and girls fighting could result in suspension.

- Positively reinforces a concept presented in class.
- Is at student's instructional or independent level.
- Strengthens skills.
- Helps parents understand what the student is learning.

Homework is meant to be a positive experience.

- Generally, students are given class time to complete the assignments. Should a student not complete the assignment, it is then homework.
- Parents are to provide a quiet place where the child can study.
- Parents may assist their child in understanding the homework. Parent should check over the homework, but **do not** do the work for the child.
- Students will complete and submit their homework neatly and on time.

Coursework Amounts

Coursework that is expected to be completed at home should average no more than ten minutes per day times the student's grade level. These minutes reflect the total minutes of coursework per day for all subjects. This is a broad estimate that will vary dramatically depending upon the speed of completion of tasks, student ability to work independently outside of class and the amount of time provided in class for coursework.

*** Students will be expected to complete missing homework. Late coursework will be accepted for full credit until the end of the unit. Late work will not be penalized by a reduction grade.

**In addition, all students are expected to read - independently
or with parent - nightly at home.**

Parent/Community Participation

Active participation of Gilder Elementary parents and community residents in school activities is encouraged. Strong community support and interest in Gilder Elementary will provide participation, funds and facilities for an outstanding educational program.

We invite and encourage parents to join the parent-teacher organization, the PTO at Gilder. As a parent participates and becomes involved, the parent becomes better acquainted with the school staff and more informed about his/her child's program. Come join us and help make the best school year for our students. We will be having a membership drive at the beginning of the school year.

Please Join and Participate! PTO officers will be chosen in the fall.

Academics, Curriculum, & Instruction

Academic Integrity Position Statement

Academic integrity is a fundamental component of teaching and learning. Maintaining high standards of academic integrity ensures the sustainability of the Omaha Public Schools educational process. Therefore, students are expected to commit to and be responsible for demonstrating the five fundamental components, even in the face of adversity:

- | | |
|--------------|--------------------|
| 1 - Honesty | 4 - Respect |
| 2 - Trust | 5 - Responsibility |
| 3 - Fairness | |

The following activities show a lack of academic integrity: cheating, collusion, falsifying records, lying,

plagiarism (including electronic), alteration of materials, forgery, or providing or using external assistance relating to an examination, test, quiz, or daily assignment, without the expressed permission of the teacher, including looking at another student's work, sharing answers, or copying another student's work or any act designed to give unfair academic advantage to the student. As an institution of high academic integrity and as believers of supporting students to reach high academic success, every opportunity should be taken to give students the chance to demonstrate mastery of the content.

Grading Overview

Grades for students enrolled in the Omaha Public Schools (OPS) are based on achievement of district-wide/State content standards, which specify what students should know and be able to do. Standards are the same across schools and classrooms for the same

courses in the Omaha Public Schools. These common grading practices are intended to ensure students have the knowledge and skills necessary for the next level of a course, the next grade or readiness for college or the workforce.

Grading Purpose and Intended Use

Common grading practices provide specific, clear learning goals for students, parent(s)/guardian(s), teachers and administrators regarding what a student must know and be able to do to master the content of a course. They allow teachers to be consistent with common best practices from grading based on

educational research. Most importantly, common grading practices provide clarity for students and families as to what the grading criteria and expectations are between and amongst teachers, courses, and schools in Omaha Public Schools.

Grading Scale – Elementary

Omaha Public Schools Grading Scale – Elementary

Grades K-2	Grades 3-6	Grade Points
Advanced	A	4.0
Proficient	B	3.0
Basic	C	2.0
Below Basic	D	1.0
Failing	F	0

Coursework Types

Coursework may be expected to be completed during class time or outside of school.

- **Practice** (0%) assignments are brief. They are done to learn a new skill or to gain initial content knowledge, (e.g., student responses on white boards, a valid sampling of math problems, keyboarding exercises, diagramming sentences, checking and recording resting heart rate). Practice assignments are not generally graded for accuracy (descriptive feedback will be provided in class) and are not a part of the grade. Practice work is at the student's instructional level.
- **Formative** (35%) assessments/assignments are done for learning. They are minor assignments, (e.g., a three paragraph essay, written responses

to guiding questions over an assigned reading, completion of a comparison/contrast matrix). Formative assignments are graded for accuracy and descriptive feedback is provided. Descriptive feedback provides the student with the necessary information to improve their learning. Formative work is at the student's instructional level and/or grade level standards. It is suggested to have three to five formative assessments for every one summative assessment. Formative assessments may be assigned to be completed at home or at school. Formative assessments may be assigned to be completed at home or at school.

- **Summative** (65%) assessments/assignments are major end of learning unit tests or projects, (e.g., a research paper, an oral report with a power point, science fair project). Summative assignments are

graded for accuracy. Summative assignments assess the student's progress on grade level standards. Summative assessments may be assigned to be completed at home or at school.

Report Cards

Student report cards are designed to inform parent(s)/ guardian(s) of the student's level of proficiency in each

course at the end of each quarter. Grades at the end of the semester will appear on the student's transcript.

Grade Reporting Timeline – Elementary

October – First Quarter Grade Report

December – Second Quarter Grade Report (posted to transcripts)

March – Third Quarter Grade Report

May – Fourth Quarter Grade Report (posted to transcripts)

Accident Insurance

At the beginning of each school year, all students are given the opportunity to purchase group accident insurance through a private company. The fee is small for the coverage provided. Parents or guardians may choose the 24-hour plan or a more limited school plan that only covers students during school attendance, school activities, school sponsored events and all athletic participation except football. Football insurance

coverage will need to be purchased in addition to the above coverage if the student needs insurance for football participation. Schools do not carry insurance on students, their vehicles, or their personal property. For more information, please contact Workers' Compensation and Insurance Management at (531) 299-0308.

Accreditation

Accreditation is a required process by which schools examine all systems and educational functions to certify competency and authority in the operation of Nebraska public schools. In conjunction with the Nebraska Department of Education and an outside accreditation agency like Cognia, every five years Omaha Public

Schools is externally reviewed. This ensures that all people, processes, departments and operations of each school meet all accreditation standards. The Omaha Public Schools engages in systems accreditation with Cognia and all schools are accredited through 2025.

2. Schools may use films or other educational materials bearing mention of the producing firm or sponsor, providing such materials can be justified on the basis of their actual educational value.
3. Appeals and Concerns

The Omaha Public School District has a variety of procedures and policies that ensure that students and other stakeholders may request a review, file a formal complaint, and/or appeal decisions made by school administration. Stakeholders are encouraged to initially

contact the School Principal or Program Director with concerns. In situations where there has not been resolution, or the stakeholder would like additional advocacy, they may contact the Office of Family and Community Relations for additional support.

Access to Student Records

A student or the student's parent/guardian may review the educational records of the student. Any request to review student records must be honored as soon as possible but at least within ten days of receipt of the request.

The District will not provide full access to or disclosure

of educational records to the student or the student's parent(s) or guardian(s) if educational records contain information regarding more than one student. In such cases, access will be provided only to information regarding the student who is or whose parent(s) or guardian(s) is requesting such access or disclosure.

Academic Appeals

Students and parent(s) or guardian(s) have the right to appeal academic and grading decisions. Students, parent(s) or guardian(s) should begin the appeal with the classroom teacher. If further discussion is necessary, the

Instructional Facilitator or Curriculum Specialist at the school should be included in the process. If the concern continues, the Assistant Principal or Principal should be contacted.

Athletic Appeals

Students and parent(s) or guardian(s) have the right to appeal athletic and extracurricular decisions. Students, parent(s) or guardian(s) should begin the appeal with the teacher, coach or activity supervisor. If further discussion

is necessary, the Assistant Principal or Athletic Director at the school should be included in the process. If the concern continues, the Principal should be contacted.

Behavior/Discipline Appeals

Any discipline intervention that removes a student from the learning environment is subject to an appeal at the request of the student or the student's parent(s)

or guardian(s). It is recommended that a family begin the appeal process for all behavior resolutions with the school administration.

Discipline Appeals to the School Principal or Program Director:

The School Principal or Program Director has the decision-making authority for both in-school and short-term (including 1 to 5 school days) out-of-school suspension resolutions. Questions about these resolutions should be discussed with the school administrator or program director.

Student Success Center (SSC) is an in-school suspension option, provided to students as an effort to keep students in school and to minimize absences. In the SSC, the students work in a supervised classroom environment which minimizes distractions while allowing them to focus on their needs both academically and socially. The SSC resolution encourages students to accept responsibility for their actions. SSC may also be used as a preventative measure to help students make positive choices related to behaviors.

Discipline Appeals to the District Student Hearing Office:

A student discipline hearing may only be requested when the discipline recommendation is for a long-term suspension (lasting more than 5 school days), mandatory reassignment, emergency exclusion (lasting more than 5 school days), or expulsion.

- Long-term Suspension – Exclusion from school for a period of time exceeding five school days but less than 20 school days.
- Reassignment – Mandatory transfer to another school or program; a student may not return to the school from which was reassigned.
- Expulsion – Expulsion means a student may not attend any school in the district for the period of the expulsion. Expelled students may participate in a district-specified alternative school during the term of expulsion. A student may not return to the school from which expelled.

For additional questions, contact the Omaha Public Schools Student Hearing Office (531) 299-0466.

A formal complaint may

be in addition to or in lieu of any other report(s) of the same alleged conduct. For more information regarding Title IX Complaint procedures, please see Board of Education Policy No. 1210, on the OPS website in the “Board Policies” section or contact the District’s Title IX Coordinator at (531) 299-0307.

Attendance Best Practices

Attendance is a priority in the Omaha Public Schools. Daily attendance is critical to academic success as well as social and emotional well-being. Students are expected to attend regularly, arrive on time, remain in

attendance for the entire day and miss less than 9 days throughout the school year. Every minute counts. All Omaha Public Schools will follow the Attendance Policy found in the **Student Code of Conduct**.

Student Absence

Communicate with school including the reason for student’s absence:

- Call Attendance Office
- Leave voice message
- Respond to Attendance Calls
- Respond to Text Messages

Please contact school in advance or prior to start time:

- Secondary before 7:40 a.m.
- Elementary before 8:50 a.m.

If an absence is not reported, contact will be made with the parent(s)/guardian(s) provided phone numbers with notification of the student absence. This is to ensure that every student is accounted for and for the safety of all students.

