American Foundation for Suicide Prevention

- + <https://afsp.org> - Numerous resources including how to have a conversation about suicide
- + <https://afsp.org/teens-and-suicide-what-parents-should-know> - As a parent, you can approach suicide prevention in the same way you do other safety or health issues for your children. By educating yourself, you can learn what puts kids at greatest risk for suicide – and what protects them most strongly.

Mental Health Providers

Please note that the list in this guide is not intended to be an all-inclusive list of acceptable mental health providers in Guilford County, nor an endorsement of specific agencies selected to serve Triad Math & Science Academy Schools. Best practice for providing families with options for their child to receive services is to give them the names of at least three providers from which they can choose.
