

August 2025

THE PANDA PRESS

This month in preschool:

Welcome to the 2025-2026 school year!

Our teachers and staff are eager to meet everyone and get ready to learn. This year we are starting the year getting acquainted and comfortable within our new classrooms.

Our Monthly theme this year is :
All about school

The children will learn about building a community within school, where they will start getting introduced to new materials at learning centers and begin recognizing concepts. All of our programs focus on supporting structure to explore areas across all developmental domains.

We are excited to have you here to be a part of the Panda family!

-Jessica Talbot

What's new?
