

THE HAWK NEWS

NOVEMBER 2025

A Message From Mr. Kimura:

"Give thanks to the Lord, for He is good; His love endures forever." (Psalm 107:1)

As we enter this season of thanksgiving, we are reminded once again of just how much we have to be grateful for. We're seeing hearts being opened to the Lord, God moving powerfully on our campus, and His presence felt every time we gather for Chapel. It's been awesome to see our students worshiping, praying together, and growing in their faith!

But even beyond all the blessings that we can see all around us, the Scripture reminds us that the greatest gift we have is God's enduring love. His love is not dependent on circumstances or situations. It's not something we have to earn or strive for. God's love for us is a gift...it's constant, unfailing, and everlasting. It's the kind of love that meets us during the highs and the lows, and it's the reason we can live with gratitude no matter what we face.

Our heartfelt prayer this month is that each of us...students, staff, and families... would come to know, in a deeper and more personal way, the fullness of His enduring love for us. When that truth takes root in our hearts, gratitude becomes more than a moment; it becomes a lifestyle.

May this Thanksgiving season fill your hearts and homes with gratitude, joy, and the peace that comes from knowing God's faithful, unshakeable, and unending love!

In Him,
Mr. Kimura

Heights Christian Schools Fall Harvest Festival Recap

Our Fall Harvest Festival was a huge success! We are so thankful for the incredible turnout and the joyful spirit that filled our campus. Throughout the evening, we truly felt the power of the Lord moving among our families, bringing laughter, fellowship, and community together in such a special way. None of this would have been possible without the support of our amazing parents, families, and staff who dedicated their time, energy, and hearts to make the event so memorable. Thank you for helping us celebrate this wonderful season with faith, fun, and gratitude!

The Big Five! Critical Thinkers

In our own words, we say, “Solve problems!” It is our goal and desire to train young people to carry out problem solving skills from a distinctively Christian worldview (Philippians 4:6-9). In all academic areas, we purpose to give them lots of opportunities to investigate beyond the obvious, differentiate between fact and opinion, use book knowledge to solve problems creatively and think critically in real-life situations. Using their noses to identify mystery smells (kindergarten science), estimating how many seeds are in a pumpkin (2nd grade math), brainstorming strategies of saying “NO” to drugs (Red Ribbon Week, all grades), and thinking beyond the obvious and gaining a greater understanding of the circumstances that impacted life in the early colonies (5th grade, social studies) are just a few great examples of our classroom teachers providing your children with a challenging, coherent and relevant curriculum that results in student achievement of the Big 5 Learning Results!
