Map Information

The bubble size is related to the cost for the specific data selected for the specific data selected above. The larger the bubble the greater the investment or need.

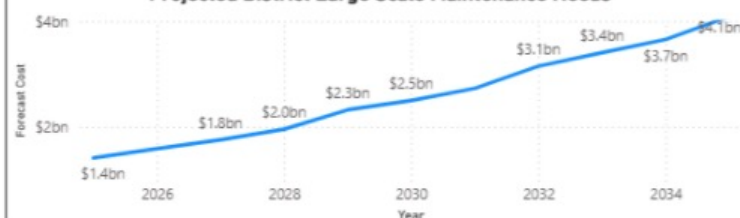

RED bubbles are facilities that are older than 50 years old, based on the original construction of the main portion of the building.

GREEN bubbles are facilities that are 50 years old or newer.

The data investments are for the last 3 years.

Average Investment per Square Foot	\$38.89	\$26.09
Projected Large Scale Maintenance Needs	\$1.13bn	\$280.5M
Average Facility Condition Index ⓘ	0.72	0.42
Average Learning Environment Index ⓘ	0.49	0.32
