

Calallen ISD 2025-2026
Syllabus

Campus: Calallen High School

Course and/or Grade Level: Anatomy & Physiology/ 11th & 12th

Course Description: Anatomy & Physiology is a course that will enable students to develop an understanding of the relationships between the structures and functions of the human body. The curriculum provides a basis for students to develop a strong conceptual understanding of the following human body systems: integumentary, skeletal, muscular, nervous, cardiovascular, respiratory, digestive, urinary, and reproductive. Students have the opportunity to integrate that knowledge through inquiry-based activities and laboratory investigations. This course is designed for college preparation, especially for biology and health career majors.
