MATHIS ISD 2025-2026

PARENT & FAMILY

POLICY

Mathis ISD is a place where life-long learners are empowered to believe in their abilities, to exceed expectations, and to be successful citizens.

What is the Parent & Family Engagement Policy?

Mathis Elementary, Intermediate & Secondary Campuses will work with all parents and families to create programs and activities that help everyone get involved in their child's education. We will plan these programs by talking to parents and listening to their ideas. To gather helpful feedback, we will ask parents for their thoughts through surveys and events.

Funding and Review

Mathis Elementary, Intermediate & Secondary Campuses gets Title I, Part A funds to help improve student learning and school performance. To do this, we work with parents and families to create a written policy that shows how we will involve them in their child's education.

This policy will be part of the Mathis Elementary, Intermediate and Secondary Campus Improvement Plans.

It will explain our goals and expectations for parent and family involvement.

We usually review and update this policy at the end of the school year to make sure it meets our needs.

MATHIS ISD PFE POLICY

MATHIS ISD WILL:

- **Working Together with Parents**
  Mathis ISD will work with parents to plan, review, and improve our school programs. We will make sure parents have a say in how we create our Parent and Family Engagement Policy and the Campus Improvement Plan (CIP). Parents can join meetings and share their ideas to help make our school better.

- **Involving Parents in School Activities**
  We offer many opportunities for parents to get involved, like volunteering, attending Academic Nights, and joining school committees. We also share information about our programs, the school curriculum, and how students are doing in school.

- **Sharing Our Plans**
  We will give parents a copy of our Parent and Family Engagement Policy. It will be included in the registration packet, the Student Handbook, and posted on our website.

- **Supporting Parent Engagement**
  Mathis ISD provides resources to support parents in getting involved in their child's education. This includes holding Parent Academic Nights, parent conferences, and offering training on how to help children with schoolwork. We will make sure all information is shared in a language parents can understand, and we encourage parents to reach out with any questions or ideas.

- **Building Strong Partnerships**
  We will work together with parents, teachers, and the community to improve student learning. This includes helping parents understand academic standards, how to track student progress, and how to work with teachers. We will also have meetings at different times to fit parents' schedules and offer other ways to meet, like Zoom.

- **Annual Meetings & Feedback**
  Every year, we will hold a meeting in early fall to discuss how parents can be involved in our school. Each year, we will also review our Parent and Family Engagement Policy to see how well its helping students do better in school. Parents will be part of this review to share their thoughts and ideas. We will look at what might be stopping parents from getting more involved and find ways to make it easier for them to support their children's learning. We will also ask parents for feedback through the CIP process and parent surveys and meetings to find ways to improve our programs and policies.

- **School-Parent Compacts**
  Together with parents, we will create a School-Home Compact. This will outline how parents, teachers, and students will work together to help students succeed in school.

Meet our Team

Dr. Todd White
Superintendent

Dr. Veroncia Gutierrez
Asst. Superintendent

Mrs. Lacy Brauchle
Elementary Principal

Mr. David Garcia
Intermediate Principal

Ms. Rox-Anne Guajardo
Middle School Principal

Mrs. Cynthia Westbrook
High School Principal

We have a district-wide parent advisory council to provide advice on all matters related to parent engagement!
