The Treasurer advised the Board that the notice requirements of Section 121.22 of the Revised Code and the implementing rules adopted by the Board pursuant thereto were complied with for the meeting.

Ms. Bryant moved the adoption of the following Resolution:

RESOLUTION NO. 07-96-25

Voucher Joinder Resolution

1. Whereas, the deduction of funds from the School District by the Ohio Department of Education and payment of those funds to private schools (Educational Choice, voucher funds) diminishes the amount of funding and the levels of educational opportunity for the education of the pupils in the district and

2. Whereas, the deduction of school voucher funds from the School District further reduces the funding available to support the additional needs of district minority pupils, pupils in poverty and pupils with disabilities, and,

3. Whereas, the deduction of school voucher funds from the School District can result in the involuntary transfer of district local tax revenue, approved by the voters of the District for the support of the District's operating expenses, to private religious schools for the support of those schools' programs in violation of the rights of the District taxpayers, and,

4. Whereas, the deduction of school voucher funds from the School District increases reliance on local tax revenue to maintain school operations in violation of the Ohio Constitution and clear directives of the Ohio Supreme Court.

Section 1. Now, Therefore, The Board of Education finds and determines that the deduction of school voucher funds from the School District is harmful to the district, its pupils, taxpayers, voters, and staff.

Section 2. The Board of Education authorizes and directs the School District's joinder of the Ohio Coalition for Equity and Adequacy of School Funding (Coalition) and directs the District Treasurer to pay annual Coalition dues, in the amounts described in Section 3 for the fiscal year 2025-2026, and, for a continuing period, unless rescinded by the Board.

Section 3. Coalition dues are the sum of $2.00 per district pupil (enrollment listed on the most recent report card). Dues shall be allocated by the Coalition as follows: 1) $.50 per pupil shall be initially allocated to the payment of Coalition operating expenses, and, 2) $1.50 per pupil shall be allocated to the support of the Coalition's efforts in opposition to the deduction of school voucher funds from this, and other school districts.

Mrs. Knighten seconded the motion.

Upon roll call on the adoption of the foregoing Resolution, the vote was as follows:

Mrs. Knighten, Aye; Ms. Bryant, Aye; Mr. Smith, Aye

WINTON WOODS CITY SCHOOLS
STUDENT CODE OF CONDUCT

THE WARRIOR WAY

The Winton Woods City School District is committed to helping our students achieve their highest potential! That begins with making sure that we maintain a safe and orderly environment.

TRUST

Students are expected to abide by all guidelines to ensure that a safe environment is maintained.

RESPECT

Students are expected to treat all others (i.e. peers, staff members, community members) with respect and dignity at all times.

RESPONSIBILITY

Students are expected to abide by all guidelines to ensure that a safe environment is maintained. Students are expected to be responsible for their actions at all times.

Our schools will work diligently to make sure that:

- students are well aware of behavior expectations
- expectations are routinely retaught to all students
- expected behaviors are clearly defined
- meaningful relationships are built to nurture a supportive environment
- high academic and behavioral expectations are in place for all students.

To ensure that ALL students meet our expectations, we implement Positive Behavioral Interventions and Supports (PBIS), a district-wide framework that promotes positive student behavior and academic success. PBIS emphasizes proactive strategies for defining, teaching, and supporting appropriate student behaviors to create positive school environments.

Supports that can be implemented to help our students succeed include (but are not limited to):

- Parent conferences
- Behavior interventions
- Referral to site-based therapist/agencies
- Behavior plans
- Schedule modifications
- Social Skills training
- Positive reinforcement
- Rewards
- Restorative Conversations

We encourage parents to be highly involved early in the process to help to maximize the success of their child. A strong partnership between school and home is a critical component to student success.