Arriving Late

- Communicate with school:
- Call Attendance Office

- Provide a note upon arrival
- Students not present at the start of the school day

are recorded as absent. Students must check in with the attendance office before reporting to class. Minutes late to school will accumulate and will be added to the

total number of days missed. District procedures will be followed regarding late arrivals to school.

Leaving Early

Whenever possible, doctor, dentist, and other appointments should be made outside of school hours. However, if it is necessary to leave during the school day, parent(s)/guardian(s) are asked to communicate with the office.

- Provide a note to include date and reason

School Closing and Early Dismissal

If the weather is questionable, please listen to the radio, watch your local weather channel, or check Omaha Public Schools social media for communication of school

This is for the safety of all students. If you plan to remove your child from school during the day, we ask that you pick your child up in the office. closing. The district will also communicate with families via voice and text messages and information will be posted on the district website and social media sites. If school closes during the day, the school will follow the instructions on your student's emergency card. If this information changes, please notify the office immediately.

Child Abuse and Neglect

Omaha Public Schools Child Abuse Reporting Policy (OPS Policy 5402) is based on Nebraska State Law (28-711). Every person who is employed by Omaha Public Schools is considered a mandatory reporter. In any situation that would cause a concern to the health or well-being of a child, the staff member who became aware of or witnessed the incident is to contact Child Protective Services (CPS) or Law Enforcement. In addition to calling CPS, the employee needs to speak with his/her building principal or their immediate supervisor. The building principal or immediate supervisor will contact Human Resources if the incident is regarding a staff member causing harm to a student.

When any physician, medical institution, nurse, school employee, social worker, or other person has reasonable cause to believe that a child has been subjected to abuse or neglect or observes such child being subjected to conditions or circumstances which reasonably would

result in abuse or neglect, he or she shall report such incident or cause a report to be made to the proper law enforcement agency or to the department on the toll-free number 1-800-652-1999.

Any person who willfully fails to make any report of child abuse or neglect required by section 28-711 shall be guilty of a Class III misdemeanor. This is a maximum of three months' imprisonment or five hundred dollars fine or both.

Schools are obligated by law to allow CPS and/or Law enforcement under Nebraska State Law (43-250) and Nebraska Administrative Code (390) to speak to your child without prior parental consent when there is an open case involving suspected abuse and or neglect. It is then the responsibility of CPS or Law enforcement to contact you and discuss the contact with your child. School staff are instructed not to notify parents by these officials.

Child Find

All children with disabilities residing in the district, including children with disabilities who are homeless children or wards of the State and children with disabilities attending nonpublic schools, regardless of the severity of their disabilities, and who are in need of special education and related services, shall be identified, located, and evaluated and a practical method is developed and implemented to determine which children with disabilities are currently receiving needed special education and related services. 92 NAC 51-006.01

Schools are obligated to actively seek out any and all children who need an evaluation and special education services. Schools should use the following activities to consider whether a referral for an evaluation is needed:

- Attendance team meetings
- Review of health records
- Academic indicator dashboard
- Grade reports
- Behavior dashboard
- SAT team meetings
- A pattern of suspensions

At-risk students are not required to be evaluated but are required to be found and determined whether or not they should be evaluated.

Children’s Online Privacy Protection Act (COPPA)

The Omaha Public Schools may contract with publishers or online providers to offer online curriculum that aligns with district standards or other services that support the teaching and learning processes of the district. These applications or websites are offered for the benefit of the students and for the school system.

Online providers give Omaha Public Schools full notice of their collection, use and disclosure practices. Use of the applications or websites and the collection of information from students are solely for the use and benefit of the school, and for no commercial purpose.

Dating Violence Prevention – OPS Policy 5420

Omaha Public Schools strives to provide physically safe and emotionally secure environments for all students and staff. Positive behaviors are encouraged in the Omaha Public Schools and are required of all students and staff. Dating violence will not be tolerated.

For purposes of this policy “dating violence” means a pattern of behavior where one person uses threats of, or actually uses, physical, sexual, verbal, or emotional abuse, to control his or her dating partner. “Dating partner” means any person, regardless of gender, involved in an intimate relationship with another person primarily characterized by the expectation of affectionate involvement whether casual, serious, or long term.

Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.

Incidents of dating violence will be addressed as the administration determines appropriate, within the scope and subject to the limits of the District’s authority.

Staff training on dating violence shall be provided as deemed appropriate by the administration. The dating

violence training shall include, but need not be limited to, basic awareness of dating violence, warning signs of dating violence, and the District’s dating violence policy.

Dating violence education for students shall be age-appropriate and conducted by trained staff members or a professional. Dating violence education shall include, but not be limited to, defining dating violence, recognizing dating violence warning signs, and identifying characteristics of healthy dating relationships.

The administration will be responsible for ensuring that this dating violence policy is published in the District’s student-parent handbook or an equivalent such publication. Parent/guardian shall be informed of the dating violence policy by such other means as the administration determines appropriate. If requested, parents or legal guardians shall be provided a copy of the dating violence policy and relevant information and given the opportunity to meet with the Principal or other person designated by the Principal to discuss any questions they may have.

Equal Access

As required by federal law, Omaha Public Schools provides equal access to our facilities to designated student and youth groups, and 36 USC Subtitle II: Patriotic and National Organizations. Please see OPS

Policy 1101 for more information. For inquiries, contact the building principal or the Executive Director of Facilities at 531-299-4915.

Family and Community Relations

Our district has a grievance process to address concerns from families and community members. The Ombudsperson and Family and Community Engagement Specialist(s) work alongside families, community members and school personnel to address and resolve concerns. The goal is to collaborate and support what

is in the best interest of the student. Stakeholders are encouraged to contact the school administration first to address concerns. If additional support is required, contact Family and Community Relations at (531) 299-0314.

Family Communication & Access to the Schools

Access to the Schools

Parents/guardians are encouraged to visit their children’s schools in accordance with this Policy. The District will promote home and school collaboration by implementing clear, two-way communication with parents/guardians about the instructional program, and the child’s participation and progress. Communication is also shared with parent/guardians regarding open house, parent-teacher conferences, award and recognition ceremonies, assemblies and other special events.

Parents/guardians are also encouraged to visit or monitor their children’s classrooms and daily learning

environments. Parent/guardian visits to the school and/or classroom during instruction must be arranged in advance with the building administration and coordinated with the classroom teacher. Coordinated classroom visits will be limited to thirty minutes. Visits during district and state testing are prohibited.

During the school day, all visitors are expected to report to the school’s main entrance to notify staff they are in the building or on school grounds and must provide identification. At all times, visitors to the school buildings and on school grounds must respect the

learning environment and maintain proper behavior and decorum. Disruption of the orderly process of the school is prohibited. The principal or the principal's designee is authorized to deny entry, ban or bar future access, remove or request the removal of any visitor in the building or on school grounds whose behavior is disruptive to the educational/working environment of

the school.

Any visitor to the school buildings and grounds who has been denied access or who has been asked to leave, may contact the Office of Family and Community Relations in Student and Community Services to report concerns.

Communication

Establishing good communication with students is a major goal of Omaha Public Schools, one which the school considers an important factor in a student's educational success. Teachers, counselors, and principals strive to answer questions and correct misinformation by maintaining an "open door" policy with students. Parents/guardians are invited to ask questions or seek the counsel of any of these school staff to help resolve issues. Contact the main office to be directed to the appropriate staff member.

One goal of a student's success in school is correcting problem situations early. The way to do this is to encourage parents to talk with the teacher involved or to seek the advice of a counselor. Students often wait when they have difficulty in a class, thinking they will be able to help themselves without assistance. Often,

however, the problem gets worse, and the student can see no answer. Parents/guardians are encouraged to show concern and need for help early. The teacher is there to help students succeed.

Parent(s)/guardian(s) will have the opportunity to meet their child's teachers and discuss progress at Parent-Teacher Conferences scheduled during the school year. Also report cards will be distributed to parent(s)/guardian(s) at these conferences.

Newsletters mailed to parent(s)/guardian(s), electronic communication, and school websites are among the other means of communication with the home. The school newspaper and FM-radio station, KIOS, circulate school news. KIOS, which is 91.5 on the radio dial, is located at the Telecommunications Center, 3230 Burt St.

Campus Parent Portal

The District offers parent(s)/guardian(s) the opportunity to complete the Annual Update, view their student's grades, homework, and attendance and to pay fines/fees online. The app, Campus Parent, provides anytime

access via the internet from the Omaha Public Schools homepage (www.ops.org) or from the Campus Portal link (<https://campus.ops.org/campus/portal/parents/ops.jsp>). Contact the school's main office to gain access.

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) permits designated Directory Information to be disclosed without written consent from a parent/guardian unless

the parent/guardian provides written request that it NOT be allowed.

Directory Information

Directory information, as designated by the District, includes:

1. Name
2. Grade level
3. Date and place of birth
4. Dates of enrollment
5. The current and the most recent educational agency or institution attended
6. Honors and awards received
7. Participation in officially recognized activities and sports
8. Weight and height of members of athletic teams
9. Photograph

For example, Directory Information allows student information to be used in such things as:

1. Omaha Public Schools social media, web pages and publications
2. Graduation programs
3. The annual yearbook
4. A playbill, showing student's role in a drama

production

5. National and local media stories – print, broadcast, and web
6. Honor roll or other recognition lists
7. Sports activity programs showing weight and height of athletic team members

Parent(s)/guardian(s) and eligible students who do NOT want directory information made available may indicate their preferences on the release distributed at the beginning of the school year or may notify in writing the Student Information Services office at 3215 Cuming St., Omaha, Nebraska 68131-2024 or at sis@ops.org.

Students and parent(s)/guardian(s) have the right to obtain a copy of the policy of the School District on student records. Copies of the policy are available from the Student Information Services office, School District of Omaha, 3215 Cuming St., Omaha, Nebraska 68131-2024 or upon request at sis@ops.org.

Release to Military or Postsecondary Institutions

In addition to disclosure of directory information, federal law also requires school districts to release to military recruiters and institutions of higher education, secondary school students' names, addresses and telephone listings, unless parents and/or eligible students (students over the age of 18) request that this information NOT be released to these institutions without their prior written consent.

Parent(s)/guardian(s), or eligible students who do NOT want their name, address, and telephone listing to be released to military recruiters or institutions of higher education may indicate their preferences on the release distributed at the beginning of the school year or may notify in writing the Student Information Services office at 3215 Cuming St., Omaha, Nebraska 68131-2024 or at sis@ops.org.

