Wednesday 18 Feb 2026 – State Race SL
Thursday 19 Feb 2026 – State Race GS
Sunday 15 Mar 2026 – Wednesday 18 Mar 2026 Regionals in Loveland, CO – USSA membership required – Top 12 male/female skiers overall (6 of 8 races) qualify

Far West Racers – we understand that you may be training with your club team instead of training with the high school team. Please communicate your training schedule to the coaches. If you are a new team member you will need to attend at least one on-hill training session to race. You can submit your USSA points to the coaches for reference.

Eligibility- you must maintain a minimum GPA of 2.0 and no Fs, please be communicative with your teachers at the start of the semester.

Aktivate.com – you need an up-to-date physical and the form takes some time.

Ski Pass Information-

Mt. Rose passes will be offered to athletes sometime in November for \$299. This pass will be equivalent to the classic pass and is subject to the blackout dates for that pass type. The pass will be good for the entire season.

Communication

1. Join Remind send Text number 81010 with @99af78
2. Coach Colletti email: collettigal@gmail.com
3. Instagram – mcqueenski_team
4. Northern Nevada high school ski racing website: <https://nnsrl.net/>

Parents cannot pick up kids without talking to a coach or texting via Remind.

Transportation-

We would prefer coaches and parents to drive kids to the hill on training days. This is to avoid unnecessary time waiting for buses. We will have buses on Race days in order to allow for coaches to help with set-up prior to the race. The forms to allow for this process will be provided.

Equipment

A hard-eared helmet is required for racing

UNR ski swap Oct 31st through Nov 2nd at the convention center.

On-Hill Etiquette

- When at Mt. Rose with the team, stay with the team, and follow all coaches directions.
- When free skiing with the team we stop at the top and ski as a group meeting at predetermined locations.
- When training, a course should always be inspected prior to running the gates.
- Stop at the top of the course and talk to a Coach to ensure the course is clear prior to running the course.
- Always stop at the bottom of the course to receive feedback from the coaches.
- When with the team, there will be drills with instruction, free skiing with a coach, or training. We will not go in the park during ski team. There will be times where you will be allowed to take free runs, taking one run and coming back to a coach following that run for further instruction.
- There is no swearing allowed on course and will result in a disqualification in a race.
- It is expected to help slip and take down the course following training and races.
