6.3 KASB- Mr. Kevin Cole will share his report with the board at the scheduled meeting.
6.4 SEK Interlocal #637- Mr. Kevin Cole will share his report with the board at the scheduled meeting.

7. Discussion Items-

7.1 Proactive Consideration: Naloxone (Narcan) Vending Machine(s):

Across the country, schools are taking proactive steps to address the growing concern of opioid overdoses by ensuring that Naloxone (commonly known by the brand name Narcan) is available on campus. Naloxone is a life-saving medication that can rapidly reverse the effects of an opioid overdose, restoring normal breathing within minutes when administered in time. It is safe, easy to use, and has no harmful effects if mistakenly administered to someone not experiencing an overdose.

While our district has not experienced a confirmed opioid-related emergency, having a Naloxone Vending Machine readily accessible on each of our campuses would be a preventative and safety-focused measure—similar to having AEDs or EpiPens available for other medical crises. As opioid misuse continues to affect communities nationwide, this step would demonstrate our commitment to being prepared, proactive, and protective of student and staff well-being.

Due to the unfortunate rise in hidden fentanyl, which has created a national health emergency affecting our students and community members, we will discuss the possibility of placing small Naloxone dispensing units near all AED devices in our five grade schools and high school locations. This lifesaving medication would be accessible to anyone in need, and Naloxone will be provided at no cost by DCCCA. Dr. Smith provided informational handouts for board discussion during our October meeting. The item was tabled until the November Board of Education Meeting.

If the board supports this initiative, the next steps will involve collaborating with DCCCA to obtain Naloxone at no charge. This small measure could make a significant difference in emergencies and reinforces our commitment to the safety and health of every student and staff member in USD 506.

8. Action Items-

Nothing to report at this time.

9. Executive Session-

9.1 For non-elected personnel under KOMA.

Madam President, I move we go into executive session to discuss an individual employee's performance under the exception under KOMA, and the open meeting will resume in the board room at _____p.m.

10. Board Member Comments-

Individual board members are encouraged to share stories of success and opportunities for growth at this time.

11. Adjournment-

Motion to adjourn the meeting. Next Regular Meeting: *December 8, 2025,* at Curran Administrative Center, Altamont, Kansas 67330

Bartlett Grade School Board Report November 2025

Enhanced Student Opportunities

- Our 4th-grade class visited the VFW in Parsons for their Veterans' program. This is always a great experience for the kids to learn and be a part of the community.
- We are currently preparing for our annual 3rd, 4th, and 5th-grade overnight trip to Greenbush. We are hoping for great weather and look forward to this unique learning experience with our kids.

Employee Retention and Development

- PLC groups met and reviewed student writing samples from Pre-K through 8th grades. This included rich conversations regarding writing development. This activity was followed up by a survey that asked teachers for feedback regarding positive takeaways and areas they felt they needed to improve instruction.

Community Engagement

- We had our annual spook parade and were blessed with more than 10 businesses and individuals who came to pass out treats. It was great to see the community support from people all over the district.

Infrastructure and Facilities

- Maintenance has begun replacing HVAC units that are outdated or require frequent repairs.
- As always, Bryan and Logan work daily to meet the needs of the kids, staff, and the facilities.

EXCELLENCE TAKES DESIRE

A Note from the Principal

Thank you to everyone who has been able to visit the school in the past month. We have had great turnouts for Grandparent's Day and our Halloween Parade. It is a great feeling to have all of you in the building and I know the kids have enjoyed getting to share a piece of their school day with you.

As we move into November we will continue to have kids that are sick for various reasons. Please be mindful and keep them home if they are sick. They need to be fever and vomit-free for 24hrs without medicine before returning. This is the only way we can help limit whatever bug might be going around at the time.

Activities

Wrestling is underway. Bartlett has 7 students who will be representing USD 506 in junior high wrestling this year.

Junior high Basketball practice starts on the 17th.

Support Your Child's Learning

Take time to sit down and go through their work with them. Kids don't like to see their hard work just pitched into the trash can.

Reach out to the teachers whenever needed so that your child knows you are in communication with the school.

Hold your child accountable for their learning. Sometimes we have to let them have small failures so that they can learn from them. We are here to help your child grow through any learning experience.

Social Media

PTO

Thank you to everyone who has volunteered their time for PTO. It has been great to see your involvement, and our kids will have a better BGS because of it. The next meeting will be on the 11th @ 6:00 pm.

<u>Edna Christmas Program</u>

The school year is flying by and our Christmas program will be here before you know it! Our Christmas program this year is scheduled for Monday, December 8th at 6:30pm. It will be held at the Harrison Auditorium in Altamont. The Edna Bands as well as the Pre-School through 5th Grades will be presenting some fun, holiday songs to help you get in the holiday spirit. The 6th through 8th Grade students will be presenting the play, "Holiday Road Trip." Come join us as Uncle Nick leads a busload of eager travelers across the country. On the journey they find that even though holiday traditions are different in each place, the importance of togetherness, peace, joy and love tie everyone together. We are excited about this fun evening and are looking forward to seeing you there.

This performance is part of your child's music and band grade so attendance is very important. If circumstances arise that your child will be unable to attend, please contact us before the program and your child will be given a make-up assignment.

