- Policy 146.1 - This policy is recommended to be archived.

Heidi is recommending that these two policies be retired since they put us in a position of offering things we don't have as a CTE. She will write up some language for Mr. Livengood to provide to our legal counsel for affirmation.

In the meantime, we will check with other CTEs to see if they have these policies.

Heidi with her knowledge of Special Ed will review the policies below and make recommendations by Monday. Dave will send them to our legal counsel for review and we will then compare both recommendations.
