

Research Question: What Aspects of an Ethnic Culture Affect National Identity More than Others?

Importance: Understanding what ideologies regarding national identity ethnic groups in countries with high ethnic diversity align with can help understand how nationalist movements arise in these communities.

Uniqueness: Voting Records Analyses, Research has never looked at what philosophies ethnic groups in high ethno-linguistic fractionalization (ELF) countries align with

Data: Primarily Qualitative - Personal Accounts; Quantitative - Voting Records, Polls

$$ELF = 1 - \sum_{i=1}^N P_i^2$$