Meadow View's Board Meeting Report

November 10th , 2025

Building Management

*I have completed the first round of teacher evaluations, and all of my walk-throughs are up to date. Goal 1.1.3 Relevance meaningful learning experience

* I completed all the standard building management tasks for the month, including conducting fire drills, processing transportation requests, and updating the weekly staff calendar, among others. Goal 5.1.4 Communication.

* We conducted our second PLC (Professional Learning Community) on Thursday, October 24th. During the session, we engaged in a writing carousel activity, which involved reviewing writing samples from PreK all the way to 8th grade. This exercise provided a valuable opportunity to observe the progression of our students' writing skills throughout the years. Goal 1.1.3 Relevance meaningful learning experience

Educational Leadership

* We conducted our first Sit Team meeting of the year, during which we discussed the progress of students receiving tiered instruction and sent written correspondence regarding the tier students we reviewed. Many of our students are receiving tiered instruction in both reading and math, and most have already shown improvement. Some students have even exited interventions. Goal 5.1.4 Communication

*We conducted our first Building Leadership Team (BLT) meeting on October 21st . During the meeting, we reviewed student reading and math data from the first nine weeks, discussed attendance data, and updated our KansaStar program. Additionally, we explored strategies to enhance parental involvement in our school and discussed ways to increase enrollment and attendance. Goal 1.1.3 Relevance meaningful learning experience

Noteworthy Items

* We achieved a 97% participation rate in our Parent/Teacher conferences. We truly appreciate the support and involvement of our parents in our students' education. Goal 5.1.4 Communication

* We plan to take part in the Parsons Veterans' Parade on Tuesday, November 11th. Our band will lead the way, and students from Kindergarten through 8th grade will follow. Our students are excited about the opportunity to honor our veterans. Goal 1.1.3 Relevance meaningful learning experience

* We put in a lot of effort to share our school activities on Facebook. If you have some time, please consider following Meadow View on Facebook. You'll find a wealth of information about our activities and our students through the posts on our page. Goal 5.1.4 Communication

Administrative Report
November 2025

Building Management

- Our building announcements are sent out weekly using Bright Arrow. Also, our newsletters are sent home monthly and Facebook announcements are posted regularly.
- Our custodian, George Taylor, is doing a great job keeping the building clean and helping in emergency situations.

Educational Leadership

- Our KESA team attended the Annual KESA team meeting at Greenbush and shared the progress of our district goals. Our team shared successes and barriers during our implementation of our goals.
- During our Professional Development Day on Nov. 3rd, some of our staff participated in a poverty simulation and attended two learning session in the afternoon. While other staff attended the LETRs training.
- During our PLC meetings, teachers will discuss our building goal of improving our oral and fluency reading. Teachers will document how they have increased oral reading during the day.
- Our Parent Teachers conferences went well. We had 99% parent attendance and contact. It was great seeing our parents in the building. This is an important time for parents and teachers to communicate about individual student learning.
- Mustang Families are in full swing. Students and Staff meet once a month and are excited about this time to build relationships and make connections with each other. We appreciate our counselor, Carrie O'Brien, for organizing these activities.
- EnCore, our after-school program, has been very successful. We have most of our teachers and several para-educators participating in the program. Our daily average attendance is 55. Students have been excited about the steam rotations and hands on learning. Students will learn how to use a cricut this year. We are planning our Open House for our parents in December.
- Our Veteran's and Grandparents' Day music program was be held on Wednesday, October 15th. Our students sang patriotic and grandparent songs. During the performance, students demonstrated the folding of the flag, the white table, and explain the meaning behind the Star-Spangled banner. We had a photo booth opportunity for students and their grandparents. It was exciting to celebrate our veterans and grandparents.
- Our District Site Council meeting will be November 13th at the High School. We will have a light meal for all attending.
- Mrs. Heit, our 8th grade teacher, has been busy with our Student Council students. They meet during lunch and discuss many ideas to promote a positive school culture. They are attending several student leaderships workshops at Greenbush this school year. I'm very thankful for Mrs. Heit and our student leadership.
- Mrs. Leake and I have been working on updating our District Professional Development Plan. We plan to have our team review it and then submit it to Greenbush in December.
- I have observed teachers during walk throughs and used the KEEP evaluation tool for formal observations.
- Our district students in grades K-3 will participate in the Body Venture activities. The high school students in Mrs. Crissman's class will help with presenting the information.

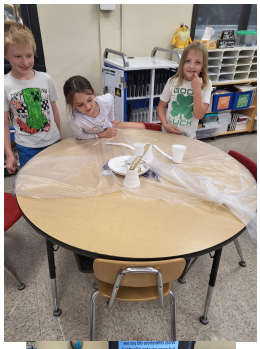

Noteworthy Items

- Prek-5 grade students dressed up in their Halloween costumes. We held our Fall classroom parties and a parade in the gym. We had a several families come to watch the student's parade.
- We had our staff vs 8th grade students' volleyball game. Students in Kindergarten – 7th grade cheered for 8th grade students and/or teachers! This was a great opportunity to build relationships with our students. The 8th grade won which hasn't happened in many years!
- Our Jr. High Basketball practice will start on November 18th. We have 12 girls and 10 boys signed up to play.
- Jr. High wrestling is going well. We have several students participating the wrestling program.
- Our 8th grade will be attending the LCC trip to observe our local college.
- Our 8th grade students will participate in CPR this month.

