

SUMMER ACTIVITIES

The Governor Wentworth Regional School Board recognizes that student learning is an ongoing process and that it is important for students to engage in learning activities even when not attending school. Therefore, the Board encourages students to develop a plan for summer activities that supports their learning and provides opportunities to pursue their interest or ability. Such activities may include a summer book reading list, attending an education-themed summer camp, engaging in extended learning opportunities and other career readiness activities, or other activities that support student learning.
