Three Ewing High School Football Players Honored

Each week in the fall, the Delaware Valley Chapter's 12th Man Touchdown Club honors Mercer County's offensive, defensive, and special team players of the week.

As of week six of the selections, the Ewing High School Football team boasts three outstanding student-athletes who have been honored.

Week One Blue Devil Honoree: Defensive Lineman of the Week, Bryce Brown

Ewing High School senior Bryce Brown, defensive tackle, had 10 tackles and one tackle for loss against the Blue Devils' 30-23 loss against Burlington City.

Week Four Blue Devil Honoree: Special Teams Player of the Week, Nahdir Guinyard

Ewing High School sophomore Nahdir Guinyard, kick returner, scored the go-ahead touchdown with a 78-yard kickoff return in addition to five catches for 101 yards and a touchdown in the Blue Devils' 27-13 win over Trenton.

Week Six Blue Devil Honoree: Offensive Back of the Week, Ryan Greig

Ewing High School senior Ryan Greig, quarterback, completed 12 of 15 passes for 308 yards and four touchdowns, along with four carries for 20 yards and a touchdown in the Blue Devils' 40-7 win over Allentown. Greig's

Ewing High School Celebrates 2025 Homecoming!

A little rain could not dampen the spirits of the Ewing Blue Devils on Homecoming this year! The Blue Devils Football team defeated Allentown High School 40-7 on the Bruce Martz Field Saturday, October 11th, with an outstanding team performance. Senior Ryan Greig, EHS quarterback, connected with three of the Blue Devils receivers for four touchdown passes: Senior, Dasan Jones (41 yards), Sophomore, Nahdir Guinyard (95 yards), and Freshman Tristan Thompson (11 yards and 60 yards) respectively. Greig sprinted for a fifth touchdown to dominate the Allentown Redbirds and secure the win. For his outstanding effort on the field that day, Greig was selected as the Offensive Back of the Week by the Delaware Valley Chapter's 12th Man Touchdown Club.

The half-time marching band performance was stellar, and the Senior Homecoming Court was introduced to the delight of the fans. The evening

Homecoming Dance would provide the final selection of this year's Homecoming Royalty.

efforts helped lead the team to its fifth consecutive win of the season.

Congratulations to Bryce Brown, Nahdir Guinyard, Ryan Greig, and the entire Ewing High School Football team, as they have worked tremendously hard this year under the direction of the new Head Coach, Al-Majid Hutchins, and his coaching staff. The team's success is evident on the field and in the classroom. And as we say, "There is no 'I' in the word team." Go Blue Devils!

Parkway Celebrates National Physical Therapy Month!

Parkway School's physical therapist, Lisa Carlini, helps students stay strong, flexible, and ready to move! At Parkway, we celebrate the importance of healthy bodies and the amazing people who support us every step of the way.

The Ewing Public Schools

How Does a Pumpkin Grow, Charlie Brown?

Kindergarten students in Mrs. Savoy's class at Lore Elementary School investigated pumpkins as living things. The class discussed how living things grow, change, as well as what is needed to make a living thing grow. The class observed the characteristics of pumpkins and diagramed the life cycle of a pumpkin. Mrs. Savoy then opened a pumpkin so students could see what is inside, touch it, and smell it. Students then discussed their observations.

The class then planted pumpkin seeds in the classroom to explore and observe the life cycle of a pumpkin. Just maybe one of their pumpkins will be the "Great Pumpkin!"

"DUN, DUN, DUN, DUN," FMS "THE THRILL OF HORROR"

When it comes to horror, authors and composers alike rely on elements such as timing, suspense, and human emotion. As an accompaniment to the 8th Grade Language Arts unit on "The Thrill of Horror," Mr. Price, Mr. Silipino, and Ms. Sienko presented a lesson on horror movie scores through the decades, touching on scores from iconic films such as *Bride of Frankenstein*, *Psycho*, *Jaws*, and *The Shining*. Using a combination of audio clips and live demonstrations, the teachers showed the students how music can quickly go from warm and cozy to twisted and eerie with just a few changes in key. As an added bonus, Mr. Price gave demonstrations on Foley sound effects that are commonly used in horror movies. We are truly thankful for the musical talent we have here at FMS!