Respectfully,

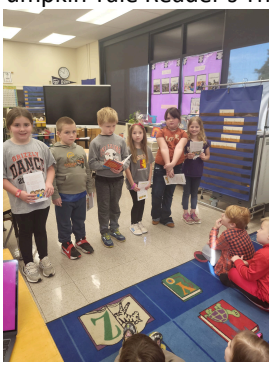

Melissa Green

In our 1st 9 weeks of Science, 2nd Grade has constructed models of mountains to show how water flows, and how water transforms huge rocks into tiny grains of sand. They also used models to show how erosion can happen.

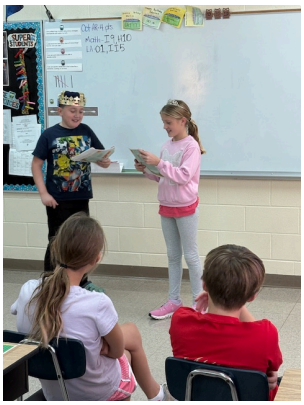

Second Grade had fun presenting A Pumpkin Tale Reader's Theater to Kindergarten and 1st Grade.

4th grade performed a readers theater from their reading series for 2nd, 3rd, and 5th grade classes.

8th measuring density in science class.

- **Athletics**
  Congratulations to our Volleyball and Football coaches and players for a great year! Way to make Mound Valley proud.

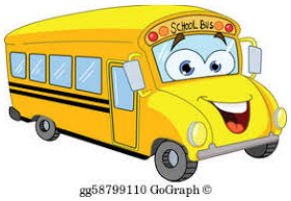

Wrestling season has started and we wish our wrestlers Good Luck! Our wrestlers include: Hunter Webster, Ethan Essig, Ariona Caulkins, Kambriegh Daniels, Ryatt Lahey, Gemma Howard. Coaches: Jenny Winters and Abbie Jones.

- **PTO Information**

What a GREAT night in the Valley for our students, families, community, and staff! The PTO funds help support learning and school activities such as book fair, educational resources, and field trips. Thank you to Kristen Hennen, PTO President, and all who helped make this a successful event. The following is a list of a some of the business who made donations:

Attendance Matters
Every student. Every day.

- Starting in kindergarten, missing 10% of school (or just 2 days every month) can make it harder to learn to read and cause children to fall behind in school.
- Good attendance, can help children do well in school, and eventually in the workplace.
- After ten absences, ALL absences will be recorded as unexcused unless accompanied by a doctor's note- per Mound Valley Handbook.

Transportation Corner/News

National School Bus Safety Week takes place the third full week of October each year. It is designed to promote school bus safety. National School Bus Safety Week is the perfect time to talk to your child about school bus safety. Tell your child that when getting on and off the bus to always watch for oncoming traffic. While at the bus stop, they should stand at least three giant steps away from the

approaching bus. The observance is also a time for motorists to learn and adhere to all the bus stopping laws.
We are thankful for our bus drivers! Thank you to Tyler Cares, Steve Black, and Lisa Vanderhofe.

- **Pre-School Screenings**
  If you know of a child who is three or four years of age please inform them of our Pre-School screenings. Please call the office to arrange for a screening time.
- **Health**
  Cold and Flu season is just warming up, so remember this time of year the added importance of good hand washing. Please encourage your child to use warm water with soap and scrub for as long as it takes for them to sing "Happy Birthday" twice, making sure they get between fingers, wrists, and backs of hands too. While hand sanitizer, vitamins, and flu shots are great, hand washing is the single best way to prevent the spread of germs.
- **Why School Breakfast?**
  Breakfast really is the most important meal of the day for kids, as it provides the necessary energy to get set for a day of learning and achievement. Some of the benefits of eating school breakfast include:
    Higher Academic Scores- Studies have shown eating breakfast at school results in higher test scores.
    Convenience & Value for Parents- School breakfast is ideal for busy families trying to get out the door quickly in the mornings. And at an average price of less than $2 per meal, it's a great value too!
- **Title 1 information-**

As a school-wide Title I program we are required, at the beginning of every school year, to tell parents they have a right to request the following information about the professional qualifications of their children's teachers.
In addition, USD 506 must notify parents if their child has been assigned, or has been taught for four or more consecutive weeks— by a teacher who is not highly qualified.
It is not the intent of USD 506 to use teacher data as a means of drawing attention to teachers or create questions as to the competency of a school's teaching staff. Rather, it is our intent to provide this data as a means of working together in upgrading teaching skills and improving instruction. Parents may request access to their student's state assessment scores.

LABETTE COUNTY HIGH SCHOOL

Updates from the Administrative Office
NOVEMBER 2025

EDUCATIONAL LEADERSHIP:

- Mr. Thompson attended the KSHSAA Regional meeting in Fort Scott.

- OUR LCHS GRIZZLY FOOTBALL TEAM deserves a huge shout out, these boys have proven to show their strength and dedication!
- Changes in what was formerly known as Parent-Teacher conferences to four Wednesday Academic late nights is off to a great start!
- Cross Country had three qualifiers for the State Meet in Wamego. Paishance Wagner, Paige Johnston Jake Haraughty.
- Lady Grizzly Tennis saw Lucy Pearson qualify for the State Tennis Meet.
- Fall Senior Recognition Night saw 52 Seniors be recognized for their participation.
- Head Football Coach, Bradley Argabright, was voted by his peers as the SEK Coach of The Year for the 2025 season.

