1 single-family dwelling being constructed.

In addition, there are around 34 vacant lots for development.

The number of proposed residences at this time in West Lampeter Township is 610.

Strasburg Borough

14. Eshelman Farm - Between North Jackson Street and North Decatur Street

This property is owned by Glenn and Shirley Eshleman, and no plans currently exist to develop the property.

15. Trails 2 - An extension of Sunset Avenue – two houses approved, one under construction.

16. Brendle Farm -35 Prospect Road

Primarily in Strasburg Township and is currently being reviewed for development into 54 residential units, 4 of which would be in Strasburg Borough.

Potential number of homes at this time in Strasburg Borough is 6.

Strasburg Township

17. Hartman Bridge Village

Development of a 10-acre tract at Hartman Bridge and Herr Roads to include both commercial and a 200-unit residential rental (one and two bedroom apartments) component. Construction is expected to begin this winter and extend over a five-year period with the focus on retirees and young professionals without children.

18. Meadows of Strasburg (Mersky Property – Prospect Road)

Total of 79 houses planned to be built. The development is nearly complete, with roughly 10 lots remaining.

Brendle farm, across from Meadows of Strasburg, has been purchased and plans are in development to turn property into Phase 4 with a potential of 54 residential units, 4 of which would be in Strasburg Borough.

Potential number of residences at this time in Strasburg Township is 260.

SUMMARY OF PROJECTED NEW HOMES

Summary

A total of 876 homes are potential for the next few years depending upon many factors including the economy and the sewer moratorium. The breakdown by municipality for these potential homes is as follows:

Strasburg Borough	6
Strasburg Township	260*
West Lampeter Township	610**

- * includes 200 units targeted at retirees and young professionals without children
- ** includes 175 proposed/unbuilt units at Willow Valley that will not house school-age children

Presently, we average **.2747** children per household that attend public school. If the home school, tutor, and cyber school students (350) and private/parochial students (692) are included in the calculation, the average household contains **.3779** school-age children. If Willow Valley's households (1,650) were excluded, each household would average **.4517** school-age children. If this ratio continues and if all units are built (excluding the properties that will not house school-age children), this would be an increase of approximately 138 school-age children residing in the District.

Our students come from approximately 2,015 different addresses (households). This means that approximately 19.96% of our households have students in school. If Willow Valley is subtracted, the percentage of our households that have students in school is approximately 23.86%.

Numbers of students in District buildings do not accurately reflect the number of students who are receiving their education through the District given that some students attend the Lancaster County Career and Technology Center, Lancaster County Academy, Lancaster Lebanon Virtual Solutions, or other appropriate placements located outside the District. The number of District secondary students currently being educated for either full or partial days outside the District is 109, while the number of elementary students is 19.

Growth Time Line

The closing of Strasburg Elementary School in 2013 transitioned all K-2 students to Lampeter Elementary School. The newly constructed Early Childhood Center now houses pre-kindergarten (through Owl Hill Learning Center), kindergarten, and school-aged childcare (SACC). With these transitions, the following statements are true:

1. The District continues to implement a Feasibility Study that was completed by Crabtree, Rohrbaugh and Associates. The study includes a review of all District buildings and student growth projections.
2. Given the recent opening of the Early Childhood Center, Lampeter Elementary School now houses first and second grades, and now utilizes all educational spaces for their intended purpose. Taking into account student projections based upon live births, it appears all other buildings will remain within student capacity limits for the foreseeable future.
3. All buildings continue to be properly maintained and remain in good condition given their age. The previously referenced Feasibility Study includes recommendations to enable District buildings to continue to meet the needs of all learners. Martin Meylin Middle School is currently in the middle of a comprehensive renovation process that spans multiple years. The design phases for Hans Herr Elementary School and the Athletic Fieldhouse comprehensive renovations have been approved and the process has been initiated, as outlined in the Feasibility Study.

It is, however, important to remember that enrollment numbers are based on projections. The further into the future that the one extends, the less reliable the projections become.