Limited Release of Non-Directory Information

Limited Release of Non-Directory Information, such as address, phone number, and parent(s)/guardian(s) names may only be released with permission of a parent/guardian or as otherwise permitted by state and federal law. Examples of **school-related purposes** for which the District practice allows this release include:

1. Scholarship organizations
2. Senior portrait photographers
3. Student directories for student/school/parent use
4. Yearbook publishers/class ring manufacturers
5. College recruiters
6. Student financial aid entities

The District no longer lists address, phone number and

parent(s)/guardian(s) name as Directory Information, in an effort to protect students and parents from disclosure of this information for non-school purposes. However, there are many school-related purposes for disclosing this information. The District annually requests written consent from parents to release addresses, phone numbers, and parent(s)/guardian(s) names for these types of limited purposes, which are detailed on the release. The release is distributed at the beginning of the school year and can also be obtained at any time by contacting Student Information Services, 3215 Cuming St., Omaha, Nebraska 68131-2024 or at sis@ops.org. We encourage parents to sign the limited release.

Health Services

The mission of Health Services is to support student success by providing comprehensive school health services using a collaborative approach that promotes an inclusive, safe, and healthy learning environment to foster academic engagement of all students.

Parents/guardians are asked to update the school nurse with any changes in their child's health status, immunization status, and other pertinent information necessary to keep them safe, healthy, and ready to learn at school.

Annual Health Screenings

Students enrolled in Omaha Public Schools are provided a free non-diagnostic health screening in accordance with Nebraska State Statute #173 NAC 7. Students in early childhood, kindergarten, first, second, third, fourth, seventh, and tenth grades are screened for hearing, vision, dental, height, and weight per the rules and regulations set forth by the state of Nebraska. The purpose of screening is to identify any possible health concerns needing further evaluation. Parents/guardians are notified of the screening result if the student is found

to need further evaluation, as determined by the qualified screener. The cost of the health care provider evaluation is the responsibility of the parent/guardian of the student.

Per Nebraska State Regulations, a parent/guardian may supersede the mandated school health screening by submitting a statement signed by an authorized health care provider attesting that the required screening has been completed in the previous six months. An updated healthcare provider statement must be submitted each school year.

Emergency Procedures

In the event of cardiac arrest, an Automated External Defibrillator (AED) will be used by staff trained in the use of CPR/AED. If a student experiences a life-threatening breathing emergency or severe systemic allergic reaction (anaphylaxis), epinephrine and nebulized albuterol will be administered by trained staff in accordance with

the Nebraska Department of Education (NDE) Rule 59 regulation. Narcan nasal spray will be administered by trained staff when an opioid overdose is suspected. Emergency Medical Services will be activated in life-threatening emergencies.

Health Conditions

If your child requires management of their condition by the health office, it is the responsibility of the parent/guardian to ensure the school nurse has the necessary supplies/medications, and authorization forms signed by

the parent/guardian and health care provider.

Asthma, anaphylaxis, seizures and diabetes are examples of conditions which can result in potentially life-threatening episodes. The school needs an updated

action plan for these conditions, signed by the health care provider and the parent/guardian annually. This plan authorizes the required rescue medication to be administered. It is the responsibility of the parent/guardian to provide updated action plans and/or

medication orders annually and as changes occur. Work with your healthcare provider and school nurse in developing a specific plan to keep your child safe, healthy, and ready to learn.

Nebraska School Immunization Law

The Omaha Public Schools follows the immunization requirements outlined by the Nebraska Department of Health and Human Services. A copy of each student's immunization record must be presented to the school's health office prior to attending school. Students who do not meet the state rules and regulations must have a medical waiver or a notarized religious waiver on file. Any student who does not comply with the state immunization requirements shall not be permitted to continue in school until proof of progress toward compliance is received. Procedures for Medications

The Medication Procedures of the Omaha Public Schools prohibit administration of any medication by school staff or self-administration by a student without a written order from a licensed prescriber. No unauthorized medication (including Tylenol, cough drops, Advil, antacids, homeopathic medications, etc.) shall be administered by the school nurse or other trained school personnel without a written order from a licensed

prescriber. It is the responsibility of the parent/guardian to provide updated medication orders annually and as changes occur. Medication orders must be completed by a health care provider and signed by the parent/guardian. When a student must take medication, these procedures will be adhered to:

- The school has a written, signed order from a licensed prescriber which includes the student's

name, the name of the medication, dosage, route, frequency/time of administration, and the date of the order.

- The parent/guardian shall provide a written statement that authorizes school personnel to administer the medication as ordered by the health care provider.
- **Medication must be brought to school by the parent/guardian or designated adult and given directly to school personnel. Students are not allowed to bring or carry any controlled medication (methylphenidate, Adderall, etc.)**

School Based Health Centers

To ensure students are healthy and ready to learn, the Omaha Public Schools partners with One World Community Health Center and Charles Drew Health Center to provide quality health care at nine School Based Health Centers (SBHC) in buildings throughout the district.

The SBHCs are staffed by licensed advanced practice registered nurses and physician assistants to provide the following services:

- Administer immunizations
- Complete school and sport physicals
- Diagnose and treat common illnesses and conditions
- Prescribe medications
- Create action plans for conditions
- Provide mental health services
- Provide preventative care and screenings

With parent/guardian consent, any Omaha Public Schools student and their minor siblings may use the services provided in the SBHC. The relationship with a student's medical home is not disrupted if the SBHC is utilized by the student. The SBHC accepts Medicaid, Kids Connection, or commercial insurance. For uninsured

students, the SBHC will provide a low-cost sliding fee schedule based on family income and size, and may assist in obtaining insurance coverage.

Prior to the appointment, the "School Based Health Center Enrollment and Consent Form" must be completed by a parent/guardian and returned to school or the SBHC. For enrollment forms and more complete information about hours, services and cost, please visit <https://www.ops.org/Page/553> or call your school nurse for assistance.

Multi-Tiered Systems of Support for Behavior (MTSS-B) & Social Emotional Learning (SEL)

The Omaha Public Schools (OPS) implements Multi-Tiered Systems of Support for Behavior (MTSS-B) to promote student use of positive behavior. Additionally, Social Emotional Learning (SEL) engages students of all ages in identifying and regulating emotions to support problem solving and academic success. Through these frameworks, Omaha Public Schools has committed to providing staff with tools and resources to positively engage students and families through implementation of schoolwide social, emotional and behavioral interventions. These practices are designed to support safe and encouraging learning environments.

MTSS-B is a research-based, highly effective behavioral framework that is designed for teaching and reinforcing students' social, emotional, and academic learning skills in order to sustain academic achievement and support the social, emotional, and behavioral well-being of

students. Consistent implementation of MTSS-B leads to:

- Improved school climate;
- Reductions in major disciplinary infractions;
- Improved academic achievement;
- Improved concentration, positive social behavior, and emotional regulation.

Each school and program in Omaha Public Schools has an MTSS-B Team to ensure effective practices are in place. MTSS-B and SEL are frameworks that work together to provide an ethic of care for students and promote success in students' academics, behavior, attendance, and overall well-being. Combined they create positive learning environments where students and staff are equipped with resources and skills for successful school communities.

Nutrition Services

The Omaha Public Schools District recognizes students need access to nutritious meals during the school day to stay focused in the classroom. Studies have shown children who are not hungry perform better in school. The district participates in the National School Lunch Program (NSLP), which provides nutritionally balanced, low-cost or no-cost meals to children. Breakfast is free to all students. Children can qualify for free or reduced-price lunch meals either via participation in certain federal assistance programs or based on household income and family size. School staff can assist families in

determining eligibility status and completing a free and reduced-price meal application. Select district schools participate in the Community Eligibility Provision, which provides free breakfast and lunch to all students. It is the parent/guardian's responsibility to pay for their student's ala-carte purchases such as additional entrees, chips, cookies, or other extras. The information below describes the standard practice the district will follow to maintain the financial integrity of the nonprofit school meals program while minimizing any undue focus on children who do not have funds.

Account Balances

Parents and/or guardians are encouraged to monitor their child's account balance online and keep an adequate amount of funds in the child's account to pay for their a la carte purchases. Prepayment is encouraged and may be made online, or at the school with cash or check. For information on accessing your child's online account visit: www.schoolcafe.com (you will need your student's ID).

Money remaining in a student's account at the end of the school year will be carried forward to the next school year unless contacted by the parent/guardian for a refund

or the child leaves the district. If a student changes buildings within Omaha Public Schools their account balance will follow them. If the student is graduating or leaving the district the money in the account may be transferred to other accounts upon request or the money will be refunded at the end of the school year. Please contact your school's cafeteria manager or the Nutrition Services Office, (531) 299-0230, for details.

Adults must have money in their accounts or pay cash to make a purchase. They will not be allowed to charge meals or a la carte items.

Smart Snacks

All food sold to students during the school day (from 12:00 a.m. through 30 minutes after the school day) must meet the Smart Snack guidelines; and the nutrition standards. The regulation applies to foods sold a la carte during breakfast and lunch, in the school store, vending machines, school offices, and fundraisers which sell

foods that can be eaten by students during the school day.

Additionally, Nebraska's Competitive Food Rule states no food items can be sold in competition with the school meals program from thirty minutes before until thirty minutes after meal service (breakfast and lunch).

Student ID Numbers

Student ID numbers are confidential and must not be shared with anyone. Unauthorized use of an ID number will result in your account being charged for the food.

As soon as you become aware someone is using your ID number, please notify Nutrition Services at (531) 299-0230 immediately.

Student Meals

The United States Department of Agriculture (USDA) requires school districts to serve meals which meet federal nutrition requirements. Offer Versus Serve (OVS) applies to menu planning and the meal service. Students may decline some of the items offered at breakfast or lunch. The goals of OVS are to reduce food waste and to permit students to choose the foods they want to eat.

- **Breakfast**

Breakfast is available at no charge to all students during the 2025-26 school year. A variety of healthful items are available, of which, each student must

choose a minimum of three items. Students must select a fruit as part of the meal.

- **Lunch:**

Lunch is available to all students at a cost of \$2.50 for elementary and \$2.85 for secondary for the 2025-26 school year. A variety of menu items are available at lunch. A student, who participates in the lunch program, must choose a minimum of three components to a maximum of five. All students must take a fruit or vegetable as part of the meal. Additional items are available at a la carte prices.