GRIZZLY NATION is Truly a Great Place to BE-
Community support for all programs is amazing
and continues to be the foundation
Of our SUCCESS!

ENGLISH IN ACTION

Mrs. Leake

Our graphic novel class is thrilled to begin their third nonfiction novel, exploring significant historical events ranging from the infamous Bloody Benders to Martin Luther King's iconic speech and the impactful 9/11 tragedies.

Classic literature is also integrated into this course. Students are exposed to The Great Gatsby and Animal Farm, and they use in-text citations to develop their writing.

To enrich their learning experience, the class took a field trip to the Cherryvale Museum to delve deeper into Bender's mystery. Throughout the course, students have engaged in various comprehension assignments, including compare-and-contrast activities, one-pagers, and creating their own graphic novel pages.

Mrs. Wilson

In **Dystopian Literature**, students have been reading Neal Shusterman's novel Unwind, discussing symbols, themes, and real-world connections. Students are currently working on a pumpkin project, illustrating symbols from the novel on their pumpkins.

In **True Crime Literature**, students have begun reading *The Sun Does Shine,* a true account of Anthony Ray Hinton's wrongful conviction. We will analyze author's purpose and literary devices.

In **Fiction Writing**, students have been locating examples of direct and indirect characterization in works of literature and film, and then practicing incorporating those techniques in their writing.

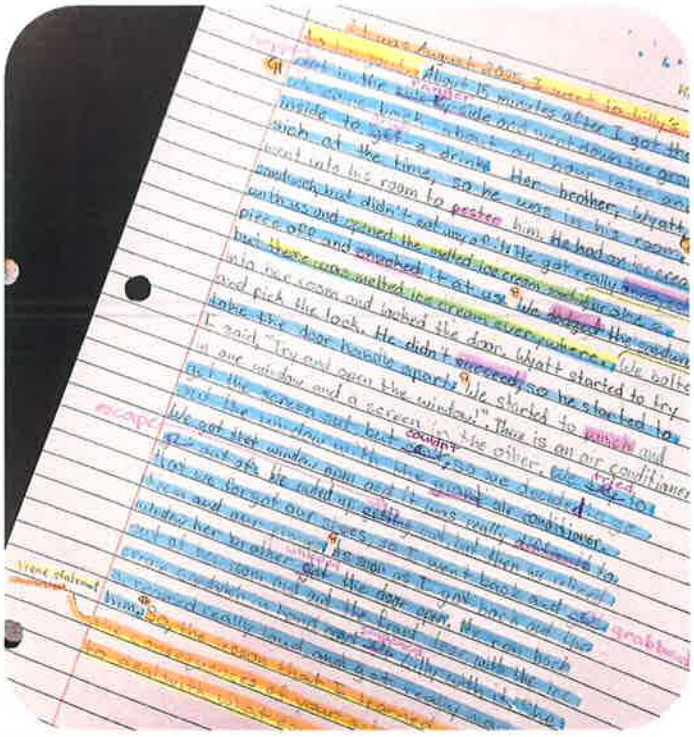

Mrs. Booth

Students in Mystery & Suspense Literature recently finished their analysis of the 1957 black and white film of *12 Angry Men*. Originally a play, this story is about a jury's deliberations in a murder trial, and it explores the idea of justice. Students enjoyed deeply analyzing the jurors and their motivations/biases.

Students are currently reading the graphic novel *Through the Woods* by Emily Carroll. This book is a collection of five gothic horror stories, each about the horrors that exist inside of a person, and the horrors we cannot see that are lurking for us in the dark (literally or figuratively).

Mrs. Chapman

This semester, students in Intro to Writing have been developing foundational writing skills through creative and analytical projects designed to strengthen their voice, organization, and critical thinking. They've explored argument and opinion writing through media analysis—most recently studying *The Nightmare Before Christmas* to practice forming and supporting claims. Students have also engaged in peer review workshops using the six traits of writing, collaborative discussions on structure and idea development, and reflective activities that emphasize the writing process from brainstorming to final draft.

OCTOBER EDITION

MATH CLUB 2025 - 2026

Math Club has one meet down and four more to go at MSSU Math League. Our November meet is virtual, but we will be on the road to FSCC to compete in their Math Relays on November 7th.

GEOMETRY

Geometry students have finished up their second unit over Logic, Reasoning & Proofs.They have also completed their second group project, the Conditional Advertisements Project. This project explored logical reasoning and how it relates to advertising slogans.

ALGEBRA 1

Algebra 1 students continue working hard having recently completed the unit over solving inequalities as well as their natural disaster projects. We are currently studying linear functions and anticipate completion of this unit prior to the Thanksgiving break.

ALGEBRA 2

HALLOWEEN

Algebra 2 students are starting to settle in and are becoming more comfortable with the challenging demands of this course. Students have completed the units over linear functions and systems of equations and are now tackling quadratic functions, refreshing their factoring skills and will take on complex numbers in the near future.

COLLEGE ALGEBRA

My College Algebra students continue to work hard. They recently complete their first unit over equations and inequalities and have moved on to our second unit on graphs and functions.

