The mission of the San Benito CISD is to provide a premier education for all students, through a positive and safe learning environment, so that its graduates are college, career, and workforce ready.

Accounting Code Structure

The Financial Accounting & Reporting Module of the Financial Accountability System Resource Guide (FASRG) contains the required accounting code structure. Use of the appropriate accounting code structure is mandatory. The code structure is available on the TEA website at www.tea.texas.gov.

A major purpose of the following accounting code structure is to establish the standard school district fiscal accounting system required by law. Although certain codes within the overview may be used at local option, the sequence of the codes within the structure, and the funds and chart of accounts, are to be uniformly used by all school districts in accordance with generally accepted accounting principles.

Exhibit #29 of the TEA FAR: 1.4.1 Overview of Account Codes

Account Code Basics

The **R** by a code indicates that the code is required for reporting purposes (PEIMS and/or Annual Financial and Compliance Report) if such codes are applicable to the school district.

R 6399 General Supplies

This code is used to classify expenditures/expenses for those items of relatively low unit cost (even though used in large quantities) necessary for the instruction process and/or for administration.

6395-6398 Supplies and Materials - Locally Defined (Convert to Object Code 6399 for PEIMS)

These codes are used, at the option of the school district, to classify supplies and materials. For PEIMS, these accounts are converted to Object Code 6399.

The FAR Module contains explanatory guidance:

6240 Contracted Maintenance & Repair Services

When contracted maintenance and repair services are rendered, the total cost of the service, including labor and parts, is to be included in the appropriate contracted services account. Maintenance contracts are to be included in the appropriate expenditure object codes defined below.

The FAR Module contains examples of costs:

6499 Miscellaneous Operating Costs

This code is used to classify expenditures/expenses for all other operating costs not mentioned above. This account includes:

- Fees (not associated with travel)
- Food/refreshments for school-related meetings

The FAR Module contains Include and Exclude tables:

Activity Funds – Overview

Campus activity funds (**Fund 461**) are school funds managed under the direction of the campus principal. These funds shall be referred to as “Campus Activity Funds”. There may be multiple sub-accounts within the Campus Activity Fund as illustrated below:

Sub-accounts within the Campus Activity Fund are not student club or organization funds. The funds raised within the sub-accounts shall be used to benefit that respective activity under the direction of the district staff member who oversees the account, subject to the approval of the campus principal.

According to the FASRG, Site-Based Decision Making Module, activity funds historically have been accounted for by school districts in various fund groups: general fund (Fund 19X), special revenue funds (Fund 461) and agency funds (Fund 865). A school district should consider the following questions to determine the proper method and fund in which activity funds should be accounted:

- Does local board policy allow for recall of excess or unused fund balances into the general fund for general school district use? If so, these activity funds should be accounted for in the *general fund*, and revenues and expenditures should be budgeted.
- Do other persons besides the students involved in the activity fund (teachers, sponsors, principals, administrators, etc.) have access to activity fund? If so, this money should be accounted for in *Fund 461 - Campus Activity Funds*.
- Do activity fund financial decisions rest solely with the students? If so, this money should be accounted for in *Fund 865 - Student Activity Account* which serves as an agency account for student club or class funds.

The district has made the determination that all Campus Activity Funds will be accounted for in Fund 461. This shall include the principal's activity account and other accounts such as the library, grade level teachers, athletics, etc.

The district has made the determination that all Student Activity Funds will be accounted for in Fund 865. This shall include all student organizations and clubs that meet the definition of a bona fide club or chapter, i.e. have elected officers and by-laws.

Campus Hospitality or Sunshine (Faculty Fund) accounts shall be accounted for in Fund 865 in accordance with the FASRG.

The expenditure of Campus and Student Activity funds shall be in accordance with district policy and procedures. The following Allowable and Non-Allowable expenditures are for illustration purposes only, this is not an all-inclusive list. A final decision regarding allowability will be made at the time of the purchase order and/or payment approval.

Allowable

- a. Student trip related expenses such as meals, entry fees, lodging, transportation, etc.

