Rightsizing Highlights

Rightsizing: a thorough, strategic process that optimizes the use of school facilities by aligning their capacity with the current and projected student population

Purpose

- Enrollment declined
- Population shifted
- Multiple school buildings highly underutilized

Benefits

- Increased access to additional resources and collaboration
- Efficient use of taxpayer dollars
- Savings reinvested to support more students

Long-Range Facility Planning Committee

(created in 2023)

- 13 Community Members
- 6 Administrative Staff
- 5 Teachers and Principals
- 1 Partnership Consultant
- 1 Long-range Consultant

2024 Recommendations

- Closing underutilized elementary schools
- Rezoning those areas
- Moving students to neighboring schools

Previous Rightsizing

- Orr Elementary
- Trusty Elementary

2025 Rightsizing Recommendations

- Carnall Elementary School
- Spradling Elementary School

Timeline for Next Steps

- Recommendations to School Board: December 2025
- Board Vote: January 2026