Lore School Welcomes New Safety Patrol for 2025–2026

Lore Elementary is excited to announce the members of the Lore School Safety Patrol (LSSP) for the 2025–2026 school year! This dedicated group is made up of fifth-grade students who proudly serve as leaders and role models in our school community.

The LSSP helps keep our hallways, arrival and dismissal areas, and school grounds safe and orderly. Patrol members assist younger students, remind classmates of school expectations, and support staff in creating a positive, respectful environment for all.

This year, we are proud to welcome Lieutenant Natalie Sabo, who will help lead the team with responsibility and care. The Safety Patrol plays an important role in making sure Lore School is a safe and welcoming place every day.

The program is run by our Technology Teacher, Ms. Hughes, who works closely with students to teach leadership, responsibility, and teamwork through their patrol duties.

We congratulate our new Safety Patrol members and look forward to a wonderful year of safety, leadership, and school pride!

Reading Helps Mental Performance on the Pitch

Members of the Rider University Men's Soccer Team visited Antheil School to read and participate in activities with our younger learners in grades kindergarten through second grade. Reading helps playing soccer by improving tactical understanding, cognitive skills, and emotional resilience.

The players seemed to have just as much fun as the students did as they interacted together. The visit was organized and planned by 5th grade teacher Ms. Heather Maierle, who is Rider University Women's Soccer Assistant Coach.

FIRE SAFETY MONTH: A VISIT FROM THE EWING FIRE DEPARTMENT

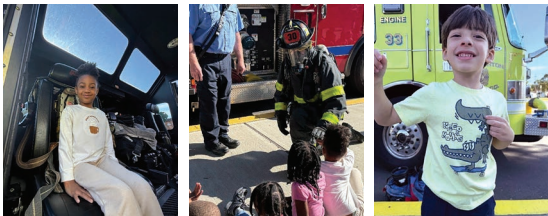

This October, O'Brien Academy (OBA) elementary and middle school students had a meaningful and memorable experience during Fire Safety Month. We were honored to welcome the Ewing Fire Department to school, where firefighters spoke with students about the importance of fire safety. Topics included how to create a home evacuation plan, what to do in case of a fire, and how to stay safe around electronic devices.

One of the highlights of the visit was watching a firefighter put on his full gear, giving students a better understanding of the equipment and the important role firefighters play in keeping our community safe. Students also had the exciting chance to explore different firetrucks up close!

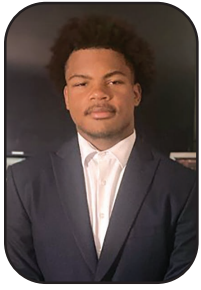

Over at Antheil, Ms. Kelly Wright's kindergarten students also participated in a fire safety visit from the Ewing Township Fire Department, Station 30. National Fire Prevention Week is observed from October 5–11 each year. This year's fire prevention week theme is: "Charge into Fire Safety™: Lithium-Ion Batteries in Your Home." Students participated in a presentation focused on Lithium-Ion Battery Safety, reviewed the importance of practicing fire safety at home, listened to a fire safety read-aloud, saw a firefighter dressed in his Personal Protective Equipment (PPE), and explored the fire trucks! During the presentation, Antheil kindergarten students displayed the 4R's of Antheil's Positive Behavior Initiative. Students were Respectful, Responsible, Resourceful, and Ready to learn!

We are incredibly grateful to the Ewing Fire Department for their time, kindness, and dedication to educating our students. Thank you for helping keep our community safe!

EHS Senior Spotlight: Meet Bryce Brown

What are you most looking forward to in your senior year of high school? I'm looking forward to making as many connections as possible and having as much fun as possible.

It is football season! The Ewing High School Football team has a new head coach, Al-Majid Hutchins. What are his expectations for players and the team as a whole? Coach Hutchins had very high expectations for us because he knew what we could be as a team. He wanted us to be the most disciplined and energetic team in the state. Coach wanted us to take the respect we deserved and work hard for it.

What position do you play? I play Left Tackle, Defensive Tackle, and Defensive End.

What has been your favorite highlight of the season thus far? There is no true highlight to the season so far for me. What has been the best is winning with my brothers.