Personal Contact Changes

Address Change

If you are moving, whether it is still in the school's attendance area or not, please report to the school's main office to inform the school and to provide proof of address such as lease agreement or utility bill. If moving from the district, advance notice should be given to the school so necessary paperwork can be completed for the transfer. Several days' notice is needed to ensure a smooth transition to another school district.

Email/Telephone Change

If there is a change of email and/or telephone contact information for parent(s)/guardian(s) or emergency contact, please notify the main office or submit the information through the Campus Parent app. This information is used to communicate with families about pertinent information.

Protection of Pupil Rights Amendment (PPRA)

PPRA affords parent(s)/guardian(s) certain rights regarding the administration of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

The Omaha Public Schools (OPS) has developed and adopted policies, in consultation with parent(s)/guardian(s), regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. Omaha Public Schools will directly notify parent(s)/guardian(s) of these policies at least annually at the start of each school year and after any substantive changes. Omaha Public Schools will also directly notify, such as through U.S. mail or e-mail, parent(s)/guardian(s) of students who are scheduled to participate in the specific activities or

surveys noted below and will provide an opportunity for the parent(s)/guardian(s) to opt their own child out of participation of the specific activity or survey. School Counseling

The Omaha Public Schools School Counseling division provides a comprehensive, strengths-based program aligned with the American School Counselor Association National Model and the Nebraska Department of Education School Counseling Model. The role of the school counselor is to address all students' academic, career, and social/emotional development by delivering a comprehensive program including classroom lessons, individual student planning, and responsive services to all students from Kindergarten through 12th grade. School counselors prepare students to excel in college, career, and life by instilling hope, increasing school connectedness, and empowering students to achieve

academic success.

The Safe2HelpNE reporting system is available to students, families, staff, and community members to anonymously report concerning behavior that could impact the safety of students or schools across Nebraska. The **Safe2HelpNE** system can be used to report any safety concern including, but not limited to: school threats, bullying, suicide concerns, crime, domestic violence, abuse, or a friend's physical or mental health. To make a report, visit the website **Safe2HelpNE.org**, download the app on Apple or Android, or call 833-980-7233. Crisis counselors are available to respond any time of the day or night, any day of the year.

Behavioral and Mental Health Community Partners

School social workers and school counselors provide information about accessing behavioral and mental health community partners. The **Methodist Community Counseling Program** has been a collaborative effort of the Methodist Hospital Foundation, Omaha Public Schools and neighborhood churches since 1996. The program's mission is to provide accessible, affordable behavioral health services in the neighborhoods where you live, work and learn. The Methodist Community Counseling Program includes a team of licensed mental health practitioners dedicated to helping clients improve their quality of life by addressing their unique mental health and emotional challenges. Counseling services are offered to students in each middle school, high school and alternative program in Omaha Public Schools and to the community at locations across Omaha.

The **Connections Program** has been a collaborative effort between Project Harmony and Omaha Public Schools since January 2015. The program's mission is to promote hope, health, and resilience for children and families in need. The Connections program offers

low- or no-cost professional therapy to students needing preventative mental health care at a convenient location and time in an individual or group setting. Connections works closely with the family and the child's school to find the right therapist to help each child build confidence, resilience and coping skills. The program is available to Omaha Public Schools elementary students.

The **School and Family Enrichment (SAFE) Program** has been a collaboration between the Omaha Public Schools, Region 6 Behavioral Health Care, and Child Saving Institute since August 2000. The program's mission is to provide, at no cost to the family and on a voluntary basis, home-based family support, case management and/or behavioral support as needed. A SAFE Specialist will work closely with the student, family and the school in focusing on the family/child strengths and achieving agreed upon goals. The SAFE program is available to elementary students in Omaha Public Schools.

Standard Response Protocol

Procedures are established in the event of an emergency during school hours or sponsored activities. The staff is trained in specific methods to handle crisis situations.

Hold

In the event of an occurrence that requires students and staff to remain in their classrooms, and out of the hallways until the occurrence is resolved. Students and staff would remain in their classrooms, or other needed locations, until an “all-clear” announcement is made.

Secure

Secure takes place if an external threat is identified near school grounds. All external doors are to remain locked. No entry or exit to the school will be allowed until an “all-clear” announcement is made.

Lockdown

A lockdown takes place if an internal or external threat is identified at the school. All school doors are locked and students are confined to classrooms or secured location. No entry into or exit from the school will be allowed until an “all-clear” announcement is made.

Evacuate

In the event of certain building emergencies, students will be relocated to an evacuation assembly area. Students will be released ONLY to parents/guardians/emergency contact with picture ID and permission from a district official. This procedure is necessary to account for the location of all students.

Shelter

When specific protective actions are needed based on a threat or hazard, Shelter will be implemented. This response may be for an incident such as a tornado or a hazardous material. Students should follow the directive of their teacher and report to the designated shelter area. Students will not be released to families until the “all-clear” announcement is made.

Fire Drills

In conformity with the regulations of the Nebraska State Fire Marshal, each school is required to hold fire drills. Upon the sounding of the fire drill signal, all students are dismissed immediately and are to follow, under the leadership of the teacher, the exit instructions that have

been issued. The classroom door should be closed upon vacating the room. Remain alert, calm, and quiet as it may be necessary for a change in exit instructions to be given over the P.A. system. Avoid crowding, pushing, or shoving. Under the guidance and leadership of the teacher, students should remain in the designated area until the “all-clear” is given.

Severe Weather

The Omaha Public School policy recognizes the right and the responsibility of parents in the matter of school attendance when inclement weather exists. In case of extreme winter weather conditions, announcements of school closings will be made from the department of District Communications at or before 5:30 a.m. Any changes in dismissal time will also be announced.

- 5. The student, upon becoming eligible for graduation, will not receive a diploma.

Upon payment of all outstanding debts, the student will be eligible to receive any or all of the above at a time and in a manner designated by the school officials.

Student Records

The privacy of student records is protected by the Family Educational Rights and Privacy Act (FERPA). Under FERPA, parent(s) and guardian(s) of students have the right to review records, request amendment of those records and consent to the release of records. FERPA does allow for some exceptions to the consent for release. For instance, records may be released to other educational institutions without prior parental or student consent.

FERPA affords parent(s)/guardian(s) and students 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the District receives a request for access. (By action of the School Board the number of days for the school to act has been shortened to 10.) Parent(s)/guardian(s) or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The principal will arrange for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent(s)/guardian(s) or

eligible student believes are inaccurate or misleading. Parent(s)/guardian(s) or eligible students may ask the District to amend a record that they believe is inaccurate or misleading. They should write the school principal or the Student Information Services Office (3215 Cuming St. Omaha, NE 68131-2024) or at sis@ops.org, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the District decides not to amend the record as requested by the parent(s)/guardian(s) or eligible student, the District will notify the parent(s)/guardian(s) or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member; a

person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent/guardian or student serving on an official committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if they need to review an education record to fulfill their professional responsibility. Upon request, the District discloses education records without consent to officials of another school district or school in which a student seeks or intends to enroll. Upon request, the District also discloses education records of former students, without consent to officials of another school district or school in which the former student is then enrolled.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Student Privacy Policy Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, DC 20202-5920.

Students Responsibilities and Rights

A student's basic responsibility in school is to act in a manner that enhances his/her and others opportunity to learn. A student does not have a right to engage in

conduct or actions that would materially and substantially interfere with the requirements of appropriate discipline in the operation of a school.

Technology Use and Responsibility

The Omaha Public Schools may provide students with a 1 to 1 take home device for use during the school year.

1. **Ownership:** The technology device remains the sole property of Omaha Public Schools and will not be transferred to the parent or student at any time.
2. **Use:** The device is only intended for District-approved instructional activities and for student use.
3. **Return of the device:** Upon termination of the student's enrollment, the parent or guardian must return the technology device within two days to the school in the same condition it was received.

6. **Policy compliance:** All usage of the technology device must be in accordance with Omaha Public Schools policies and rules regarding network and internet use. The district reserves the right to

terminate possession if the parent, guardian, or student is believed to have violated any part of this **Technology Agreement**, the **School Handbook**, or the **Student Code of Conduct**.

- a. Per District Policy #6800 Online and Digital Access and Education. The school district shall monitor online activities of students and staff when using district or online applications while using District network resources and or devices.
- b. The Omaha Public Schools also recognizes that it cannot control the information on other computer systems and that it may not be physically possible to screen out all such inappropriate information and materials. It is the primary responsibility of the parent or guardian to establish and convey the standards that their student should follow.
- c. **Voluntary Device Protection Program:** The district offers a voluntary device protection program. The protection is offered annually for a cost of \$20 per device. This program covers loss or damage beyond the warranty for the entire school year, including summer school. The program can be purchased through the parent portal or at the student's school.
7. **Day Use only devices:** If your student has violated any of the agreements listed above, or lost multiple

devices, the school may issue a “day use” device. The day use devices are not part of the 1 to 1 program and may not provide the same level of

individual customizations as a 1 to 1 device. The school may also choose to provide **other forms** of instructional resources for student learning.

Textbooks

Textbooks are supplied by the Omaha Public Schools. Textbooks not returned or that have been damaged are subject to fines. It is the responsibility of the student and/

or parent(s)/guardian(s) to work with the school to pay textbook fines.

Title IX/Sexual Harassment

Volunteers

If there is interest in assisting school personnel in the operations of the school, i.e., library work, aiding classroom teachers, tutors, reading to students, cafeteria, etc., contact the main office at the school to discuss a volunteer opportunity. All interested persons must complete an online application. Human Resources will respond and notify the applicant when the volunteer opportunity has been approved. **Volunteer activity must not begin until after the approval email is received from Human Resources.**

The volunteer application process is utilized at all schools for any individual (parent, relative or otherwise) wishing to volunteer or provide any type of support that would bring them in contact with students. Multi-Tiered Systems of Support for Behavior (MTSS-B) is being implemented in all Omaha Public Schools and Programs.

The Omaha Public Schools (OPS) implements Multi-Tiered Systems of Support for Behavior (MTSS-B) to promote student use of positive behavior. Through this framework, OPS has committed to providing staff with tools and resources to positively engage students and families through implementation of school-wide positive behavior interventions. These practices are designed to support safe and encouraging learning environments.

