Except as otherwise provided under 41 CFR Part 60, all purchases or contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 shall be deemed to include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR Part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor." The equal opportunity clause provided under 41 CFR 60-1.4(b) is hereby incorporated by reference. The awarded vendor(s) agrees that such provision applies to any purchase or contract that meets the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 and the awarded vendor(s) agrees that it shall comply with such provision.

1.2. SMALL AND MINORITY BUSINESS, WOMENS BUSINESS ENTERPRISES, AND LABOR SURPLUS AREA FIRMS

The awarded vendor(s) shall comply with the requirements of 2 C.F.R. § 200.321, addressing contracting with small and minority businesses, women's business enterprises, and labor surplus area firms. To that end, the awarded vendor(s) shall (i) place qualified small and minority businesses and women's business enterprises on solicitation lists; (ii) assure that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources; (iii) divide total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises; (iv) establish delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; (v) use the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and (vi) require that, if subcontracts are to be let, to take the affirmative steps listed in subsections (i) through (v) of this paragraph.

1.3. BYRD ANTI-LOBBYING AMENDMENT

Byrd Anti-Lobbying Amendment (31 USC 1352). Vendors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant or any other award covered by 31 USC 1352. Each tier must also disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the non-federal award. As applicable, all bidders and awarded vendor(s) agree to file all certifications and disclosures required by, and otherwise comply with, the Byrd Anti-Lobbying Amendment (31 USC 1352).

1.4. CLEAN AIR ACT

Clean Air Act (42 USC 7401-7671q.) and the Federal Water Pollution Control Act (33 USC 1251-1387), as amended – Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 USC 7401-7671q.) and the Federal Water Pollution Control Act, as amended (33 USC 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). When required, vendor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act and the Federal Water Pollution Control Act.

1.5. CONTRACT WORK HOURS AND SAFETY STANDARDS

Where applicable, for all contracts or purchases in excess of \$100,000 that involve the employment of mechanics or laborers, vendor agrees to comply with 40 USC 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 USC 3702 of the Act, vendor is required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 USC 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions

which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

1.6. DAVIS BACON ACT

When required by Federal program legislation, vendor agrees that, for all prime construction contracts/purchases in excess of \$2,000, vendor shall comply with the Davis-Bacon Act (40 USC 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, vendor is required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, vendor shall pay wages not less than once a week. Current prevailing wage determinations issued by the Department of Labor are available at <https://beta.sam.gov/>. Vendor agrees that, for any purchase to which this requirement applies, the award of the purchase to the vendor is conditioned upon vendor’s acceptance of the wage determination. Vendor further agrees that it shall also comply with the Copeland “Anti-Kickback” Act (40 USC 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled.

1.7. DOMESTIC PREFERENCES

As appropriate and to the extent consistent with law, the School District should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). Produced in the United States’ means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. Manufactured products’ means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber. This requirement also applies to subawards, including all contracts and purchase orders for work or products under a Federal award.

1.8. GEOGRAPHICAL PREFERENCES PROHIBITED

Notwithstanding the domestic preferences for procurement discussed above, the School District must conduct procurements in a manner that prohibits the use of statutorily or administratively imposed state, local, or tribal geographical preferences in the evaluation of bids or proposals, except in those cases where applicable federal statutes expressly mandate or encourage geographic preference. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criterion provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

1.9. NEVER CONTRACT WITH THE ENEMY

For Federal grants and cooperative agreements, as defined by 2 CFR 200.1, that are expected to exceed \$50,000 and that are performed outside the United States, including U.S. territories, and

that are in support of a contingency operation in which members of the Armed Forces are actively engaged in hostilities, the School District must exercise due diligence to ensure that none of the funds, including supplies and services, received under the grant or cooperative agreement are provided directly or indirectly (including through subawards or contracts) to a person or entity who is actively opposing the United States or coalition forces involved in a contingency operation in which members of the Armed Forces are actively engaged in hostilities. This due diligence must be completed through 2 CFR 180.300 prior to issuing a subaward or contract.

The School District must terminate or void in whole or in part any subaward or contract with a person or entity listed in the System for Award management (SAM) as a prohibited or restricted source pursuant to subtitle E of Title VIII of the NDAA for FY 2015, unless the Federal awarding agency provides written approval to continue the subaward or contract.

1.10. SIMPLIFIED ACQUISITION THRESHOLD

Contracts for more than the simplified acquisition threshold currently set at \$250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 USC 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate. Provisions regarding Contractor default are included in the Bidding and Contract Documents and General Terms and Conditions. Any Contract award will be subject to such Bidding and Contract Documents and General Terms and Conditions. The remedies under the Contract are in addition to any other remedies that may be available under law or in equity. By submitting a Proposal, you agree to these Contractor violation and breach of contract terms.

1.11. DEBARMENT AND SUSPENSION

Debarment and Suspension (Executive Orders 12549 and 12689). A contract award (see 2 CFR 180.220) must not be made to parties listed on the government-wide exclusions in the System for Award Management ("SAM"), in accordance with the Office of Management and Budget, more commonly known as "OMB," guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR Part 1966 Comp. p. 189) and 12689 (3 CFR Part 1989 Comp. p. 235), "Debarment and Suspension." SAM exclusions contain the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. Bidder certifies that bidder is not currently listed on the government-wide exclusions in SAM, is not debarred, suspended, or otherwise excluded by agencies or declared ineligible under statutory or regulatory authority other than Executive Order 12549. Awarded vendor(s) further agrees to immediately notify the School District with pending purchases or seeking to purchase from awarded vendor(s) if awarded vendor(s) is later listed on the government-wide exclusions in SAM, or is debarred, suspended, or otherwise excluded by agencies or declared ineligible under statutory or regulatory authority other than Executive Order 12549.

1.12. BUILD AMERICA, BUY AMERICA ACT

Where applicable, the awarded vendor agrees that unless a domestic preference requirement is waived by the United States Department of Education or other applicable agency, for infrastructure projects or activities funded by Federal grants or funds: (i) all iron and steel used in the infrastructure project or activity which is subject to the contract are produced in the United States; (ii) all manufactured products used in the infrastructure project or activity which is subject to the contract are produced in the United

States; and (iii) all construction materials used in the infrastructure project or activity are manufactured in the United States. Build America, Buy America Act, Pub. L. No. 117- 58, §§ 70901-52. Upon request, the awarded vendor shall provide, and shall cause its suppliers, manufacturers, and subcontractors to provide a certificate(s), on a form reasonably acceptable to the School District and the applicable agency, certifying compliance with the sourcing requirements of the Build America, Buy America Act, Pub. L. No. 117-58, for the applicable infrastructure project or activity.

SUB-CONTRACTORS:

The Vendor must list and identify any third-party participants (Sub-Contractors) and explain their participation in performing the Work under the Contract. NOTE: third party participants are applicable to the same insurance requirements as the Contractor.
