CISAA Code of Conduct

Code for Players

At all CISAA events, the following code for players will be upheld.

- Players must act in a manner that demonstrates behaviour that is respectful of the dignity of all participants and underscores the assumption that each participant has value; opponents, officials, spectators, coaches, teammates, and volunteers.
- Integrity is paramount and to be exhibited at all times; not just when you choose to make it a priority.
- Players are to model good sportsmanship at all times; humble in victory and graceful in defeat.
- Players are to accept and abide by the spirit and letter of the rules that govern the sport.
- Players should never seek an advantage that would put the safety of others at risk.
- Players should treat visiting teams and spectators as honoured guests.
