# WHAT IS THE 4-YEAR-PLAN?

- The main objective of the 4-Year-Plan is to assist your child with their academic planning and goal setting. As they move from grade to grade they will need to make important decisions about their specific educational plan and this plan is designed to help them make informed decisions.**
  - What they put in their plan is NOT their schedule for the next 3 years of high school, but rather their goals.**
  - If they change their mind tomorrow about something they entered during their meeting, it is OK! They do not need to tell us, they do not need to change it.**
-

---