We believe that we cannot “make” students learn or behave. But we can create environments to increase the likelihood of positive behaviors occurring.

MTSS-B is a research-based, highly effective behavioral framework that is designed for teaching and reinforcing students’ social, emotional, and academic learning skills in order to sustain academic achievement and support the social, emotional, and behavioral well-being of students. Consistent implementation of MTSS-B leads to:

- Improved school climate;
- Reductions in major disciplinary infractions;
- Improved academic achievement;
- Improved concentration, positive social behavior, and emotional regulation.

OPS is committed to supporting students through behavior interventions and alternatives to exclusionary practices that require removal from the educational setting where the safety of the student and/or others is not of immediate concern.

MTSS-B utilizes consistent practices that have tiers of increasingly intensive supports, and in our schools, this includes:

Social Emotional Learning (SEL)

In addition to MTSS-B, Omaha Public Schools continues to support Social Emotional Learning (SEL) development through curriculum, strategies, and resources. SEL is defined by the Collaborative of Academic Social Emotional Learning (CASEL) as the process through which all young people and adults acquire and apply the knowledge, skills, and attitudes to develop healthy identities, manage emotions and achieve personal and collective goals, feel and show empathy for others, establish and maintain supportive relationships, and make responsible and caring decisions.

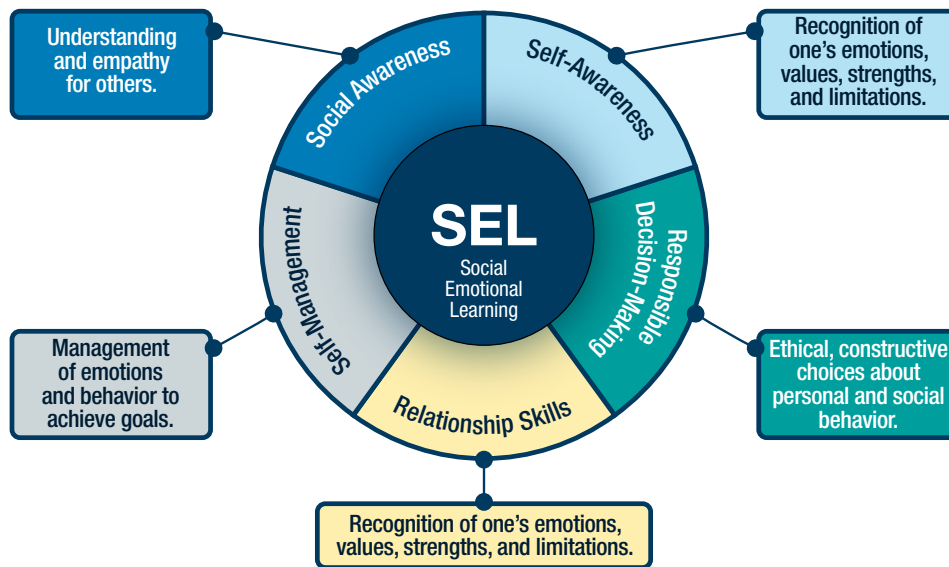

Within the Omaha Public Schools, our goal is to focus on CASEL's five SEL competencies:

- Self-Awareness
- Self-Management
- Social Awareness
- Relationship Skills
- Responsible Decision-Making

SEL promotes knowledge, skills, and attitudes that support lifelong success and advance educational equity and excellence.

How do MTSS-B and SEL Align in all Omaha Public Schools and Programs?

MTSS-B and SEL are frameworks that work together to provide an ethic of care for students and promote success in students' academics, behavior, attendance, and overall well-being. Combined they create positive learning environments where students and staff are equipped with resources and skills for successful school communities.

If you would like more information about how MTSS-B and SEL are implemented in your school, contact the building principal.

3. Consistently enforce school expectations and the **Student Code of Conduct**; and
4. Collaborate with parent(s)/guardian(s), in conjunction with the teacher, regarding student behavior problems.

The Board of Education and Central Office Administration are Expected to:

2. Train and support school administrators in appropriate application of the **Student Code of Conduct**.

The Community Is Expected to:

1. Maintain a standard of conduct for adults, youth, and children that fosters appropriate behavior;

3. Provide educational and recreational opportunities to allow for the development of appropriate student behavior.

Omaha Public Schools
STUDENT CODE OF CONDUCT

The Board of Education believes school is an appropriate setting for all children and youth. The **Student Code of Conduct** is designed to support this concept by developing, through reasonable and consistent practices, appropriate student behavior patterns. Those behaviors and disciplinary actions set forth in the **Code** are designed to serve as learning experiences for students.

The **Student Code of Conduct** includes those behaviors having disciplinary actions and/or intervention strategies that shall be carried out by the school building administrators. The **Code** applies to conduct on school grounds, in remote learning environments, on Omaha Public Schools owned computers and digital devices, in a vehicle owned, leased or contracted by a school or the district being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or designee or at a school-sponsored activity or athletic event.

Compliance with the **Student Code of Conduct** is expected of all students. This **Student Code of Conduct** applies to all students attending the Omaha Public Schools. School administrators will consider student age and grade level among other factors when assigning disciplinary actions.

Early Childhood Education Interventions & Responses

This list of Interventions is not intended to be exhaustive, nor will every OPS school have access to each intervention listed. School staff will seek to implement the intervention(s) that seem to most effectively support positive behavior for the specific student under the specific circumstances.

Early Childhood Practices

One of the purposes of early childhood education is to assist students in developing appropriate social-emotional skills. For many students, this may be their first experience in a structured setting and they may need greater support in meeting social-emotional expectations. What may be perceived as inappropriate behavioral choices may be a deficit in executive functioning and self-regulation or could be due to toxic stress or an unmet need, e.g., hunger, sleep, feelings of safety and security. Young children need to practice, be taught and then practice self-regulation to develop memory, attention and self-control in environments where adults scaffold the child's practice of these skills. Social skill development must be embedded throughout the daily routine and throughout the entire school year to ensure generalization. The focus is on developing appropriate skills rather than punishing for inappropriate behaviors. According to Nebraska state statute, suspension from school is not an appropriate behavior intervention for early childhood students. Please contact the Early Childhood Coordinator for additional resources.

Early Childhood student interventions aim to teach alternative behavior, so students can learn and demonstrate safe, respectful and responsible behavior. Staff members are encouraged to try a variety of teaching and classroom management strategies which may include, but are not limited to:

- Collaborate with the student's family to discuss student strengths and strategies that are successful in the home environment and develop a communication system between home and school.
- Create and maintain stable relationships among students and staff.
- Develop social connections through play.
- Establish routines and predictability using visual schedules.
- Consistently use visual supports and modeling to teach social skills.
- Teach students how to cope with stress and self-regulate when they are overwhelmed.
- Teach students the appropriate language to meet their needs.
- Use positive language in a calm tone when redirecting students so they know what is expected (e.g., "please walk" rather than "don't run").
- Consistently reinforce the positive behaviors of the student, which will reduce the negative behaviors displayed.
- Consider sensory needs and strategies (e.g., fidget toys, alternative seating, options for quiet areas in the classroom, etc.).
- Implement reinforcement systems for individual students or for the entire class.
- Collaborate with early childhood support staff, including Special Education, regarding strategies.
- Consult the building school psychologist for additional support.
- Schedule a SAT/IEP meeting to address concerns and strategies.
- Contact Kid Squad for classroom support and/or family support.
- Consider the MANDT Crisis Cycle for additional student support.
- Develop a behavior plan.

Behavior Violations and Response Levels

The **Student Code of Conduct** is organized around descriptions of “levels” of behavior violations and “levels” of interventions and response. **Violations** are organized by categories ranging from classroom managed behaviors to more serious incidents that may require an administrative response. Applying a **Leveled Intervention and Response** to behavior violations supports a teaching and learning approach to managing behavior in our schools. School Administration considers the least restrictive resolutions to managing behavior violations.

When determining a resolution for a behavior violation of the **Student Code of Conduct**, school administration will consider:

- the age and experience of the student;
- the developmental level of the student;
- the student’s intent;
- the severity of the circumstances;
- the impact of disruption to the school environment (including behavior after the initial incident);
- the repeated nature of the situation (if applicable); and
- other mitigating factors

Interventions that may be applied to address behavior are indicated in a chart on the page after the violation descriptions on the following pages. Interventions indicated are **response guidelines**, and school administration may apply a more or less severe resolution depending on the situation. Please note those violations that may result in an expulsion from school.

<p>Level 1 interventions aim to teach alternate behavior so students can learn and demonstrate safe, respectful and responsible behavior. Staff are encouraged to try a variety of teaching and classroom management strategies.</p>	<p>Level 2 interventions often involve support staff, both school-based and within the community, and/or the administrator. These interventions aim to increase the student’s skills, positive view of schooling, and positive experience at school so that misbehavior is less likely to continue or escalate.</p>
<p>Level 3 violations may involve the short-term removal of a student from the school environment due to the severity of the behavior. The duration of the short-term suspension, if issued, is to be limited as much as possible while adequately addressing the behavior. In the case of repeated need for suspension, a plan of support (e.g. Early Intervention Plan, Student Assistance Team, MTSS-B Tier II or III Intervention, Community Resources) should be implemented.</p>	<p>Level 4 violations have the potential to significantly impact the safety of the school environment. These violations may result in the removal of a student from the school environment due to the severity of the behavior. Such violations may involve the mandatory reassignment or expulsion of a student to another school or to an alternative program that will provide additional structure to teach appropriate behavior.</p>

Behavior Response Guidelines for Grades PK-2

Except in situations where the student brings a deadly weapon to school elementary school staff shall not suspend the student in pre-kindergarten through 2nd grade.

Young children need to be taught and then practice self-regulation to develop memory, attention, and self-control skills necessary for the learning environment. If a pre-K through second grade student must be removed from the classroom, they will work in the school with staff and resources to practice and develop skills to support a return to the classroom environment.

Behavior Response Guidelines for Grades 3-6

If a student in grades 3-6 must be removed from the school environment, the following short-term suspension guidelines are recommended (per event):

- 3rd and 4th Grade: 3-day maximum
- 5th and 6th Grade: 4-day maximum

There may be circumstances when it is necessary and appropriate to exceed these guidelines. Final decisions regarding length of suspension will be made by the Principal. For students in grades PK-6, expulsion will not be a consequence for a violation of the **Student Code of Conduct** except in cases of knowingly and intentionally possessing a firearm.

