WORK-BASED LEARNING AND EXTENDED LEARNING OPPORTUNITIES

Work Experience Opportunities

CTE students in many cases can pursue what is called a "work-based learning" opportunity or an internship involving a job outside of school. "Work-based learning" experiences are always paid and students can earn high school credit. Internships are typically paid, but students do not earn academic credit. Individual schools and CTE teachers work with local employers to arrange these opportunities for their students, so your program instructor is the best source of information for what your own school offers.

SkillsUSA Washington

SkillsUSA is a national organization for students exploring trade, industrial, technical health, and service-related careers. Areas of competition include architectural drafting, construction, carpentry, computer programming, web design, and nurse assisting.

This organization promotes superior work skills, life-long education, leadership, teamwork, citizenship, and community service among its student members. It also strives to build and reinforce self-confidence, work ethic, and communication skills.

Barbering: Students in this program prepare to become a licensed barber while learning clipper techniques, barber theory, basic and advanced techniques, styling, razor shaving, and more. This program is committed to building relationships that allow students to reach their highest potential through hands-on experience. Successful students will prepare to test for their state license. This course is a commitment of 12 months of instruction to complete 1,000 hours to take the Washington State Department of Licensing written and practical examinations for licensure. Students must attend our PM Session (11:10am-1:40pm) AND our 3rd Session (1:45pm-4:15pm) and have their own transportation. This program begins with a Summer Session, Monday-Friday, 8:00am-4:30pm.
