

## Accident Insurance

While Accident Insurance does not replace your health coverage, it supplements the plan to assist with out-of-pocket expenses. Accident Insurance provides you with a payment to use as you see fit. You can apply the payment to help cover expenses related to an accident, or other everyday expenses. With MetLife, you'll have a choice of two comprehensive plan options which provide payments in addition to any other benefits you may receive. Here are some of the covered events/services:

### Benefit Payment Example (High Plan)

Monica’s daughter, Mia, is a Goalie for her high school soccer team. During a recent game, she collided with another player as she attempted to block a shot. Mia was knocked unconscious and taken to the local emergency room (ER) by ambulance for treatment. The ER doctor diagnosed a concussion and a broken tooth. He ordered a CT scan to check for facial fractures too since Mia’s face was very swollen. Mia was released to her primary care physician for follow-up treatment, and her dentist repaired her broken tooth with a crown. Depending on her health insurance, Monica’s out-of-pocket costs could run into hundreds of dollars to cover expenses like insurance co-payments and deductibles. MetLife Group Accident Insurance payments can be used to help cover these unexpected costs.
