2023-2024 STATE ASSESSMENT SCORES

School Improvement Goals & Progress

Nebraska Student-Centered Assessment System (NSCAS): Statewide assessments for 3rd-8th graders in English Language Arts (ELA), Mathematics and Science.

American College Testing (ACT): Standardized test for 11th graders that is used for college admissions in the United States.

GRAND ISLAND PUBLIC SCHOOLS UPWARD TRAJECTORY & FOCUS

Each day our educators—teachers and support staff alike—show-up to do the important work of inspiring students in the classroom. Part of that work also includes opportunities throughout the year to see both the growth and areas of improvement we have in our district.

Our continued upward trajectory, no matter how incremental, affirms for us that our Grand Island Public Schools teachers, support staff, academic coaches, curriculum coordinators, and principals are doing a wonderful job of educating our students. We want to keep our positive momentum going year after year.

Throughout the last year, we have seen notable growth in a number of areas:

- Every GIPS School improved in at least one measured proficiency rate.
- Half of our schools reduced their chronic absenteeism rate.
- 15 of our schools improved in Science proficiency.
- 13 of our schools showed growth in overall proficiency for English Language Learners.

The work is never done at GIPS but we are proud of the growth we are seeing in our classrooms. Positive momentum is building and our commitment to providing high-quality learning experiences for our students drives our staff every day.

We hope you enjoy learning more about our schools, staff, and students!

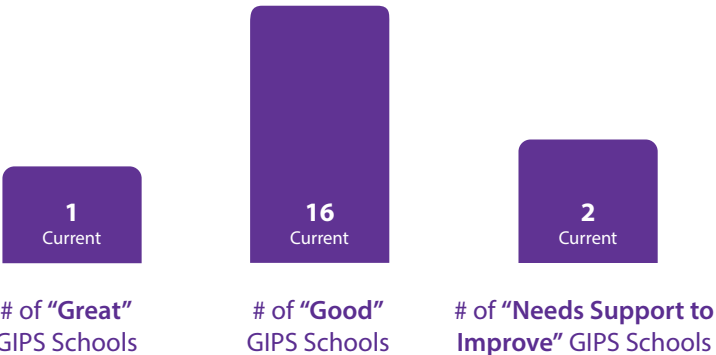

Matt Fisher,
GIPS Superintendent

Vision: Students prepared to make positive contributions to society and thrive in an ever-changing world.

Mission: Every Student, Every Day, A Success! In educating students, we teach hearts as well as minds.
