

WHAT IS A FAMILY-SCHOOL COMPACT?

Our annual family-school compact offers ways that we can work together to help our students succeed. This compact details how Cure Elementary School and families can work together to help connect learning at school and at home.

Our compact includes:

- How the compact is developed
- What the school will provide to students and parents
- How communication about student progress will take place
- How teachers will help students
- Link to academic achievement goals
- Strategies that staff, parents, and students can use
- Description of how parents can play an active role at school

JOINTLY DEVELOPED

The Parent Family Engagement Committee consisting of parents, staff, and students of Cure Elementary worked together and shared ideas to develop this family-school compact.

Parents are welcome to provide feedback at any time throughout the year with surveys and meetings. All feedback will be collected and reviewed during the annual revision meeting with the committee. The compact ensures that students are provided with the best opportunity for academic achievement by the school and family working together. If you would like to volunteer to be on this committee, please email along@wallerisd.net.

BUILDING PARTNERSHIPS

There are many opportunities at our school for parents to volunteer and play a role in their child's education. Please consider joining the faculty, staff, and fellow parents through some of the following events and programs:

- Parent volunteers - Cure VIPS
- Coffee Chats

Join us for Family Learning Night on October 16, 2025!

COMMUNICATION ABOUT STUDENT LEARNING

Cure Elementary is committed to frequent two-way communication with families about children's learning. Some of the ways you can expect us to reach you are:

- Daily take-home folders
- Class Dojo (Translation available)
- S'More (Translation available)
- Skyward Family Access
- Parent-Teacher Conferences
- Progress Reports (twice a grading period)
- Report Cards
- School Flyers (Translated into Spanish)
- Weekly Classroom Newsletters
- School Website

Teachers, Parents, and Students - Together for Success

INSTRUCTIONAL AREAS OF FOCUS 2025-2026

- Increased student attendance
- Family Engagement
- Academic growth for all students in Math
- Building teacher capacity through PLCs

AT SCHOOL

Cure Elementary will work with students and their families to support students' success in reading and math. Some of our key priorities will be:

- Providing a safe and supportive learning environment by focusing on social emotional learning.
- Emphasizing effective and engaging Tier 1 instruction with professional development for teaching staff.
- Our students receiving targeted instruction in small groups in order to help them achieve the essential academic learning requirements.
- Providing resources for families to support learning at home.
- Maintaining communication about important dates and events with families through newsletters, web pages, and social media.

AT HOME

Cure Elementary parents joined staff to develop ideas about how families can support students' success.

- Connect with your child's teacher and campus through email and/or Class Dojo.
- Attend your child's parent-teacher conference and family fun nights.
- Read with your child every night for at least 20 minutes.
- Monitor your student grades and conduct through their daily folder and Skyward.
- Ensure that your student comes to school regularly and on time.
- Help your student maintain daily routines such as finishing homework and getting a good night's sleep.

CURE COYOTES

Cure Elementary students joined staff and parents to develop ideas about how they can succeed in school and thought of the following ideas to make connections between learning at home and school:

- Bring home all important flyers and notes from school
- Attend school regularly and on time
- Talk with family about what they are learning at school
