## We want you to be our

# Business Partner

Our Mission at Johnston Elementary is to become lifelong learners and problem solvers who set challenging goals, persevere and dream big. We show kindness and respect for all by embracing our individual differences to make our school and community a better place.

The Vision at Johnston Elementary is to be a progressive leader in education and our community by fostering an engaging learning environment where differences are celebrated. We strive to build a school culture that challenges each student academically and supports students' social and emotional growth.
