

Calallen ISD 2025-2026
Syllabus

Campus: Calallen High School

Course and/or Grade Level: PAC World Geography 9th & 10th Grade

Course Description: This World Geography course describes Earth's physical features, climate patterns, and the human activities that shape cultures and societies across different regions. The course emphasizes spatial thinking, analytical skills, and the interconnectedness of the world through the study of maps, human-environment interaction, and the influence of factors like politics, economics, and migration. Key topics include regional studies of continents, demography, cultural practices, environmental concerns, and the use of various tools like maps and statistical data.
