

Quarter 2 Family Newsletter

Title I Newsletter, Quarter 2, October 2025

A Message from the Principal

As we wrap up the first quarter, I want to take a moment to celebrate the wonderful start we've had together at Clark Creek Elementary! These first nine weeks have been filled with learning, growth, and connection. Our students continue to amaze us with their curiosity, creativity, and kindness, and it's been inspiring to see how much they've already accomplished.

At Clark Creek, our commitment remains strong—to provide a safe, supportive, and engaging environment where every child can thrive academically and personally. Our dedicated staff works each day to nurture a love of learning and to ensure every student feels seen, valued, and encouraged.

We are deeply grateful for the partnership we share with our families. Your support and involvement make a tremendous difference in your child's success. As we look ahead to the next quarter, we're excited to continue building on the strong foundation we've established together. Thank you for helping make Clark Creek a place where students soar!

What is Title I?

Purpose of Title I

The purpose of Title I is to ensure that all students have a fair, equal and significant opportunity to obtain a high quality education and reach, at a minimum proficiency on challenging State academic achievement standards and State academic assessments.

Title I schools are schools that receive federal funding aimed at improving student academic achievement. The goal of a Schoolwide Title I Program is to enhance the overall educational experience for all students.

The Schoolwide Plan is the foundation of the Title I Program, and it includes several important components:

- **Comprehensive Needs Assessment:** Student data is analyzed to identify strengths and areas for improvement.
- **Goals in English Language Arts (ELA) and Mathematics:** Goals are set based on the academic needs of the students.
- **Action Steps:** Action steps are developed for instruction, professional development for teachers, and ways to engage parents and families.
- **Annual Evaluation:** The schoolwide plan is evaluated to assess progress and make necessary adjustments.

We are committed to ensuring that all students receive the support they need to succeed!

Parent Rights

Parents may request information about the professional qualifications of their student's teacher(s) and/or paraprofessional(s).

Parent may request:

- Whether the student's teacher:
 - has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
 - is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived; and
 - is teaching in the field of discipline of the certification of the teacher
- Whether the child is provided services by paraprofessionals and, if so, their qualifications.

If you would like to request information about the qualifications of your student's teachers and paraprofessionals, please contact the school administrator.

Title I Meeting

If you were unable to attend the Annual Title I meeting, the presentation is available on our [website](#) under the Title I section. If you have any questions, please reach out to your school's Family and Community Engagement Liaison.

ELA Materials and Resources

Below are resources to help as you work with your student at home to support academic achievement in ELA for the second quarter. For more information about any of these resources, please contact the Family Liaison at your school.

2 digit by 2 digit multiplication

[Download](#)
77.2 KB

3 digit by two digit multiplication

[Download](#)
113.0 KB

Technology Resources

Students have access to several technology resources at home. Click the following links to access resources. Students will need to sign in using their student id# and password or scanning the QR code their teacher can provide.

School Resource Link: <https://cces.cherokeek12.net/>

Elementary School Resources Link: <https://www.cherokeek12.net/elementary-school-resources>

All of the resources highlighted below can be accessed through the school resources links above.

For more information on these and other resources you can reach out to your student's teacher or the Parent Liaison at your student's school.

Raz-Plus

Raz-Plus is a resource that contains an online library of leveled books, quizzes and reading tools that match your student's reading abilities. It allows students to use annotation tools to make notes on the text while they are reading. Teachers can monitor their progress and make adjustments as needed. After reading, students can take a quick quiz to check their comprehension.

iReady

iReady is an interactive program that helps with math skills tailored to your student's individual learning level. Your student takes a diagnostic 3 times a year and that test helps determine their current skill level. Students receive a personalized set of lessons to support their skill level. iReady builds confidence by helping your student master skills step-by-step. It helps keep learning fun and interactive!

Fluency Flight

Fluency flight is a math resource available in iReady to students in grades 2-5. It uses games and personalized activities to help them build math fact fluency. Students receive activities and games tailored to their individual needs.

ReadWorks

[ReadWorks.org](https://www.readworks.org) offers free, high-quality passages and comprehension questions for grades K-12. Students can read independently or with you—great for boosting vocabulary and critical thinking!

ReadWorks®

Work with Educators

When parents and educators work together, it creates a stronger support system for students in building academic achievement. Effective collaboration strategies include:

- Participate in Family Engagement events.
- Engage in two-way communication with your student's teacher.
- Encourage your student to share what they are learning in class.
- Utilize resources provided by the school.
- Utilize the communication tools provided by the school, such as ParentSquare, Canvas, or email.