You are a twin; your sister, Savanna, is also a senior at Ewing High School. What is it like to be a twin? I see you both are in the same AP Calculus class this year. What is it like being in the same class together? Honestly, being a twin isn't much different from having a regular sibling. Being in class with my sister is a little annoying at times because she is always criticizing me. (Siblings!)

Bryce, you are taking Introduction to Sculpture this semester. In the course description, it states that students will develop an understanding of three-dimensional form and relationship to space. Both football and sculpting mediums use your hands. Can you see any correlation between the sport and the art form? Both football and sculpting require a certain amount of patience. Sometimes

I would cut something the wrong way in sculpting, and I would get frustrated. The same applies to football, I have to be patient and keep my calm because when you don't, you make more mistakes.

What made you decide to apply to be a Peer Leader? My previous Peer Leaders when I was a freshman made a big impact on my freshman year. I wanted to do the same thing as a Peer Leader and give back to the place that gave me so much.

Who is your favorite teacher and why? Mr. Ballek is my favorite teacher because he taught me a lot about who I am as a person, and I learned how to socialize a lot better with people.

What accomplishments are you most proud of? When I was recognized as First Team All-Division last year in football. I was proud of myself because that was my first year ever playing football. I knew how hard I worked to be the best I possibly could be as a player.

Who or what has positively impacted your life? Football has positively impacted my life because I learned how to deal with adversity. It's easy to live life when everything goes your way. I didn't really experience the other side of life until I started playing football. I believe football has made me into a more complete person, and I have benefited from playing the game.

How do you define success? If you're happy with your life and are still striving for goals, then I view that as successful. Not everyone wants to do the same thing, and if you're happy with your current situation, then you're successful.

What are your plans after you graduate from Ewing High School? I plan to go to college, focus on computer science, continue my hobby of music, and attempt to take music a little more seriously.

CAMP PARKWAY TEAM BUILDING AT ITS BEST!

On Friday, October 10, 2025, to culminate the Week of Respect at Parkway Elementary School, Mr. Rob Odri facilitated a full day of cooperative and team-building activities for Parkway Elementary School 5th graders known as Camp Parkway. Throughout the day, 5th graders moved through eight different activities which focused on specific pillars of strong character: Trustworthiness, Respect, Responsibility, Fairness, Caring, Citizenship, and Cooperation. Students finished the day with a renewed understanding of their roles as leaders at Parkway School.

Congratulations to Ewing High School's Unified Soccer team for becoming the Unified Cup Division 2 Champions in the Unified Soccer Tournament on October 17th!

Ewing High School vocal teacher, Mr. Alex Minter, took his vocal music students to visit Rowan University on October 15th, to visit the college and the music department to get a feel for the campus and future educational opportunities.

The Ewing Public Schools

Antheil Elementary School students in Mr. Petchel's 4th-grade class partnered with Mrs. Wojciechowski's kindergarten class to engage in a pie-eating party, fostering positive relationships among younger and older students. Did you know pie is often associated with feelings of comfort and nostalgia? So go eat some pie!

"Humility means you're willing to give someone a bigger slice of the pie."
– Frederick Lenz

November 2025 Schedule in Ewing Schools

- Nov 4 **SCHOOL CLOSED - Staff Development Day**
- Nov 5 Unified Track State Championship Ring Ceremony @ 2:45pm
- Nov 6-7 **SCHOOL CLOSED - NJEA Convention**
- Nov 8 SAT @ EHS - 7:30am

NO Afternoon Boys & Girls Club
NO Integrated PM Preschool – Elementary Schools
NO Antheil PM Bridge Preschool
- Nov 27 **SCHOOL CLOSED - Happy Thanksgiving**
- Nov 28 **SCHOOL CLOSED - Thanksgiving Break**

Fisher Coding Students Bring Robots to Life!

Mrs. DiSimone's 7th and 8th grade coding classes at Fisher Middle School are diving into the exciting world of robotics! Students are learning to use block programming and writing algorithms to give their Edison robots a variety of drive commands.

To make the experience even more engaging, each student had the chance to customize their robot with Legos, combining creativity with technical skills.

Way to go, Eagles! Keep SOARing with creativity, problem-solving, and achievement in action.
