

Calallen High School Course Syllabus

2025-2026

Audio Video Production

Length of Course: 1 Year

Instructor: David Rains

Work: 361 242-5626 ext. 70702

E-mail: david.rains@calallen.org

COURSE DESCRIPTION:

Almost every student has a video phone in their pocket. With that tool, a whole world of career opportunities is becoming available. Video production is probably the most universally known of all visual media and is an integral component of many technology applications. To further develop the technical knowledge and skills needed for success in the Arts, Audio/Video Technology, and Communications career cluster, students will be expected to develop an understanding of the industry with a focus on pre-production, production, and post-production audio and video activities, by producing work for the daily morning announcements.

GRADING PROCEDURES:

Assignments in this course will be directly related to the needs of the school and district and the amount and types of working equipment available, so the exact number/types of assignments is difficult to determine. In general, students will be graded on willingness to learn, flexibility, ability to work with others, timely completion of assigned tasks and projects, and adherence to class rules.

Please note:

If a student is absent on the day a homework assignment is due, he/she must turn in the assignment on the second day back in class. If a student is absent from more than one day of school, arrangements should be made by the student to turn in missing work as quickly as possible.

HOMEWORK;

Homework will occur if, and only if, students are unable to complete work in a timely fashion in class.

RETAKES/RETESTS

Students will be able to retake an exam to acquire a grade of 70 after attending tutorials.

MISSING/LATE ASSIGNMENTS

Students will be allowed to turn in late or missing assignments for up to five days with a 20-point penalty. Students will also be able to redo assignments when needed to receive up to a 70 on the given assignment.

EXTRA CREDIT:

There are no extra credit opportunities in this class.

**CALALLEN HIGH SCHOOL
AUDIO VIDEO PRODUCTION
GRADING POLICY**

Daily Average 60%

- Includes practice drills, daily assignments, timed-writings and small projects *

Tests/Projects 40%
