# GROVE CITY AREA SCHOOL DISTRICT

*Education at your pace, in your hometown.*

**Enroll for kindergarten now!**

## OUR PHILOSOPHY

At Grove City Area School District, we strive to ensure that all our graduates are equipped to succeed, at a minimum, in skilled workforce training and college entry programs so they have viable pathways to support their pursuit of successful futures. Our online academy helps students do this by helping them learn – on their time.

## LOCALLY BASED TEACHERS

Grove City teachers are locally based, setting us apart from our competitors. Grove City teachers have dedicated time to assist and support Online Academy students, and if an issue arises, they can quickly step in and diagnose it. Our students benefit from teachers who teach both online and in Grove City schools. Like you, they are a part of our community.

## EDUCATIONAL AND TECHNICAL SUPPORT

New this fall is a Drop-In Center at Grove City Area High School that is available to all Online Academy students, where staff can help with issues that cannot be solved online. We are a 1:1 district, meaning every student who enrolls with us has access to a Google Chromebook. Additionally, our Technology Services are in-house, meaning you will not have to rely on someone out-of-town if you have an equipment issue.

## BEING PART OF OUR COMMUNITY

Online Academy students have complete access to district extracurricular activities and resources, including athletics and clubs, along with band, choral, and musical programs. Beyond that, our students work with school counselors on their future — whether they are pursuing college, a trade school, or they're entering the workforce.

## FLEXIBILITY FOR ALL STUDENTS

Grove City Area School District uses Edgenuity, Google Classroom, and Accelerate Education (Grades K-4) to allow teachers to assign coursework. We can also address any potential social or emotional issues that a student may have. Additionally, we can add personalized assignments for students who have IEPs (Individualized Education Programs) or 504 Plans.

## PATH TO GRADUATION

Our Online Academy's graduation rates match or exceed local cyber charter school programs, even topping \*90%! We have high standards for our entire district, and our performance reflects that. When Online Academy students graduate they receive a Grove City Area School District diploma, just like their in-school peers.

\*Data from the 2022-2023 School Year
