Students of the Month

August, September, and October

Each month, our teachers and staff select students who embody Jefferson's core values of respect, responsibility, resilience, and other 42 Assets.

August: Vanessa Marcos (7th) and Daniel Kana (12th)

September: Zoey Tart (8th) and Ne' Jai Day (11th)

October: Jeremiah Orr (8th) and Dai'mun Duncan (9th)

These students have shown remarkable effort in their academics, positive behavior, and leadership within the school. We are so proud of their hard work and dedication—keep up the great momentum!

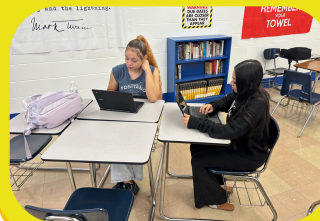

Daniel Kana

The Dayton Regional STEM Center and Sinclair Community College, in partnership with the SciTech Institute, are proud to continue the Dayton Chief Science Officers (CSO) Program—a nationally recognized, hands-on student leadership initiative that empowers young leaders in STEM education.

Thanks to generous support from the Department of Defense STEM Education Consortium (DSEC), this innovative program provides students with opportunities to:

- Build confidence, collaboration, and leadership skills
- Explore STEM awareness and future career pathways
- Strengthen communication and public speaking abilities
- Use their voices to influence STEM growth within their schools and communities

We are especially proud to celebrate our own Daniel Kana, whose dedication and leadership embody the mission of this program—connecting passion for science and innovation with service to the community.

Together we can...

SPORTS

Jefferson Boys Football

The Broncos have shown incredible heart this season, working together and earning a win this season. The team also got a chance to showcase their skills at Welcome Stadium on University of Dayton campus against Stivers High School. Go Broncos!

Girls Volleyball

Our Lady Broncos Volleyball Team continues to serve up excellence this season! The team has shown strong collaboration, perseverance, and dedication to improvement. Their energy, team spirit, and enthusiasm have truly inspired our school community. Congratulations on a great season so far!

Jefferson Alumni Inducted into the Ohio Sports Hall of Fame

We are thrilled to celebrate one of our own, Dr. Alpha Alexander, a proud Jefferson graduate who was recently inducted into the Ohio Sports Hall of Fame! This incredible achievement recognizes not only athletic excellence but also leadership, dedication, and the lasting impact they've made in their sport and community. Congratulations on this well-deserved honor and thank you for continuing to make Jefferson proud!

Exposure Experiences

Field Trips & Learning Beyond the Classroom

I-Fly STEM Experience – October 23

Our students took flight—literally—during their visit to I-Fly Indoor Skydiving! This hands-on STEM field trip gives students the opportunity to explore the science of flight, physics, and engineering in a fun, interactive way. Students participated in a STEM lab, met professional instructors, and experience simulated free-fall flight.

Dayton Art Institute – October 16

Art and culture come alive for our students as they visit the Dayton Art Institute. The trip offered an engaging opportunity to explore visual arts, history, and creativity. Students enjoyed guided tours and hands-on art activities that connect what they're learning in the classroom with real-world experiences.

Mental Health & Wellness Event – University of Dayton

Our students also attended a Mental Health Awareness & Wellness event at the University of Dayton. The event focused on stress management, emotional well-being, and the importance of seeking help when needed. Students listened to empowering messages from college mentors, health professionals, and the Head Coach of the Dayton Flyers Basketball team.
