

How to Request College Transcripts

If you took Dual Enrollment courses during your high school years, you will need to request a transcript from that respective college and send it to the school that you plan to attend. You will mainly do this until the END OF YOUR SPRING SEMESTER since you might be taking dual classes that semester & want to include them too.

(Some of you may need to request multiple transcripts, please verify below)

- If you took or are taking any of the **Academic** Dual Enrollment Courses, this includes ECA Courses, they are with Texas Southmost College (TSC):
