Information item: Measure A, now that property values have gone up we were able to sell more bonds in January of 2025. With these funds we would like to replace some of our portable buildings. To put it in perspective, we have 78 portables across the district. Some of these were purchased second hand and are nearing 40 years old. They have surpassed their life expectancy. Some proposed renovations are: the removal of several portables at Shasta Meadows and adding TK classrooms, removing the portable music room at Boulder Creek and adding a permanent music room, removing 8 portables at Lassen View to make room for a new gym and classrooms, remove 4 portables at Mistletoe and adding new TK classrooms. These renovations would likely cost upwards of 19 million dollars. The recent sale of the Measure A bonds was only 4.5 million dollars. The school district will prioritize these projects and likely start with the Shasta Meadows TK classrooms and the Boulder Creek Music Room. If the projects come in under budget, we will evaluate for next steps.

Deborah Williams, CBO shared the 23-34 Bond Audit Report (Final), CBOC Annual Report and current expenditure report as of 6/30/2024. Motion made by Brian Wright to approve the annual report, seconded by Bruce Kilpatrick. Motion carried unanimously.