CONSUMER MATH

Consumer Mathematics aims to equip students with essential mathematical skills for managing personal finances and making informed consumer decisions. Students have been working on understanding percents and how to use them. They applied this to understanding with how stores offer discounts and how to calculate them. They also learned how to calculate a break-even analysis.

APPLIED MATH

Applied mathematics is designed to demonstrate the practical applications of mathematical concepts across various fields. To start the year, students revisited the basics by practicing operations with whole numbers, decimals & fractions. Students have been working ratios, percentage and understanding proportions.

INTRO TO ALGEBRA

Intro ro to Algebra students wrapped up their first chapter on the basics of Algebra. It focused on concepts such as combining like terms, distribution, and order of operations. Students practiced to better understand why there was an order of operations by completing a project where they created their own order of operations on a topic of their choice.

Fantastic East Hallway

The East Wing of LCHS made a strong showing this year for Halloween! Our Science Department dressed as the Fantastic 4 from the new Marvel Movie this year. Mr. Cochran as The Thing, Mr. Worsley as Mister Fantastic, Mr. Stone as Human Torch, and Ms. Taylor as Sue Storm.

Joining us as the villian, Dr. Doom, was the nefarious Mr. Walker. Staff and students alike all had a very memorable day this year!

Science in Action

College A&P (Taylor)

In College Anatomy & Physiology, we have been all about bones! Long bones, short bones, sutures, tuberosities, condyles, and foramens, WE KNOW IT ALL!!! Students have been doing a great job learning not only the 206 bones in the adult body, but also every part and process of all of these individual bones.

Physical Science (Worsley and Stone)

Students have been experimenting with electricity and circuits. They calculated their own household and personal energy consumption. They built and tested electromagnets to see how electricity and magnetism interact, then explored how these concepts make electric motors work. We've recently shifted to studying gravitational and electrostatic forces, using Coulomb's Law to compare how these invisible forces affect our daily lives.

Physics (Cochran)

The Physics class has been investigating forces during the month of October. In particular we try to use real-world examples of physics students can directly experience. So we created a "magic carpet" that students could pull each other one and then use a scale to measure the strength of the force. Once the force is measure students can then calculate the coefficient of friction with the carpet and floor.

Regular A&P (Taylor)

In Anatomy & Physiology, we had a fun look at the integumentary system. We identified the different layers of the skin and the sensory receptors and types of cells in each layer. We then tested out how well our skin cells respond to stimuli, like light touching and cold water. We have just started our Skeletal System and have been identifying the different types of bones, as well as how bones form through ossification.

Chemistry (Cochran)

.October in the Chemistry class lays a lot of groundwork for future learning. It is imperative students learn how to name and create formulas of these chemical compounds. Once this is accomplished we went to the lab for a 4 day project making acid and base solutions and reacting them with chemical indicators to confirm when a reaction is complete.

Forensic Science (Stone)

Students in the Forensic Science class recently presented research projects on infamous serial killers, exploring psychological profiles and investigative techniques used to solve their cases. To complement their studies, students also analyzed mock crime scenes, applying real-world forensic methods to collect and interpret evidence. The project gave students a hands-on understanding of criminal investigation and the science behind solving complex cases.

Zoology (Taylor)

In Zoology, we have been covering individual phylum that make up the animal kingdom. We started with Porifera and took a quick few of some sponges and have now moved on to Platyhelminthes. We have grown attached to our very own pet planarians and with the help of our scalpels, cut our flatworms in half to see regeneration and mitosis up close and personal.

Biology (Worsley)

Students have been busy identifying organelles under the microscope and comparing plant and animal cells. They then connected structure to function by investigating photosynthesis and the cell cycle. Students were introduced to how mitosis and meiosis drive growth, repair and reproduction. A highlight was our Chernobyl case study, where students examined how radiation affects living organisms and learned how mutations can arise from DNA damage.

Astronomy (Cochran)

Students in the Astronomy class have started studying light and telescopes. The spectrum of light that comes from the Sun was a particular focus (pun intended) as this was an subject that was on the science state assessments last spring. Students were able to see the Sun through our telescope and solar filter!

Students completed a project were they had to become the third estate during the revolution and invite people to join them using a modern theme or the original time period.(Pictured above)

Constitution

We began the month with voting rights and political parties. We also looked at how interest groups and the media influence our voting decisions. Currently, we are studying the legislative branch, and in the process of scheduling Derek Schmidt to come to school to speak to all the seniors.

Sociology

In sociology, we discussed how family, education, politics, and religion impact people's lives. Students are currently working on a project creating a new school club they would like to see within the district.

College Orientation

Students completed their college applications, visited colleges, and submitted their Free Application for Federal Student Aid (FAFSA) during October. 50 students attended a college trip to Washburn University in Topeka on October 22nd. We had 15 families attend the FAFSA night on Oct 16th.

Career Orientation

Students toured Ducommun with Mr. Shields and learned about the job interview process.

Psychology

Psychology students learned about the importance of sleep and learned about sleeping disorders.

Geography

We finished up the 105 Kansas counties and began researching each of the 50 states. We also finished up the units on Europe and Asia. We are currently working on the Africa unit.

US History

We are currently transitioning our unit from the Industrial Age and Progressive Era into a study of modern civic engagement.
This project requires students to research a current issue—whether local, community-based, or national—and develop a comprehensive solution. Students will then create and record a Public Service Announcement (PSA) advocating for this solution.