- b. Staff or student meals or refreshments (infrequent and nominal cost)
- c. Awards/incentives (non-cash) of nominal value
- d. Club supplies
- e. Equipment, but it must be donated to the campus or district
- f. Rentals such as vehicles, equipment, etc.
- g. Contracted services such as printing, DJ services, motivational speaker, photographer, etc.

Campus activity funds (under the control of the principal) shall be collected, receipted, and deposited to the district's business office on a daily basis. A **Student Activity Fund Detailed Deposit Slip** (available in Forms online) shall be used to submit funds collected to the business office. Refer to cash/check handling procedures. All monies collected should be receipted in a receipt book [bound and pre-numbered receipts].

Campus activity funds are managed using a centralized system. All deposits and expenditures under a centralized system shall be made through the district business office.

Campus activity funds shall be primarily used to benefit students in accordance with School Board Policy. [Refer to School Board Policy CFD Local] Typical uses include field trip fees, awards, incentives, etc. These funds shall not be used for "gifts" to students and/or staff. Budgeted funds shall not be used to generate activity funds, nor shall staff (administrative/support) earn wages while generating activity funds. Giving of staff time to generate activity funds shall be voluntary.

Generating activity funds shall not in any way compete with the district food service activities. Activity funds generation shall be a passive activity and shall not detract from the district's overall primary educational purpose. The generation and expenditure of campus activity funds shall be held to the same standard and scrutiny as that of appropriated funds. Activity funds shall be audited and must adhere to accepted business practices.

Activity Accounts (Student Organizations & Faculty Funds) – Fund 865

Student and Faculty activity funds (**Fund 865**) are held in a trustee capacity by the district and they consist of funds that are the property of students or others. These funds are not district or campus funds, but rather trust funds belonging to the students and/or faculty. The funds may be used in any manner to benefit the students and/or faculty at the direction of the students and/or Faculty Committee subject to the oversight and approval of the campus principal as "trustee" over the funds.

A **Student Activity Fund Detailed Deposit Slip** shall be used to submit funds collected to the business office. Refer to the **Cash Management Procedures**. All monies collected should be receipted in a receipt book [bound and pre-numbered receipts] or on the **Activity Funds Operating Report** (refer to Student Activity Forms). A **Fundraising Collections Record**

form shall be used for all non-reimbursable sales that are less than \$5.00 per transaction. Examples of these fundraisers may include: candy sales, ice cream, flowers, etc.

Student activity funds are managed using a centralized system. All deposits and expenditures under a centralized system shall be made through the district business office.

Student activity funds shall be used exclusively for the benefit of students. Typical uses include travel, awards, banquets, supplies, etc. These funds shall be used at the discretion of the student organization through designation of one or more of its officers. **Class/club meeting notes should be on file to support student decisions regarding the expenditure of their class/club funds.**

Fundraising

All fundraising shall be in accordance with the Activity Account Manual's Fundraising Guidelines. The Campus Principal shall approved all fundraisers in accordance with School Board Policy.

A **Fundraising Application for Activity Funds** should be submitted to the principal in advance of the scheduled activity and is limited to two fundraiser applications per group per school year.

Generation of student activity funds shall not in any way compete with the district's National School Lunch Program (NSLP). An Authorization to Conduct to a Fund Raiser form should be submitted to the principal in advance of the scheduled activity. Food sales during the school day shall be limited to the district pre-approved list, emailed, and approved by the Child Nutrition Program after reviewing the nutrition label of the food item. **Effective July 1, 2014, the United States Department of Agriculture (USDA) will limit the types of foods and beverages that may be sold to and consumed by students at school during the school day.** [Note: The school day is defined by the USDA as: the period from the midnight before, to 30 minutes after the end of the official school day. These standards will impact all those responsible for selling food to students including: food service departments, fundraisers, school clubs, and groups. The Smart Snack standards do not apply to food sold during non-school hours, foods sold to adults, parents, staff, and foods brought to school by a student for personal consumption. Additional information regarding the Smart Snack guidelines is available at: <http://www.fns.usda.gov/school-meals/smart-snacks-school>.

