School Improvement Goals & Progress

GRAND ISLAND PUBLIC SCHOOLS IS MOVING FORWARD

Our important work of public education is never complete — but it is rewarding when we have a chance to reflect on the positive impact being made. This annual report is a great opportunity for that reflection.

As you read, you will learn a lot about Grand Island Public Schools. Throughout the last year we have seen significant growth in a number of areas:

- Every GIPS School improved in proficiency.
- Our state report card saw eight of our schools improve in overall rating (see chart below).
- Attendance rate is 92% district wide.
- Many of our graduates are doing amazing things with their next chapter.

This growth indicates what we know to be true: our teachers, support staff, building leaders, and district support personnel are doing incredible things across our district day-in and day-out. We are proud of the positive momentum we are seeing.

Our commitment to providing great educational opportunities remains strong. We are truly committed to our mission of *Every Student, Every Day, A Success!*

We hope you enjoy learning more about our wonderful schools, staff, and students.