Block Party

Spanish 3 students prepared a typical Spanish board game to play with the community during the block party. We had so much fun with the little kids!

Visit to Holy Name Catholic School Coffeyville, KS

My Spanish III and Spanish conversation students and I took a field trip to the Catholic school with two purposes: for my students to practice Spanish with the Hispanic students and to teach them some traditions from Spain. Also, we met Mrs. Waugh

Grade schools

To conclude Hispanic Heritage Month, elementary school students learned about Guatemalan worry dolls. They also got to make their own!

HALLOWEEN

All the students did a project to work on the kites of Guatemala, typical of the Day of the Dead.

LCHS OCTOBER 2025 HEALTH NEWS

9TH GRADE HEALTH CLASS

Freshmen health class teamed up with Mrs. Crissmans advanced health careers students! Mrs. Crissmans students delivered presentations on Time Managment, Academic Validation, Athlete Burnout, and Personal Hygiene. Freshmen health students learned a life saving skill, CPR and AED training. We have many students at LCHS that have not received CPR training. We feel it is so important for ALL students! Coach A & V

WHAT HAVE WE COVERED?

- Healthy Living
- Mental Health Awareness
- First Aid
- Caffeine Consumption
- CPR
- Mrs. Crissman Advanced Health Careers Presentations
- Domestic Violence Guest Speaker - Cyprus Jones
- Safe Dating & Healthy Relationships Guest Speaker - Crystal Ellis

DOMESTIC VIOLENCE AWARENESS

In honor of Domestic Violence Awareness Month, Crystal Ellis (local mental health therapist) and Cyprus Jones (Parsons Domestic Violence Unit victims' assistance coordinator) spoke with the freshmen health classes about recognizing and preventing domestic violence. The discussion covered red flags, the link between bullying and unhealthy relationships, and the impact of family systems. Students learned key statistics, the importance of breaking the silence, and how to access resources for help. Crystal and Cyprus are both LCHS alumni. Coach A & V

STRENGTH & CONDITIONING

For the Month of October our weight classes maxed out at the end of the 9 weeks with bench, squat, and clean. We are also implementing more explosives exercises in the next 9 weeks to prepare for the winter season sports. **Coach Brown**

WHATS HAPPENING IN PHYSICAL EDUCATION

In PE class we just completed our croquet unit! This is always a favorite of our students! This was our first competitive tournament and the kids had a lot of fun! We are beginning our first team sport, speedball. This is a fast paced game that combines basketball, football, and soccer! This game really gets kids moving and working together as a team.
Coach A & V

COACH VOLMER WEIGHTS

The beefcakes have been really focusing on new jumping and sprinting exercises. We have seen a big increase in our vertical testing and had 3 broken records during our first max out of the school year! We were so lucky to have Crystal Ellis come in to do a yoga session with our girls and they loved the switch up and the challenge of a new workout!

Health Careers

Health Science has had a busy October! Health Science III continues job shadowing at Community Health Center along with Labette Health. Thus far several students have seen procedures including c-sections, natural deliveries, femoral ultrasounds, dental surgeries, nerve blocks, epidurals, etc. Health Science IV students put on presentations for the Freshman PE classes. These peer education presentations included time management, athletic burnout, academic validation, and personal hygiene. Juniors and Seniors had the opportunity to attend the LCC Health Science day and gained information and demonstrations from respiratory, ultrasound, nursing, and xray tech departments.

Family and Consumer Sciences

Intro to FCS students are now in the kitchen cooking! They began with their dip lab, and then practiced their knife skills by making Chicago-style deep dish pizza from scratch.

Culinary Essentials students are taking a deep dive into different types of cooking methods. Students are giving individual presentations over an assigned cooking method and teaching it to the class.

Culinary Arts students have been practicing making the mother sauces and their variations, beginning with making stocks from scratch to use as bases.

Food Science students helped make several desserts for community donations, including the Altamont Boo Bash and St. Patrick's dessert auction. They finished up the month of October with a doughnut making competition.

Essentials of FAID students have been practicing creating both male and female croquis in different poses. They are now learning about how fashion has changed throughout history by drawing fashion designs for each decade.

FCCLA district officers met at the Remnant Cafe in Parsons to plan the District J-East Fall Leadership Conference, the largest event held by the district each year. Junior Becca Simpson and senior Aleks Laux will be presenting on stage as district officers, and seniors Madelyn Myers and Zoey Davis will be presenting and retiring the Colors.

Grizzly Library October Report

Literature Scholars Program

Grizzly Library is excited to launch a program designed to encourage our best readers to read well and read widely.

Students will self-select titles from a robust list of works referenced on the AP Literature test over the last 55 years and recognized as works of literary art.
As students complete each novel, poem, or play, they will meet regularly with an ELA teacher or librarian to informally discuss the work, the writer's craft, and their reading experience.

Incentive awards will be given for students who meet the goal for the year.

