

# 2025-2026 Parent & Family Engagement Policy

## Title I Family Engagement Program

West Early Learners Academy is committed to our vision: Developing passion to learn...discovering purpose for tomorrow. We work hard to provide a high-quality education for all our PreK-Kindergarten students, and to develop and maintain meaningful relationships with families and the community. One way we continue to do this is by participating in the Title I, Part A State Program. This program provides funding for low socioeconomic schools to improve student achievement. In return, we promise to meet the expectations laid out for us by the Texas Education Agency and the United States Department of Education.

### Communication and Involvement are Key!

We welcome any ideas, feedback, or input as we want our school to be a place where everyone feels safe and welcome. Parents will receive a timely response from the teachers and staff. West ELA provides information about available programs through regular communication on our school website, Facebook, Parent Square, and campus newsletters. We also involve parents in the joint development and evaluation of our PFE policy, our campus needs assessment, and our campus improvement plan.

### Parent-School Compact

West Early Learners Academy believes that schools, families, and students must all share responsibility for student achievement. Therefore, we will provide all families with a Parent-School Compact explaining how each of us can do our part to ensure student success. This compact will be evaluated and revised as needed at our Campus Planning Committee meeting each spring.

## Funding

Title I funds will be allocated for the implementation of the parent and family engagement program. Such programs, activities, and procedures will be planned and implemented with meaningful input from the parents and families at our school.
