

Century Academy

School Profile 2025-2026

"Wave of the Future"

Century Academy partners students, parents, and staff to provide a dynamic learning environment that promotes high academic achievement, personal and social responsibility. Century Academy utilizes a blended learning model that combines the flexibility of independent study with the support of in person weekly hybrid classes to supplement the digital curriculum. Providing an individualized approach, Century Academy challenges their students with differentiated instruction to achieve high standards of academic achievement and success. Delivering rigorous curriculum with a flexible schedule, Century Academy offers a unique opportunity for hard working independent thinkers to achieve academic excellence. In many ways, Century Academy's delivery model is quite similar to college as our students are given much more responsibility where students work independently outside of the hybrid classes that meet once a week. Students at Century Academy must be responsible, extremely disciplined, and manage their time well.

Century Academy
The Wave of the Future

Curriculum

Through a blend of learning modalities including digital learning, direct small group, and individual instruction; Century Academy provides a rigorous curriculum that meets the needs of all levels of students in search of a successful alternative to the rigid schedule and demands of a traditional high school. In order to prepare students to contribute to the global community, Century Academy delivers a balanced and varied school curriculum designed to meet the academic, cultural, and social-emotional needs of our diverse community. Students are taught to embody the school's mission: To provide a modern, personalized approach to learning that will inspire students to reach their full academic potential. Student performance markers are annually monitored for relevance and serve as overarching goals for daily interaction on campus. All instruction is aligned with state and district content and performance standard. Century Academy has a clearly stated vision and mission statement that is based on student needs, educational research and the belief that all students can achieve at high levels. Century Academy actively engages and empowers the student in the process of learning so that they may be better prepared to responsibly participate in a diverse, complex, and ever-changing democratic society.

Culture

Unlike the stereotypical, traditional social structure of an American high school campus, Century Academy offers a small, very supportive, caring campus with an eclectic student population. All coming from different backgrounds with diverse goals, the students are welcomed into an inclusive environment where everyone is accepted and embraced.Century Academy provides a personalized approach where students and teachers build close relationships with each other. Every student is truly "seen," encouraged, and pushed to achieve their highest potential in all areas of their life. Century Academy creates a safe learning environment for all students to achieve their academic and post-secondary goals.

Community

Century Academy, an alternative 6-12 public school of choice, is located in the Conejo Valley.A suburban middle to upper middle-class community, the Conejo Valley is just 35 miles northwest of Los Angeles and 12 miles inland from the Pacific Ocean, nestled against the Santa Monica Mountains. The community consists of Thousand Oaks, Newbury Park, and Westlake Village. The population of approximately 132,000 has 57.6% white, 23.7% Hispanic or Latino, 10% Asian, 1.1% African American, and less than 1% of American Indian. Approximately 16,200 students are enrolled in the Conejo Valley Unified School district with grades TK-12. The district consists of seventeen elementary schools, five middle schools, three comprehensive high schools, an online/on ground hybrid college prep school (Century Academy), one homeschool, one continuation school, and an adult school.

Grading and GPA Calculation

GPA is calculated based on all grades earned in all classes taken from 9th -12th grade. Pluses and minuses have no value when determining GPA. The following breakdown is used:

All courses except Honors and AP:

A = 4.0 (90-100%)
B = 3.0 (80-89%)
C = 2.0 (70-79%)
D = 1.0 (60-69%)
F = 0.0 (0-59%)

All Honors and Advanced Placement courses:

A = 5.0 (90-100%)
B = 4.0 (80-89%)
C = 3.0 (70-79%)
D = 1.0 (60-69%)
F = 0.0 (0-59%)

Teachers have very high expectations for our college bound students and believe it is critical to give accurate representations of a student's preparedness and mastery on the transcript. Therefore, the faculty makes a concerted effort to protect against grade inflation.

National Merit Scholarship Program Semifinalist

(Fall 2025): 0

Enrollment by Grade
2025-2026 School Year

6th grade: 13
7th grade: 13
8th grade: 19
9th grade: 23
10th grade: 30
11th grade: 46
12th grade: 34

Student Schedule

Century Academy students have the flexibility to either work from home or come to campus, however, they are expected to take tests in our proctored computer lab. Students are typically on campus several times a week for Advisory-Teacher appointments, taking exams in the computer lab, on ground hybrid classes which include core subject areas as well as electives, tutoring opportunities, and school wide activities. Typically, students participate in about 3-4 hours of synchronous instruction and 25-30 hours of independent learning.

Demographics

White 62%
Hispanic 21%
Asian 14%
African American 3%

Class of 2025 Destinations

25% Attending 4 year colleges
