Do You Have the FirstView App?

The district's transportation partner, First Student, is relaunching FirstView, a real time GPS vehicle tracking and student transportation monitoring platform.

With FirstView, parents and caregivers can download the secure, easy to use vehicle tracking mobile app that will allow you to stay easily connected with your student(s) daily trips.

- See real time vehicle location via GPS and track its progress.
- Easy access to vehicle details as well as updated regarding any changes.
- Receive multiple distanced-based ETA notifications when the vehicle is getting close.
- Set up family members and caregivers to receive trip email alerts.
- Dedicated customer support team for all app-related questions.

You can find all the information needed for the FirstView App HERE.

- ☐ STUCO is collecting white Christmas lights for the November dance. If you have any to donate, please send to the office.