Merchandise ordered for resale should be distributed to students on a written distribution log (refer to Student Activities Forms). The merchandise distribution log should reconcile with the corresponding invoice and/or packing list.

At the end of the fund raising activity, an **Activity Funds Operating Report** should be filed with the principal. Activity funds shall be audited on at least an annual and must adhere to accepted business practices.

Merchandise ordered for resale should be distributed to students on a **Merchandise Distribution Log** (refer to Student Activities Forms). The merchandise distribution log should reconcile with the corresponding invoice and/or packing list.

Opening and Closing Student Activity Accounts

The principal shall submit a list of all clubs and organizations with the elected officers to the business office on an annual basis. A **Request to Establish a New Student Activity Account form** shall be submitted by a campus principal to the Business Office. If the requested account meets the requirements of a trust account, a Student Activity Account will be created using Fund 865. However, if the account does not meet the requirements, a Campus Activity Account will be created using Fund 461.

The assigned organization sponsor (professional staff member) shall be responsible for the proper management of the student activity accounts. Annual training will be scheduled to assist the organization sponsors in managing their respective student activity account(s). Every sponsor should complete and submit a **Sponsor Acknowledgement of Responsibility Form** to the principal.

The treasurer and/or president of the organization shall sign-off on all purchases and/or a copy of the meeting minutes shall be submitted with every purchase and payment request.

Records Retention

Since Student Activity Accounts are trust funds that the campus manages on behalf on the students, accountability for these funds is extremely high. All Activity Account records must be maintained for a period of 5 years in accordance with TSLAC minimum retention and Local Records Retention Schedule. This includes merchandise logs, receipt logs/books, profit/loss statements, etc. At the end of every school year, the principal, as part of the closeout procedures, shall collect all club records for storage on the campus for 2 years, then at the Records Center for the rest of the archival period of time. New receipt books should be issued to staff members for each fiscal year.

Hospitality/Sunshine Faculty Funds

Campuses may establish a Faculty Fund (Hospitality or Sunshine) with voluntary donations from staff. These funds are not campus funds, but rather trust funds belonging to the faculty. The funds may be used in any manner to benefit the faculty at the direction of the Faculty Committee subject to the oversight and approval of the campus principal as “trustee” over the funds.

Purchases with these funds are subject to sales tax as they represent personal purchases and not district or campus purchases. Purchases typically include flowers for ill staff members, employee recognition awards, etc. These funds shall be deposited and expended from an Agency Fund (Fund 865).

Additional information is available in the Activity Account Manual posted on the district’s business webpage: [SBCISD Forms Page](#)

Budget Amendment-Transfer Form

The appropriate forms shall be used for travel and petty cash disbursements, all other non-purchase order disbursements and/or reimbursements shall be communicated with the accounting director. State law requires that the district pay all invoices within 30 days to avoid penalty and interest charges, so all invoices should be submitted to the appropriate accounts payable clerk on a timely basis for payment.

Most federal grants contain specific disposal requirements of assets at the end of a grant period.

A purchase order form is used to purchase supplies, equipment, or services from an external vendor. Requisition forms should be created in the Online Requisition System by the requesting campus or department and submitted to the business office for approval of a purchase order. The electronic system allows users to enter purchase requests electronically, verify account balances, select pre-approved vendors, etc. at the point of data entry. Budget codes must be noted on all requisitions. If adequate funds do not exist in the appropriate account, the originator shall submit and receive approval of a budget change or amendment. A campus or department may use a **Purchasing Requisition form** on the online financial system to collect requested orders from stakeholders.

The Financial Accounting & Reporting Module of the Financial Accountability System Resource Guide (FASRG) contains the required accounting code structure. Use of the appropriate accounting code structure is mandatory. The code structure is available on the TEA website at www.tea.texas.gov.

After the requisitions pass all electronic approval paths, the purchase order form is automatically numbered for audit tracking purposes. **No employee shall order or receive goods without an approved purchase order.** A system requisition cannot be used to place an order. All purchase orders are mailed, emailed or faxed to vendors by the requestor.
