

Memo

Kingsway Regional School District

District Administrative Offices

Dr. James J. Lavender
Superintendent of Schools

Ms. Patricia Calandro
Assistant Superintendent

To: Kingsway Regional Administrators & Supervisors
From: Dr. James J. Lavender, Superintendent
Subject: Slow Down, Stay Alert, and Follow the Signs
Date: October 30, 2025

We are asking all drivers—students, parents, staff, and visitors—to exercise greater caution while on campus. Recently, we’ve experienced too many close calls, many involving adults behind the wheel. While it’s easy to have a “heavy foot” at times, our school grounds are not the place to speed, drive aggressively, or disregard others.

Please follow all posted traffic patterns, including the **one-way direction on Dragon Circle**, and refrain from **parking along the curb during arrival and dismissal**. Be mindful that nearly **3,000 students** enter and exit our buildings each day from multiple directions. Although we continually stress safety with our students, they are still children and rely on adults to model and practice safe driving habits.

Particular caution is needed at the **rear of the building**, where congestion increases due to buses, vehicles, and pedestrians moving in multiple directions. A few extra moments of patience and courtesy behind the wheel help ensure a safe and orderly environment for everyone on campus.
