Scholarship Myths

“It’s too hard to find the application.”

The application can be located using the QR code on the front, or by typing <https://ysufoundation.submittable.com/submit> into your web browser.

“The application takes too long!”

Our application takes about 30 minutes to fill out. That’s even quicker than the FAFSA!

“If I don’t qualify for federal aid, I won’t qualify for YSUF scholarships.”

While you still need to fill out the FAFSA, not all scholarships are need based.

“I filled out the application last year. Why didn’t I get a scholarship this year?”

The YSUF scholarship application must be filled out every year by February 1st.

“There are no scholarships for my major.”

With nearly 800 scholarships available, there is something for everyone. While there is no guarantee, there are plenty of possibilities.
