What is the LTF? The LTF is a collaborative group of parents and professionals working together to ensure students with disabilities are receiving an appropriate education in their least restrictive environment.

When do we meet? We have 6 virtual meetings a year.

Why should I participate? Represent your school district by providing feedback, share ideas and information you learned about with your school district, identify systemic issues and be a part of the problem solving, and learn more about how you can help your own child maximize their school age years and prepare for their futures.

How do I get involved? Join any of our virtual meetings using the passcode or Contact LTF 20 Chairperson Mandy Colville MColville@thearcnepa.org for more information.
