Watch for the Full Harvest Moon, which this year is a Supermoon!

When a full moon is at its nearest point to Earth, it is called a supermoon and appears larger and brighter than a full moon. This spectacular sight occurs 3 to 4 times each year. I hope you get a chance to enjoy it!

has a chance to read a little something*

Fall

by Winifred C. Marshall

**They're coming down in showers,
The leaves all gold and red;
They're covering the little flowers,
And tucking them in bed
They've spread a fairy carpet
All up and down the street;
And when we skip along to school,
they rustle 'neath our feet**
