

BOARDMAN LOCAL SCHOOLS

INCLEMENT WEATHER/ CALAMITY DAY INFORMATION

All inclement weather/school cancellations and delays will be communicated District wide. The decision to cancel or delay school will come from the Superintendent's office. These decisions are based on a number of factors, including temperatures and road conditions both at the time school starts as well as throughout the school day. Our goal is to announce any adjustment as soon as we can. We are constantly monitoring weather forecasts and will make an announcement the night before whenever possible.