The purpose of the program is to

- Encourage students to read a variety of works recognized as culturally significant and/or works of literary art
- Encourage and incentivize the practice of challenging one's reading ability
- Provide time and opportunity for sharing with others the reading experience and insights gained from literature
- Create ambassadors for literature: students who share their reading experiences and encourage others to read well and widely

LABETTE COUNTY SCHOOLS

State Assessment / Benchmark Data Review

November 10, 2025

LABETTE COUNTY SCHOOLS

Revised October 2025

Title 1 Definitions

Schoolwide Title 1 - Title I Part A of the Elementary and Secondary Education Act is a federally-funded program that provides supplemental support to students in high-poverty schools. Title I aims to ensure that all children have a fair, equal, and significant opportunity to obtain a high-quality education and reach, at a minimum, proficiency on challenging State academic standards.

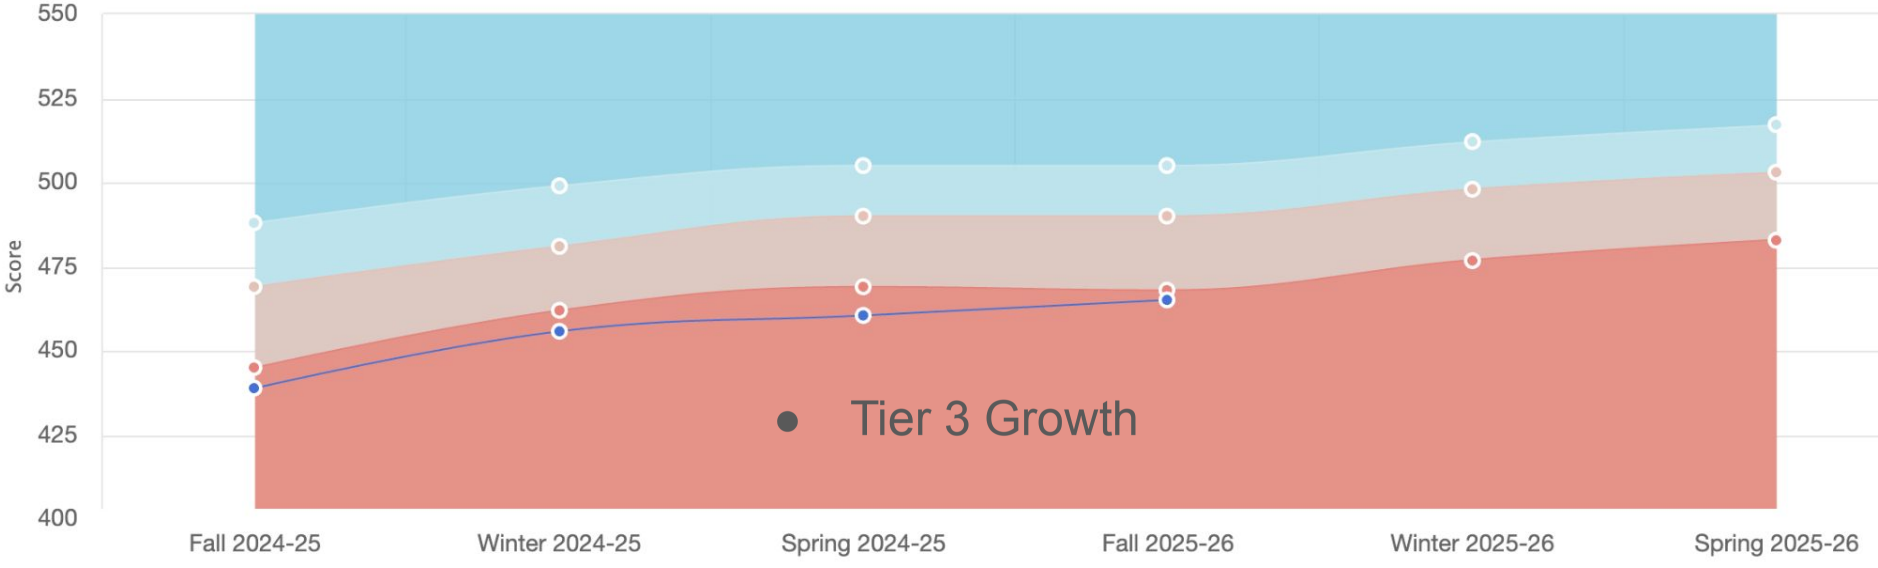

Benchmark Testing - This is district testing performed in the fall, winter, and spring. This allows teachers to monitor progress and ensure students' needs are being met. Our district utilizes FastBridge as our main testing platform and EduClimber as our data warehouse.

