

## **SCHOOL SAFETY**

The Board recognizes that effective learning and teaching takes place in a safe, secure, and welcoming environment and that safe schools contribute to improved attendance, increased student achievement, and community support. The practice of safety shall be considered a facet of the instructional programming of the District schools by incorporating concepts of safety appropriately geared to students at different grade levels.

The Superintendent shall be responsible for developing and maintaining a comprehensive safety program/plan for the District, taking into account applicable laws, regulations, Board policies, and best practices. While the comprehensive safety program need not be a single consolidated document, it should include:

- A. The District-wide Crisis Prevention and Response Plan prepared under policy **EBCA**, which, in turn, includes the site-specific Emergency Operations Plan for each school (see also RSA 189:64 and policy **EBCA**);
- B. A Sports Injury Emergency Action Plan prepared under policy **JLCJA**;
- C. A District Communication Plan; and
- D. A School Bus Safety Program.

Additionally, to the extent not included in the above specific Board directed plans, the Superintendent will address the following areas of emphasis in the comprehensive safety plan:

- 1. Procedures that address the supervision and security of school buildings and grounds. See also **ECA**.
- 2. Procedures that address the safety and supervision of students on school property (as defined in RSA 193-D:1, V and RSA 193-F, V), during school hours, and during school-sponsored activities. See also **JLIA**.
- 3. Procedures that address people visiting school buildings and attending school-sponsored activities whether or not on school property. See also **KI** and **KFA**.
- 4. Training programs for staff and students in crisis prevention and management. See **EBCA**.
- 5. Training programs for staff and students in emergency response procedures include practice drills for fire and all hazard as required by law and Board policy **EBCB**.
- 6. Training programs for staff and students in how to recognize and respond to behavior or other information that may indicate impending violence or other safety problems. See also **EBCC**.
- 7. Procedures and training to implement employee and workplace safety per Board policy **EB**.
- 8. Training and support for students that aims to relieve the fear, embarrassment, and peer pressure associated with reporting behavior that may indicate impending violence or other safety problems.
- 9. Procedures for safe and confidential reporting of security and safety concerns at each school building.

10. Procedures for regular assessments by school security/safety professionals and law enforcement officers to evaluate the security needs of each school building and to provide recommendations for improvements if necessary. See also **ECA**.
11. Procedures for periodic assessments by school climate professionals to determine whether students feel safe and to provide recommendations for improvements in school climate at each district building.
12. Procedures for managing the behavior of children, including proper training and protocols relative to restraint and seclusions consistent with RSA 126-U and Board policy **JKAA**.
13. Training programs for staff and students in safety precautions and procedures related to fire prevention, natural disaster response, accident prevention, public health, traffic, bicycle and pedestrian safety, environmental hazards, civil defense, classroom and occupational safety, and special hazards associated with athletics and other extracurricular activities.
14. District and building level procedures to ensure timely safe schools reporting to law enforcement the N.H. Department of Education and to the School Board as required under RSA 193-D:4.

Whenever the Superintendent delegates tasks relating to the above to other District personnel, that delegation should be recorded in a manner readily accessible to others in the instance of the Superintendent's absence or departure.

Each Principal shall be responsible for the supervision and implementation of components of the safety programs in their school, inclusive of school buses, school grounds (including playgrounds), during authorized school activities (such as field trips), within school building(s) (including classrooms and laboratories), off school grounds during school sanctioned activities (including, but not limited to, work-based learning and internships), and in the use of online resources.