The **Student Code of Conduct** is a resource for teaching expectations and rules, rationales, and possible consequences for violations. It is designed with four levels of violations and four levels of administrative responses.

**LEVEL
4
Interventions
& Responses**

This list of Interventions is not intended to be exhaustive, nor will every OPS school have access to each intervention listed. School staff will seek to implement the intervention(s) that seem to most effectively support positive behavior for the specific student under the specific circumstances.

Level 4 violations have the potential to significantly impact the safety of the school environment. These violations may result in the removal of a student from the school environment due to the severity of the behavior. Such violations may involve the reassignment of a student to another school or to an alternative program that will provide additional structure to teach appropriate behavior. These interventions focus on maintaining the safety of the school community and correcting self-destructive and dangerous behavior.

Long-term suspension may be applied when it is feasible to reintegrate the student back into the school environment. Reassignment may be applied when chronic misbehaviors are present and school staff have documented efforts to intervene and support acceptable behavior. Expulsion may be applied when the student's presence at school is deemed too dangerous or disruptive for staff to maintain a safe and positive climate. Upon return to a traditional school setting after a reassignment or expulsion, the school staff will establish a plan of support (e.g. an early intervention or safety plan) for the student's ongoing success at school.

Violence against school staff is an egregious act, which not only jeopardizes the safety and well-being of individuals but also undermines the foundations of our ongoing efforts to maintain a safe and secure environment that is conducive to teaching and learning. Because intentional and knowing violence against a staff member is extremely disruptive to the learning environment it may result in consequences including mandatory reassignment or expulsion in grades where these consequences are available, even in cases of first offense. As in every disciplinary situation, student age, developmental level, the severity of the circumstances, and other mitigating factors will be considered.

Interventions for Level 4 Violations may include, but not limited to:

- Interventions from all previous levels
- Parent(s)/guardian(s) notification
- Long-Term Suspension or Reassignment
- Expulsion
 - For student in grades K-6, expulsion will not be a consequence for a violation of the **Student Code of Conduct** except in cases of knowingly and intentionally possessing a firearm.
- Referral to IEP team (students with disabilities) for manifestation determination
- Alternative educational placement
 - High School (grades 9-12)
 - Middle School (grades 6-8)
- Communication with law enforcement (as needed)

Weapon (other than firearm) Knowing and intentional possession, handling, transmission, or use of any knife or dangerous weapon See Glossary, page 21, for listing and definition of a weapon			•	•	Law enforcement may be contacted Conduct a threat assessment

For information regarding level of response, see page 6.
Full definitions for all violations can be found in the Glossary, beginning on page 15.

Repeated Violations

Concerning a violation at any level, it may be relevant that the student has committed the same, or similar, violation multiple times during the same school year. In such a case, Repeated Violations may be added as a secondary violation. Repeated Violations will not be used as a primary violation or alone. There may be instances of repeated violations that warrant a higher level of response than indicated in this **Student Code of Conduct**.

Misuse of Computers, Digital Devices, or Network

The use of computers or digital devices, whether stand-alone or as a part of a local area network, or as part of a wide area network such as the Internet, is a privilege, not a right, and must be consistent with and driven by the educational objectives of the Omaha Public Schools. Any use that is inconsistent with these objectives is prohibited.

Computers and all associated networks, communication facilities, data storage and transfer devices, printers, scanners, peripherals, and other associated equipment or facilities (referred to as “computing facilities”) are owned by the school district. The school district exercises exclusive control over this school property, and students should not expect privacy regarding their use of any computing facilities because school district property is subject to search and inspection at any time by school officials. This search and inspection includes but is not limited to electronic mail, Internet access, network access, file storage and transfer, and any personal computing, communication, and data storage devices used in conjunction with the computing facilities. If the device is participating on the district network, it will fall under the acceptable use policy as well as the BYOD (Bring Your Own Device) guidelines defined by BYOD schools. Students are responsible for any use of computing facilities made by or through their account, regardless of whether at school or at home. Students are responsible for content contained in computer files assigned to them.

Students using computing facilities to access the Internet, an international computer network, are able to access computers and people all over the world. Sites exist on the Internet that contain illegal, indecent, defamatory, inaccurate, or offensive material. The Omaha Public Schools does not condone students’ access to unsuitable materials, and it maintains software designed to restrict student access to such materials. The Omaha Public Schools also recognizes that it cannot control the information on other computer systems and that it may not be physically possible to screen out all such inappropriate information and materials. All student Internet activities are subject to being monitored.

It is the primary responsibility of the parent(s)/guardian(s) to establish and convey the standards that their student should follow. In support of parent(s)/guardian(s) the Omaha Public Schools will enforce the minimum

appropriate computer use standards set out below. If a student uses a computer or the Internet inappropriately, the student will be subject to the disciplinary actions previously stated.

Inappropriate use of computing facilities shall be defined as:

- The creation, display, access, transmission, reception, exchange or distribution of any text, image or sound that is indecent, obscene, racist, sexist, pervasively vulgar, defamatory, illegal, or that promotes harm to self or others or otherwise in violation of the Omaha Public Schools Internet Safety Policy.
- Using computing facilities to harass or threaten individuals or groups.

This includes any **attempt to alter or destroy data of another or to endanger the integrity of a computer** or computer network or the data stored thereon (including the introduction of any virus, time bomb, trojan horse or the like), any deletion of or alteration to system files or data, and damaging equipment. The unauthorized examination or copying of files or data belonging to others is also defined as vandalism.
- Violating copyright law. This includes using unauthorized copies of software, music, photographs, movies or any other audiovisual or multimedia work and making, transmitting, receiving, exchanging and/or distributing such unauthorized copies. Violating copyright laws will be considered theft.
- Plagiarizing computer-based copyrighted materials in reports and assignments is also defined as inappropriate use.
- Gaining or attempting to “hack” or otherwise gain unauthorized access to computers, computer networks, or computer files or data. This includes, but is not limited to, exceeding the authority granted or attempting to evade security restrictions or software designed to prevent or monitor inappropriate access to the Internet or networks.
- Gaining or attempting to gain unauthorized access to a personal account or file of another individual.
- Forgery of or interference with electronic mail messages. This includes impersonation of another person while sending electronic messages, using a false or anonymous name, age, gender or identifier, and the reading, deleting, copying or modifying of any other person’s electronic messages.

Public Schools.

- Giving a personal password to another individual or letting another individual use a personal account.
- Knowingly introducing materials forbidden by the Omaha Public Schools into the Omaha Public Schools computers and/or systems via any electronic storage media. This is defined as indecent, obscene, racist, sexist, pervasively vulgar, defamatory, offensive, or illegal material, or materials promoting harm to self or others.

Depending on the incident, Law Enforcement may be contacted.

Possession of Obscene or Pornographic Literature, Materials, or Electronic Images

Students are prohibited from possessing pornographic or obscene books, magazines, pictures or material of any kind. The taking, disseminating, transferring, or sharing of obscene, pornographic, lewd, or otherwise illegal images or photographs, whether by electronic data transfer or otherwise (commonly called texting, sexting, emailing, etc.) may constitute a crime under state and/or federal law. Any person taking, disseminating, transferring, or sharing obscene, pornographic, lewd, or otherwise illegal images or photographs will be subject to the disciplinary procedures of the school district; and reported to law enforcement and/or other appropriate state or federal agencies, which may result in arrest, criminal prosecution, and lifetime inclusion on sexual offender registries.

Bullying Prevention – OPS Policy 5415

The administration and staff are to implement strategies and practices to identify and prevent inappropriate behaviors by all students, including bullying prevention education for all students. Inappropriate behaviors include bullying, intimidation, and harassment. Bullying means any ongoing pattern of physical, verbal, or electronic abuse on school grounds, in a vehicle owned, leased, or contracted by the school being used for a school purpose by a school employee or designee, or at school sponsored activities or school-sponsored athletic events. The school district shall review the bullying prevention policy annually.

Additional Information

BEHAVIOR RULES FOR CONDUCT OCCURRING OFF SCHOOL GROUNDS – OPS POLICY 5103

It is the belief of the Omaha Public Schools that it is important to support the total student. Expectations for our students go beyond the school day and into the community. We believe that part of learning is accepting responsibility for one's actions. Our intent is to support all students in their decision-making and their development into responsible adult citizens while serving as a deterrent to certain unacceptable or unlawful behaviors. This policy applies to conduct which occurs in places that are not otherwise covered by the **Student Code of Conduct**.

Disciplinary Action

Any student engaging in 1) behaviors off school grounds that would otherwise violate the **Student Code of Conduct**; or 2) student speech off school ground that causes substantial disruption to the school environment, may be subject to:

1. Emergency exclusion if the student's conduct presents a clear threat to the physical safety of self, or others, or is so extremely disruptive as to

make temporary removal necessary to preserve the rights of other students to pursue an education;

2. Short-term suspension by the principal for up to five (5) school days as provided in OPS Policy 5105;
3. Participation in and successful completion of a district substance use screening by a qualified community provider or community counselor at the discretion of District or school administration; and/or
4. Suspension or exclusion from extracurricular and/or co-curricular activities in accordance with the provisions of OPS Policy 5104.

Appeal Process

Nebraska statutory provisions regarding short term suspension and emergency exclusion shall apply to each of the disciplinary measures respectively as set forth in OPS Policy 5101.

BEHAVIOR RULES FOR PARTICIPANTS IN EXTRACURRICULAR ACTIVITIES – OPS POLICY 5104

Students who participate in extracurricular activities, including but not limited to NSAA activities as set forth in OPS Policy 5102, are deemed to be held to a higher standard when it comes to representing their respective schools – both on- and off-campus. Extracurricular activities means student activities or organizations which are supervised or administered by the District or a District staff member which do not count towards graduation or grade advancement and in which participation is not otherwise required by the school. It is therefore critical for those students to always be mindful of their behavior and how it reflects on their schools and the District.

In addition to any other discipline imposed for violations of the **Student Code of Conduct** or for violations of OPS Policy 5103, any student participating in any extracurricular activity at the time the student commits the violation will be subject to suspension from participation in said activity or activities as described in the following:

First Offense: 15 Calendar Days

Second Offense: 90 Calendar Days

Third Offense: 180 Calendar Days

The sanction shall be implemented upon confirmation and notice to the student by the school administration, and the sanction applies to all activities, public or private, that occur on school property or at a school function. In addition, the teacher/coach/sponsor of the extracurricular activity may impose other sanctions as permitted and described pursuant to the "Rules Regarding Other Conduct" in the **Student Code of Conduct**.