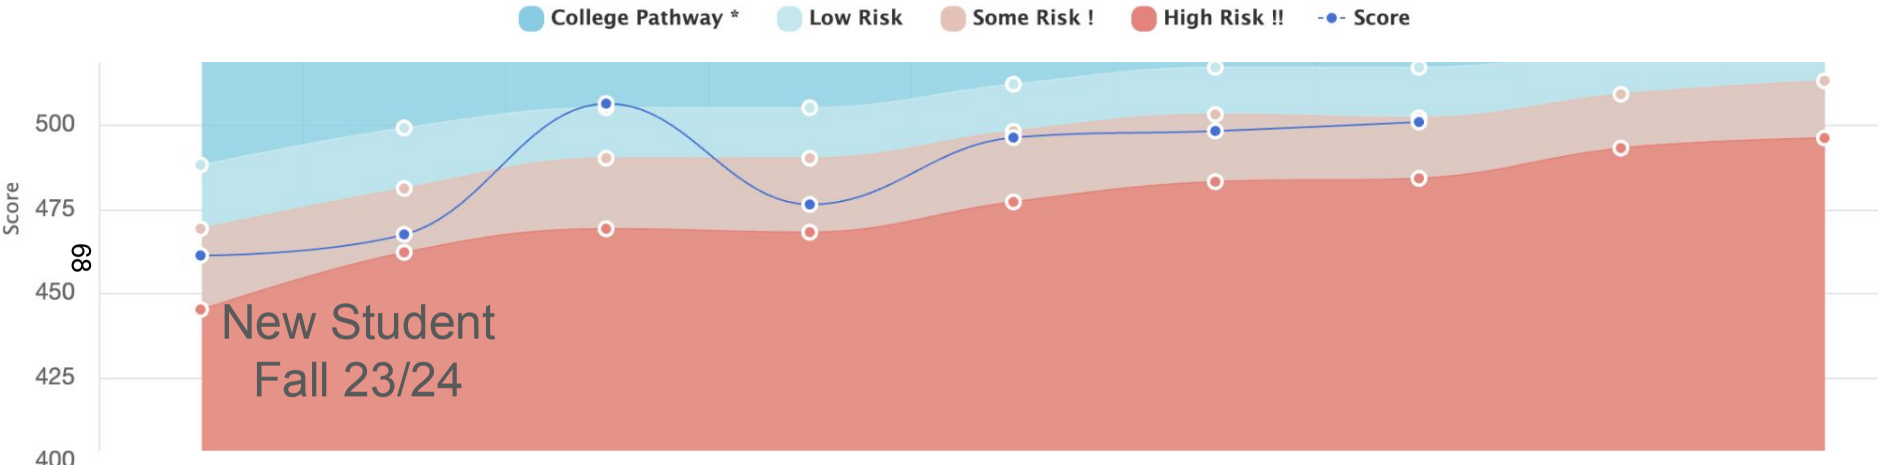

SIT - The building *(Student Improvement Team)* comprises of administration, classroom teachers, special education teachers, counselors, and school psychologists. Parents are also involved in the meetings if concerns need to be addressed. Information from these meetings along with benchmark testing helps determine intervention groups.

MTSS - *(Multi-Tier System of Supports and Alignment)* is a set of evidence-based practices implemented across a system to meet the needs of all learners. This is the framework for our Tiered intervention groups. These groups are fluid so students will move up or down depending on their progress.

- **<u>Tiered Intervention Groups</u> -** These tier groups are used for reading and math.

  Tier 1 - Students in this tier are considered at or above grade level. During Intervention groups, these students work on enrichment activities
  Tier 2 - Students in this tier are considered to have some risk of performing below grade level. Tier 2 students receive 20 minutes of focused small-group instruction.
  Tier 3 - Students in this tier are considered to be at high risk of performing below grade level. Tier 3 students receive 20 minutes of focused small-group instruction, plus 20 minutes of Tier 2 instruction, for a total of 40 minutes.

DRAFT

Communication Flow Chart for Handling Parent, Student or Community Member Issues

506 Strategic Plan

It is the Mission of USD 506 to provide a supportive and engaging learning environment, grounded in strong relationships and community involvement, where all students belong and are equipped for future success through continuous growth and accountability.

Core Values: Integrity • Relationships • Growth

Our Vision: Future-focused • Engaged • Supportive

Enhanced Student Opportunities

Goal: Enhance Curriculum & Career Readiness

- Objective: Expand CTE and career exploration opportunities starting in early grades, including partnerships with area post-secondary schools.
- Objective: Broaden and deepen K-8 curriculum offerings to include STEM, the arts, global awareness, and critical thinking skills.

Goal: Prioritize Student Well-Being

- Objective: Ensure equitable access to programs and resources.
- Objective: Strengthen school-family-community partnerships that support academic, social, and emotional growth.
- Objective: Promote a safe, inclusive culture through mental health services, anti-bullying initiatives, and restorative practices.

Employee Retention & Development

Goal: Improve Employee Value & Support

- Objective: Attract and retain quality educators and employees by offering competitive compensation and benefits.
- Objective: Enhance teaching effectiveness by providing ongoing professional development in areas such as pedagogy, technology, mental health, and inclusive practices.
- Objective: Modify the schedule to allow for increased staff collaboration.
- Objective: Create support systems to address burnout by recognizing staff achievements and providing resources to maintain high morale and energy.

Community Engagement

Goal: Improve Communications

- Objective: Strengthen and streamline communication with parents, alumni, and the broader community through centralized tools and social media.
- Objective: Increase transparency and promote community involvement by highlighting opportunities for engagement and collaboration.
- Objective: Share district achievements and opportunities.

Goal: Build Community Partnerships

- Objective: Strengthen ties with local businesses and organizations to enhance student learning and career preparation.
- Objective: Create more community events and invite businesses personally to increase involvement and awareness.

Infrastructure & Facilities

Goal: Modernize Facilities & Resources

- Objective: Prioritize the maintenance and safety of aging facilities to ensure secure and effective learning environments.
- Objective: Evaluate and pursue sustainable funding strategies to support facility improvements that reflect long-term district and community needs.
- Objective: Conduct a comprehensive demographic study and engage district and community stakeholders to develop a fiscally responsible, long-term facilities plan.
- Objective: Expand and enhance digital tools and infrastructure to support innovative, tech-enabled teaching and learning.
