Directory Last Updated: 11/01/2025

This directory information is updated six days per week, excluding holidays, Sundays, or interruptions due to system maintenance, upgrades or unplanned outages. This information is subject to change at any time. Providers may delay informing Cigna that they no longer accept new patients so we cannot guarantee that each provider is still accepting new patients. When calling to make your appointment, please confirm that the provider is a Cigna participating provider. Call Cigna Customer Service 24/7 /365 at the toll-free number on the back of your Cigna ID card for additional directory assistance including help locating a network provider for services and appointment assistance, confirming provider participation, and assistance generating a provider listing or obtaining a printed copy of the current provider directory.

Source of Information and Frequency of Validation

Dental health care provider information addressing specialty, dental office or practice affiliations, acceptance of new patients and languages spoken is obtained from an application that is completed and signed by the health care provider or through a third-party vendor. Information is updated when the dental health care provider notifies Cigna, or the third-party vendor, of changes or at least every three years. The information viewed on this site, including the Brighter Score and other facility and provider specific information is not intended to be the only or primary means for selecting and evaluating a dentist or comparing dental professionals. It is not intended to be relied upon as advice, a recommendation or an endorsement about which facility or provider to select or the quality of the dental treatment that you receive from a facility or provider. You are solely responsible for any and all decisions with respect to your dental treatment. Neither Cigna, its affiliates, nor vendors are responsible for any damages or costs you might incur with respect to your use of this site. Never disregard, avoid or delay obtaining dental advice from your provider or another health care provider because of something that you have read on this site as the site is not intended to be a substitute for professional dental advice.

Some health care providers share with Cigna or a third-party vendor the various languages spoken in their offices, and Cigna publishes that information in this directory. The languages listed are not guaranteed by Cigna and are not meant to meet any state or federal laws. Please call the health care provider to confirm the current languages spoken in their office.

"Cigna" and the "Tree of Life" logo are registered service marks of Cigna Intellectual Property, Inc., licensed for use by Cigna Corporation and its operating subsidiaries. All products and services are provided by or through such operating subsidiaries and not by Cigna Corporation. Such operating subsidiaries include Connecticut General Life Insurance Company (CGLIC), Cigna Health and Life Insurance Company (CHLIC), Cigna Health Management, Inc. and Cigna Dental Health, Inc. The Cigna Dental PPO is underwritten or administered by CGLIC or CHLIC with network management services provided by Cigna Dental Health, Inc., and certain of its operating subsidiaries. In Arizona and Louisiana, the insured Dental PPO product is referred to as the "CG Dental PPO" (CGLIC) or "CH Dental PPO" (CHLIC). In Texas, the insured dental product offered by CGLIC and CHLIC is referred to as the "Cigna Dental Choice Plan". The Cigna Dental PPO network(s) is a national reference to our network; in Texas this network(s) will be utilized with the Cigna Dental Choice Plan.

The term "DHMO" is used to refer to product designs that may differ by state of residence of enrollee, including but not limited to, prepaid dental plans, limited health service organizations, limited health maintenance organizations, managed care plans and plans with open access features.

Provider Network Selection Criteria

Cigna contracts with physicians, physician groups, dental healthcare providers professionals, associations and delivery systems, hospitals, ancillary practitioners, and facilities so that our customers can obtain the care they need at a more affordable cost. To build our networks, including marketplace networks, we look at how many primary and specialty care doctors are in a specific area. We also look at hospitals and other health care providers. This way we can make sure there are enough health care providers available to meet your health care needs so that you don't have to go a long way or spend a lot of time getting there. All doctors and hospitals must meet certain credentialing requirements and agree to rates with us before joining our network. We don't use measures related to quality, member experience, patient safety or cost to select providers.