Steps Following Student Misbehavior

When the Principal finds that a student has committed an offense, the Principal or another school administrator will:

1. Investigate the incident, including meeting with the student and any others involved to allow them to explain the situation
2. Notify the family if a corrective strategy is used
3. Send a letter to the family if the corrective strategy is an assignment to an alternative program or location outside of the child's normal classroom assignment
4. Engage the student in a restorative conversation with the victim/affected person(s).

PREFACE

The items in this Code are applicable to all students when properly under the authority of school personnel during a school activity, function or event whether on property owned, rented or otherwise used or maintained by the Winton Woods City School District Board of Education or property owned, rented or maintained by another party. Additionally, the provisions of this Code shall apply to students if the prohibited act(s) takes place:

- while on properties immediately adjacent to school property
- while in the line of sight of school property
- on school transportation
- on the student's way to or from school
- if the act otherwise affects the operation of the schools.

This Student Code of Conduct also applies to misconduct occurring off of property owned or controlled by the Winton Woods City School District Board of Education but is connected to activities or incidents that have occurred on property owned or controlled by the Winton Woods City School District Board of Education and misconduct by a student, regardless of location, directed at a district official or employee, or property of a district official or employee.

Behavior infractions have been broken into categories based on the severity of the offense.

Category I offenses are considered minor. These offenses are handled at the school personnel level.

Category II offenses are more severe. Staff personnel may choose corrective strategies for offenses that are considered in Category II based upon severity.

Category III offenses are severe offenses that are considered major level. All Category III offenses must be handled at the administrative level.

Definition of Terms for Category 1 Offenses*

In most instances, Category I infractions will be corrected by the teacher or supervising adult in the setting where the misbehavior occurs. If a pattern of these offenses persists, consultation to set up a corrective plan may be necessary, and students may be referred to an administrator. When there is a high incidence of Category I offenses in a specific setting, administrators will provide, or arrange for, consultation and support to teachers, students or parents/caregivers to assist with creating positive behavior in that setting.

Cell Phones and other Personal Communication Devices (PCD's)

Students must not use personal communication devices or PCD's (including but not limited to phones, headphones, earbuds, tablets, gaming devices or smartwatches) during the school day. Devices must be powered off, put away out of sight and stored in lockers, purses or bookbags **during the instructional day**. Students may use their PCD's before school, after school, on the school bus and during outside school events. Any school district issued personal communication device (*e.g.,* Chromebooks or tablets) would be an exception to this restriction. School district-issued devices are permitted during school hours (except as otherwise directed by a staff member).

Cheating / Plagiarism

Students are expected to do their own work. Students must not use, submit or attempt to obtain data or answers dishonestly, by deceit or by means other than those authorized by the teacher. Examples of acts of cheating/plagiarism include any appropriation, literary theft, falsification, counterfeiting, piracy, fraud or unsupervised possession of any federal-, state- or district-mandated tests. Plagiarism includes, but is not limited to, copying word for word from references such as books, magazines, research materials or the Internet. This includes any violation of the Winton Woods City Schools' Student Testing Code of Conduct, which may result in disciplinary action and an invalidation of test scores.

Disobedience/Disrespect

Students are expected to do what school adults tell them to do. School adults include administrators, teachers, Instructional Assistants (IAs), secretaries, security personnel, custodians, bus drivers, lunchroom workers, and school volunteers, etc. Students must not argue with adults. If students do not obey the instructions and/or directions a school adult gives them, the behavior will be considered disobedient or disrespectful.

Disruptive Behavior

Students are expected to follow school-wide behavioral expectations and abide by classroom rules, routines and procedures. Students must not interrupt the learning of others or behave in a manner that causes disruption to the school environment. If a teacher or other school adult is prevented from starting an activity or lesson, or has to stop what he or she is doing to try to stop the student's behavior, the behavior is considered disruptive. For example, if a student causes a disruption in the classroom by talking, making noises, throwing objects, play fighting, horseplay, or otherwise distracting one or more classmates, the student is engaging in disruptive behavior.

Fraud/False Identification