Rules Regarding Other Conduct

Individual coaches, activity sponsors, or staff responsible for an extracurricular activity, may impose participation restrictions or eligibility restrictions for participation in extracurricular activities on students for behavior other than those set forth in the **Student Code of Conduct** or in OPS Policy 5103 provided:

1. Before the student participates in an extracurricular activity, that student and the student's parent(s)/guardian(s) have been advised of the participation and eligibility rules and the types of misbehavior that would cause a student to become subject to such participation and/or eligibility restrictions.
2. Participation and/or ineligibility restrictions are imposed only after the coach, activity sponsor or responsible staff has:
 - a. Investigated the alleged misbehavior;
 - b. Given the student written or oral notice of the charges against the student;
 - c. Explained the evidence against the student; and
 - d. Given the student a chance to tell the student's version of what happened.
 - e. The coach, activity sponsor or responsible staff has decided the student, in fact violated the participation and/or eligibility rules.
3. The student has the right to appeal the individual coach's, activity sponsor's or responsible staff's decision, as specified above, to the school principal. The determination of the principal under such circumstances shall be final.

BEHAVIOR EXPECTATIONS FOR STUDENTS IN REMOTE LEARNING ENVIRONMENTS

In addition to in-person classroom lessons, students enrolled in the Omaha Public Schools may also receive instruction at home through remote teaching and learning experiences. Guidelines and expectations of the **Student Code of Conduct** remain in effect for students in remote learning environments.

Additionally, students receiving digital curriculum and instruction online should be aware of appropriate use of computers, digital devices, and the network. Any activity, which violates local, state, or federal laws, is considered a violation of the **Student Code of Conduct**, will result in disciplinary action, and may be referred to law enforcement.

It is expected that students adhere to the following **Behavior Guidelines for Remote Learning**:

- Appropriate clothing for the learning environment
- Student emails should only be sent for class/course purposes
- Do not cut, copy, or plagiarize internet content or the work of others
- Use care with food and drinks while using a district device
- Use appropriate language for the learning environment
- Never post or repost sensitive information or inappropriate images

- Students should never create or knowingly send computer viruses
- Handle district devices with care

Individual schools may have additional expectations for their school learning environment. See the information pages in your school's *Student and Family Handbook*.

It is required that students adhere to **Online Safety Practices for Remote Learning**:

- Passwords are private information and should only be shared with parent(s)/guardian(s)
- Students should never use others' passwords

- Should a password become compromised, report it to a school staff member immediately
- Report device or content concerns to school staff immediately
- Students should never communicate with others they do not know
- Students should not share pictures of themselves for any reason other than a learning assignment
- Seek support from school staff if having trouble with a district device, network, or online program

BEHAVIOR EXPECTATIONS FOR STUDENTS RECEIVING DISTRICT-PROVIDED TRANSPORTATION

The school bus is considered an extension of the school. Any behavior violation committed by a student on a district-owned, leased or contracted bus being used for a school purpose shall have the same level of Intervention and Response in the same manner as if the violation had been committed at the student's assigned school. This will include any referral or activity on the bus which is considered unsafe and/or refusal to follow directions of the driver, OPS staff, or aide. **The Student Code of Conduct** will be applied to referrals for behaviors on the bus.

In addition, it is expected that students adhere to the following **Safety Guidelines for Transportation**:

- The driver is in full charge of the bus and students. Please show respect and follow directions of the driver and/or staff.
- Only assigned students are eligible to ride their assigned bus.
- Wait until the driver instructs you to get on or off the bus.
- Board the bus in an orderly manner.
- Sit facing forward, keeping the aisle clear.
- If students are required to wear safety restraints, the bus will not move until the restraints are properly fastened.

If required, students who refuse to wear safety restraints, may be subject to Intervention and Response, including removal from the bus.

- Remain seated until the driver directs you to unload.
- Do not extend your arms or head outside the bus window.

- Do not throw any items out of the bus window.
- Keep your voices at a quiet level, so to not distract the bus driver.
- Eating, drinking, and smoking are not permitted on school buses.
- The school district is not responsible for items left on the bus.
- Be on time to your bus.

Violation of **Safety Guidelines for Transportation** may result in any of the following resolutions:

- Structured entry on the bus
- Bus safety training review
- Assigned seating while on the bus
- Student conference with administration
- Parent(s)/guardian(s) conference with student and administration
- Temporary removal from the bus (1-5 days)*
- For continued bus misconduct, a student may be suspended from the bus for 6-19 days*

*If a student is temporarily removed from the bus, it is the responsibility of the parent(s)/guardian(s) to transport the student to and from school.

Repeated violation of **Safety Guidelines for Transportation** may result in the loss of the bus transportation privilege.

BOOK BAGS AND PERSONAL ITEMS

Students may carry book bags, backpacks, and similar items to transport books, supplies, and other belongings. Bags are subject to inspection, and the student is responsible for all contents. Objects that have no school-related purpose or that create a disruption to the learning environment may be confiscated until the end of the school day, and/or a parent/guardian may be required to

pick up the object. Repeated violations may be viewed as insubordination, resulting in additional application of the **Student Code of Conduct**.

All lockers and their contents are subject to random searches by school staff without prior notification to students. Please see OPS Policy 5406 regarding student searches for additional information.

DRESS AND PERSONAL APPEARANCE

Personal appearance is basically a concern of the student and their parent(s)/guardian(s). However, a student's appearance should promote positive opportunities for learning. The following guidelines shall apply to all regular school activities:

1. Students must be fully clothed, with a covered torso and shoes.
2. Words or images that promote alcohol, drug use, weapons, that insult or demean others, or that

disrupt the school environment are not acceptable at school.

3. Any exception to these guidelines, such as for Spirit Days, special events and/or extracurricular activities, must be approved by the school administration.

Please see OPS Policy 5301 Dress and Grooming for more information.

MAKE-UP WORK DURING SUSPENSION

Students will be given an opportunity and must assume responsibility for making up work, including tests, missed during suspension. Completion of make-up work is equal to the time the student has been suspended from school

but is not to exceed ten (10) days. Credit will be awarded for acceptable makeup work. See OPS Policy 5207 for more information on make-up work.

MISCONDUCT BETWEEN SEMESTERS OR BETWEEN SCHOOL YEARS

If misconduct otherwise covered by the **Student Code of Conduct** occurs between semesters or between school years, the penalties provided for in the **Student**

Code of Conduct shall be enforced during the next semester.

NO TRESPASSING/BAN AND BAR WARNING AND RESTRICTION

Visitors to the schools must respect the learning environment and maintain proper behavior and decorum. Disruption of the orderly process of the school is prohibited. The principal or his/her designee is authorized to deny access, ban and bar future access, remove or request the removal of any visitor whose behavior is disruptive to the educational/working environment of the school as outlined below:

1. Presents a risk to the safety of others resulting in the likelihood of violence (e.g. specific threats, posturing, or actions)
2. Presents a disruption to the learning environment adversely affecting students/staff (e.g. yelling or destroying property)

3. Repeated failures to follow school policy/procedures (e.g. refuses direction from school administrators or check-in process)
4. Does not have legitimate purpose to be on school grounds or activities (e.g. loitering or wandering inside building)

An individual in receipt of a "No Trespass or Ban/Bar Restriction" may not come onto the grounds of an issuing school. All restrictions are applicable from date of issuance through the subsequent summer and are made void, unless otherwise specified, each August. Any visitor to the schools who has been denied access or who has been asked to leave may appeal to Student and Community Services.

CELL PHONE/PERSONAL ELECTRONIC DEVICE GUIDELINES FOR STUDENTS

Current research provides compelling evidence that constant access to social media and cell phones is detrimental to young people's mental health and their ability to focus on academics. For this reason, the District has determined that the use of cell phones and PEDs (Personal Electronic Devices) is prohibited during instructional time unless specifically authorized by a teacher or District staff member. The purpose of these guidelines is to provide a district-wide procedure regarding the use of cell phones and other PEDs.

DEFINITIONS

1. "Cell phone" includes, and is not limited to, cellular telephones or tablets, "smart" phones or tablets, Internet enabled phones or tablets and other PEDs that are capable of placing and/or receiving telephone calls or messages, taking photographs, creating and distributing videos, photos, or posting on the internet, and the like.
2. "Personal Electronic Device" is an electronic device other than a cell phone that emits an audible signal,

visual signal, vibration, displays a message, or otherwise summons the possessor, including but not limited to tablets, smartwatches, portable video game players, portable media players, cameras, and any device that provides a connection to the Internet, whether via wireless, cellular or other method of connectivity. This includes personal listening devices such as earphones, ear buds, etc. and/or any device that connects to a cell phone or other aforementioned device via Bluetooth or other method. PED does not include a District-issued tablet.

3. "School Day" means the regular school day with a designated starting time and ending time as defined by the local school building.
4. "School property" includes parking lots, school buses, and outside or inside all areas of the school building.
5. "Turned off" or "powered off" means the device is not activated. Devices in quiet, vibrate or other modes, except off, are not considered turned off or powered off.
6. "Use" includes carrying or possessing a cell phone or PED that is either visible or can be heard, with or without a personal listening device such as earphones, ear buds, "Bluetooth", etc. A cell phone set on "vibrate" or "silent" shall be considered to be in use. A cell phone or PED that emits an audible signal, vibrates, displays a message or otherwise summons the possessor shall be deemed "in use." A cell phone or PED, even if placed in an "off" position but visible to others, may be deemed "in use." A cell phone or PED in an "off" position and stored out-of-sight in a back-pack, book bag, purse, vehicle, locker, etc. shall be not be deemed "in use."

PROCEDURES

Students are permitted to use cell phones and PEDs on school property only during the following times:

- Before the school day;
- After the school day;
- Lunch period (high school students only);
- Passing periods (high school students only);
- At evening or weekend activities on school property;
- When necessary to monitor or manage a student's healthcare; or
- An emergency situation with the permission of a school staff member.

Building administration will have the discretion to

determine the use of cell phones and PEDs for students participating in after school and/or extracurricular activities while on school property or while attending school sponsored or school related activities on or off school property.

