1. Start of meeting at 2:05
2. Follow up on topics from the April 18 SHAC meeting.
3. Talked about sb 629 and hb 3908
4. May 3rd met with Mr. Perez and Mr. Gallegos to go over the bills.
5. Additional people will be getting online training and will provide on hand training for principals, secondary campus administrators, assistant principals, coaches and athletic trainers, ASP coordinators, and all SHAC members. University of Texas Health – San Antonio online training will need to be done. Training kits have been ordered.
6. Provide 1 general opioid training for staff members through Frontline. Narcan availability; all the district police officers are carrying it. There is a standing order from the state of Texas that allows nurses to carry the medication. Nurses will be able to provide the Narcan. Narcan will be stored in the nurse's office, athletic trainers and in all AED boxes. When our policy was updated back in February that it was policy update manual 122, it listed all the requirements. Training needs to be scheduled for all admins, AP's, ASP coordinators. A recommendation by Mr. Perez is to create a label that indicates the NARCAN is in the AED box.
7. Questions: none
