School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19

Mathematics (grades 3-8 and 11)	38	38	58	57	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement			

Pacifica School District has three district-wide Professional Development Days. These 3 days have focuses aligned to district-wide initiatives which are based on student achievement and school climate data. In 2017-2018, the first district-wide PD day was focused on the introduction and implementation of the Social-Emotional Learning (SEL) Framework. The second and third day was a menu of options that included sessions focused on Restorative Practices, Readers and Writers Workshop, Inclusive Practices, Design Thinking and Behavioral Interventions. In 2018-2019, the first district-wide PD day focused on school safety. The second day focused on the foundations to implementation of English Language Development. The third day was a menu of options with a focus on STEAM and History Social Science. In 2019-2020, the first day was focused on The BIG 5 and a School Site Safety Procedures and Plan. The second day was focused on Restorative Practices. The third day was site-based with a focus on school and district-wide initiatives of Family Engagement, Cycle of Inquiry/Improvement Science, Restorative Practices, Readers/Writers Workshop and the 6-8 Science Adoption. Pacifica School District provides our new teachers and staff with Curricular-based Professional Development each year, including Readers/Writers Workshop, TCRWP ELD, Bridges Mathematics, CPM Math and Fountas and Pinnell Reading Assessments trainings.

The teacher in the Home School Program is provided the same professional development opportunities as all of the teachers in Pacifica School District receive. Most recent PD opportunities have included Teacher's College Writing and Reading Workshop and Bridges Math training. Due to the K-8 student population, the teacher in the Home School Program will periodically meet with our Middle School content teachers for collaboration on topics such as Science, Social Studies, Math and English Language Arts. The methods of professional development have included two all day district provided workshops, various grade level and content specific collaboration sessions after school, and trainings offered through the San Mateo County Office of Education that are topic specific.