Prohibited Use of Cell Phones and PEDs:

- The use of cell phones and PEDs at any time other than those specified.
- The sharing or electronic posting of images taken or stored on cell phones or PEDs during school hours and/or on school property.
- Student use of cell phone camera/video recording without consent from school administration is prohibited and considered a violation of the **Student Code of Conduct** (see additional information under **Unauthorized Use of Camera, Video Device, Personal Device that Attaches to School/District Network, Cell Phone or Recording Device**, page 17)

Noncompliance with Cell Phone and PEDs Guidelines

In the event a student is found to be in violation of these guidelines, District staff will provide students with the opportunity to correct the behavior. Should the student refuse to correct the behavior, the student will be expected to surrender their device to the teacher for the remainder of the period. At the end of the period, the student will receive the device back and no further action is needed. Students who refuse to comply with a request to turn over their cell phone and/or PED shall be subject to discipline for Non-compliance with Cell Phone/Personal Electronic Device Expectations and such other disciplinary action consistent with the **Student Code of Conduct**. The teacher or other District staff member is expected to call the student's parent or guardian (unless there is a different established method for communication already in effect) to communicate the concern and the expectation for future behavior.

Students committing repeated violations of this Procedure may be subject to additional disciplinary action consistent with the **Student Code of Conduct**.

No Liability

The school assumes no liability for theft, loss, or damage of cell phones and/or other PEDs possessed by students on school property or held by school officials during the confiscation period.

SCHOOL EXCLUSION AND DUE PROCESS RIGHTS

A principal (or designee) may determine that it is necessary to exclude a student from classes. The decision to exclude is made after the principal has investigated the facts, given the student oral or written notice of the charges against the student, and provided an opportunity for the student to present the student's version.

The range of possible exclusions includes short-term suspension, emergency exclusion, long-term suspension,

expulsion, or reassignment. Except in situations where the student brings a deadly weapon to school, elementary school staff shall not suspend a student in pre-K through 2nd grade. It is the principal's responsibility to determine the type of exclusion and/or action recommended. A student cannot attend school, take part in any school function including graduation ceremonies, or be on school property during the duration of a suspension, exclusion,

or expulsion.

The administrator will take action based upon first-hand information. This may include contact with witnesses to the student's prohibited conduct. Prior to any decision, the administrator must confer with the student to inform the student of the charge and the available information, give the student an opportunity to tell the student's version of the incident, weigh the evidence as to the offense, make a decision whether the student engaged in the prohibited conduct, and then inform the student of the decision.

In cases of recommendations for long-term suspension, reassignment, exclusion, or expulsion, the student may, upon request, have a hearing on the specific charges. Students are advised of this right when a principal decides to recommend one of the above actions. If a hearing is not requested within five school days the recommendation will go into effect. See OPS Policy 5101 for more information on student discipline and exclusion of students from school.

Rights for the Student Receiving Special Education Services

If a student receiving special education services violates a provision of the **Student Code of Conduct** resulting in a recommendation for expulsion, mandatory reassignment, or a long-term suspension in excess of five consecutive days, a Manifestation Determination (Due Process) IEP meeting shall be convened within three working days of the recommendation. The IEP team shall determine if the conduct in question was caused by, or had a direct and substantial relationship to, the student's disability and will also determine if the conduct in question was a direct result of the school district's failure to implement the IEP. If a student or parent(s)/guardian(s) wishes to appeal the outcome of the IEP Manifestation Determination an appeal could be placed through the Special Education Department with the Director of Special Education.

SCHOOL RESOURCE OFFICERS (SRO)

School Resource Officers (SROs) are hired and trained to support the safety efforts of the Omaha Public Schools. They serve in designated schools and work alongside school administration. SROs and/or police officers are responsible for responding to criminal law matters where it is mandated by law that such offenses be referred to the criminal justice system. Absent an immediate threat of imminent physical harm and/or criminal law matters, school discipline issues are addressed by school administration.

SROs and/or police officers who witness school discipline issues shall contact school administration to address the matter. SROs should act as any school adult in redirecting minor misbehavior and may choose to de-escalate a situation using conflict resolution techniques and leverage existing positive relationships with those involved. Incidents must be referred to school personnel to determine appropriate response for violations of the **Student Code of Conduct**.

STUDENT SEARCHES – OPS POLICY 5406 SEARCH AND SEIZURE

Drug Searches by Police/ Sheriff Canine Units

The District retains the right to utilize the services of Omaha Area Law Enforcement Authorities' Canine Units in the detection of illegal drugs and/or contraband at any time, announced or unannounced at the District's schools and programs.

- A. The Superintendent or designee (in consultation with the Office of School Safety) may request the canine unit be utilized to search all inside areas of a school building, including lockers, at a time when students are or are not present. If a search takes place in a classroom when students are present, all will exit the room, leaving all items behind.
- B. A building principal (in consultation with the Office of School Safety) may request that a canine unit be utilized to search vehicles in a school parking lot or in other areas where student vehicles are parked during or after school hours. If a dog alerts to a student's vehicle, the student will be required to unlock the vehicle doors and trunk for internal inspection. Any refusal to unlock the vehicle will be handled by law enforcement.
- C. Any illegal drugs and/or contraband found on school grounds, whether in a student locker,

vehicle, or any other place on school grounds, will be confiscated and the student may be subject to disciplinary action specified in the **Student Code of Conduct**.

- D. The student's parent(s)/guardian(s) shall be notified should illegal drugs and/or contraband be discovered.
- E. This policy shall be included in the student handbooks. This policy shall not be implemented until parent(s)/guardian(s) and students are provided written notice of this policy.

Searches of School Lockers, Student Automobiles, and Students' Persons

Student lockers, desks and other such property are owned by the school. The school exercises exclusive control over this school property, and students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials. Students are responsible for whatever is contained in desks, lockers, and district owned electronics issued by the school.

Vehicles parked on school property are subject to search by the principal or the principal's designee if the principal or his or her designee has reasonable cause to believe

that contraband is in or on the vehicle.

Students and their personal effects are subject to being searched by the principal or his or her designee if there is reasonable cause to believe that the student is in possession of contraband or evidence indicating that the student has otherwise violated the **Student Code**

of Conduct. This includes all student pockets, purses, backpacks, and other kinds of carrying devices, and any personal computing, communication, and data storage devices. If the student does not allow the search, Law Enforcement may be called.

SECRET ORGANIZATIONS

Under state law, it is “unlawful for the pupils of any public secondary school to participate in or be members of any secret organization.” The Board of Education is

empowered to deny to any student who violates the law any or all privileges of the school, or it may expel such student for failure to comply with the law.

STUDENT ATTENDANCE

Attending school on time and every day is a critical and necessary factor for student success. Showing up for school and being ready to learn impacts a student’s academic success and their connectedness to school starting in kindergarten and continuing through high school. Students are expected to arrive on time and be engaged in learning throughout the academic day.

Attendance matters. Students who attend school regularly are more likely to be on or above grade level academically, be socially and emotionally connected to the school and staff and remain on track to high school graduation.

Ensuring students arrive on time and attend school throughout the day is everyone’s responsibility.

In addition to in-person learning, students enrolled in the Omaha Public Schools may also receive instruction at home through remote learning. Guidelines and expectations of the Omaha Public Schools Attendance Policy 5008 remain in effect for students in remote learning environments or programs.

Student Responsibilities

- Establish bedtime and morning routines
- Arrive on time and attend the entire day
- Miss fewer than 9 days of school throughout the year
- Communicate with teachers

Parent/Guardian Responsibilities

- Establish bedtime and morning routines
- Ensure your child(ren) arrive to school on time and attend the entire day

- Encourage and monitor attendance
- Schedule any medical or other appointments after school or on non-school days
- Communication is key – talk with teachers and school staff to report absences

Teacher Responsibilities

- Create a positive classroom culture of why attendance matters
- Encourage attendance
- Set and monitor attendance goals with students and parents(s)/guardian(s)
- Collaborate with school staff and families to address attendance concerns
- Celebrate students who are meeting attendance goals

Administrative and Support Staff Responsibilities

- Create a positive school culture of why attendance matters
- Encourage and communicate the importance of attendance
- Set and monitor attendance goals with staff, students and parent(s)/guardian(s)
- Collaborate with school staff and families to address attendance concerns
- Celebrate and recognize attendance

Please see OPS Policy 5008 Student Attendance for more information.

STUDENT SIGNATURE OF RECEIPT OF SCHOOL RULES

The signature on the Receipt of Student Handbook verifies that a copy of the Student Handbook, which contains the **Student Code of Conduct** and other school rules, was received. The signature shows agreement to accept responsibility to know the contents of the handbook, to understand the rules for students contained

in it, and that the rules will be followed. In elementary schools, the signature is received by the parent(s)/guardian(s) of the student. In secondary schools, the student signs the Receipt of Student Handbook form or may sign electronically via Student Portal.

NEXT LEVEL LEARNING (SUMMER SCHOOL) AND DUE PROCESS

Students attending school classes during non-traditional times, such as spring and summer sessions, are also

held to the requirements of the **Student Code of Conduct**. However, disciplinary consequences may be

limited to short-term suspension, long-term suspension and Expulsion from Next Level Learning instructional programs. Students have the right to a hearing if more than

five days of the session are missed due to a disciplinary action.

SURVEILLANCE CAMERAS – STUDENTS

Surveillance cameras are located on all school buses and in various public spaces in school buildings. Students have no expectation of privacy in places where surveillance cameras are installed. These cameras are present to assist school officials in providing a safe learning environment for all students. Video from these cameras is not generally a student record. The video may become a student record if it is directly related to a student rather than just incidentally

related, which is determined on a case-by-case basis. Videos that are student records may be reviewed by the parent(s)/guardian(s) of the student in the presence of school officials. Videos that are student records may be used as evidence in student hearings and may become public if the parent(s)/guardian(s) request an open hearing. See OPS Policy 3231 for more information on video surveillance.

TOBACCO, ALCOHOL, DRUGS

The use of tobacco, drugs, alcohol, controlled substance, imitation-controlled substance, or abuse of non-controlled substance in the school is forbidden. The school district recognizes that student drug and alcohol abuse is a public health issue and not a school discipline, juvenile justice, or criminal issue. When students are suspected of using or abusing drugs, school staff will collaborate

with the parent(s)/guardian(s) to address the issue, and students may be referred to student assistance programs. Suspension is not considered intervention for drug use or abuse, but may be utilized in order to maintain a safe and drug free school environment.
