Public Comment

District Policy 180.05 provides an opportunity for the public to address the Board. We value the public comment period and feedback from our stakeholders. To comply with the Open Meetings Law and to ensure consistency, public comment will have the following parameters:

- Public comment is scheduled for 15 minutes. Speakers will have three minutes in which to make their comments. Ms. Katie Heitz will signal the speaker when their time is up.
- The Board will not comment after each speaker and will reserve discussion to any items on the agenda. Speakers are welcome to stay for the meeting.
- Next steps following public comment may include: referral to the appropriate administrator for follow-up with the speaker or placement of the matter on a future Board agenda.

Approval Form – Field Trips within the School Day (Board Policy 352)			
All field trips within the school day must have building principal or his/her designee's approval at least two weeks prior to the proposed trip. Field trips further the educational process of students when there is a direct relationship between the course of study and the trip destination. In scheduling field trips, advisors shall take into consideration major religious holidays and shall refrain from scheduling events on those dates to the extent possible.			
1	Permission slips are required for all field trips.		
2	Bus transportation must be requested at least two weeks prior to the trip. The transportation request must be attached to this form.		
3	One adult chaperone is the minimum for every ten (10) students.		
4	A list of students attending must be provided to the building secretary at least 24 hours prior to the trip.		
5	In advance of the trip, arrangements must be made for students requiring special physical accommodations and medications.		
6	All students must be informed of expectations related to travel behavior, times and locations of departure, on trip behavior and plan for emergencies.		
7	The teacher responsible for the trip must provide a written summary of any and all behavior problems, medical emergencies, and/or injuries to the building administrator upon return to the school. The summary shall include teacher response to the incident.		
Field Trip Destination:		Germany	
Group Taking Trip:		OHS German American Partnership Program	
Teacher / Coach Responsible:		Jolene Wochenske

Appendix 352.08

Approval Form – Field Trips NOT within the School Day (Board Policy 352)	
Field trips, not held within the school day, which involve not more than a 400 mile round trip from Oregon or involve one overnight, must be approved by the building administrator or his/her designee <u>and</u> the Superintendent. Field trips of greater distance or time must have approval of the building administrator or his/her designee <u>and</u> the Board of Education. In scheduling field trips, advisors shall take into consideration major religious holidays and shall refrain from scheduling events on those dates to the extent possible. A preliminary request using this request format must be presented to the Board of Education for approval prior to making any commitments to students or parents. The preliminary request must indicate if there is a possibility for a follow up competitive trip later on. A final proposal should be submitted for Board approval <u>at least 30 days</u> prior to date of departure. A final proposal must include all data not available on the preliminary report.	
Attach a proposal to this form that includes:	
1	Objective of the Trip: Cultural exchange, application of learned German language and culture, immersion experience Explain how this field trip is related to the curriculum. Students have been learning German in our district since 7th grade. These students have not only learned about German language and culture, but also about being citizens of the world. This experience is a direct exchange offering our students a unique opportunity to live with a host family whose child they hosted in the fall. They will attend school and apply their knowledge and understanding on a daily basis. They will interact with familiar and unknown people and negotiate meaning in order to be understood. This is the ultimate application of their learning.
2	Itinerary of the Trip List dates, activities, name of tour company and qualifications (if applicable), transportation means, lodging, number of nights away, and activities as they relate to the trip/cause objectives. June 15, 2026 - travel by school bus to Chicago O'Hare. Flight with Lufthansa to Frankfurt. Host families will pick us up at the airport. All meals and lodging will be provided by host families. Excursions are arranged and paid for by our hosts. At the end of the host stay, we will travel via train to Berlin for four days where we will participate in activities like a parliamentary session of the federal government, a tour of the former Berlin wall, a chocolate-making workshop, a visit to the TV tower, and other various cultural activities still being planned. We will stay in a hotel. We then travel to Munich where we will tour the Altstadt and stay in a hostel. Then we will spend two days touring the area of the fairytale castles including visiting them and low-level hiking in the Alps. We will stay in a hostel. We will then return from Munich to Chicago with Lufthansa. In O'Hare, a school bus will pick us up and return us to OHS.
3	Cost and Financing Include plans which allow students to earn a portion of the cost, the amount of funds paid by the school district, booster clubs or student activity account. Currently, due to the world cup taking place in 2026 in the USA, flights are higher than normal. The cost is currently \$3500 but I will make every effort to refund any money not used. Students are welcome to participate in numerous fundraising opportunities such as Kwik Trip gift cards, Culver's Share Nights, and Suzy's cheesecakes sales.
4	Chaperoning Arrangements The adult-student ratio shall be at least 1:10. In advance of the trip, arrangements must be made for students requiring special physical accommodations and medications. Acknowledged. There will be three chaperones for 25 students.
5	Time From School Detail the amount of missed class time by students and any arrangements for work make-up. (Utilization of non-class time including vacation/holiday/weekend days is encouraged). There will be no missed school due to the fact that the trip will be after graduation.
6	Code of Ethics Behavior and rules of conduct shall strictly conform to the standards outlined in student handbooks and Board policy 8.17. Describe how this is communicated to students. Home adults and students will sign a code of conduct form. We will communicate this with them during one of a few preparation meetings leading up to the trip.
If District transportation is needed, attach the Transportation Request Form	
Principal/Designee's Approval:	Date:
Superintendent/Board Approval:	Date:
Transportation Request forwarded to Transportation Director (date): 11/5/2025	

The teacher responsible for the trip must provide a written summary of any and all behavior, medical emergencies and/or injuries to the building administrator and Superintendent upon return to school. The summary shall include teacher response to the incident.

Superintendent Search

Oregon School District Community Meetings Summary

As part of the process to select a new superintendent for the Oregon School District, persons from across the community—including families, staff, students, the Oregon Education Association, municipal leaders, law enforcement and other safety partners, and local residents—were invited to share their perspectives through a series of discussion prompts. Participants were asked to reflect on the greatest assets of the Oregon community and surrounding area, the key strengths of the school district, the most pressing issues a new superintendent will need to address, and the personal and professional characteristics most important for the district's next leader. The feedback collected provides valuable insight into the community's priorities and expectations, offering important guidance to inform the superintendent search and selection process.

Community Assets:

Individuals consistently describe Oregon as a close-knit, welcoming, and family-oriented community that balances small-town charm with access to nearby urban amenities in Madison and Milwaukee. The schools are central to community identity, with strong academic, arts, and athletic programs, a safe environment, and high teacher retention. Residents take pride in the district, actively support students, and participate in school and community events.

Oregon is recognized for its livability, with families drawn to the area for safety, strong schools, and quality of life. The community offers ample opportunities for engagement through youth programs, recreational activities, and cultural events. Its small-town character is complemented by walkability, outdoor spaces, and unique local features, fostering a sense of belonging and healthy, active lifestyles. Growth, diversity, and progressive thinking are embraced, allowing the community to evolve while maintaining its core values and supportive culture. Oregon's national and state recognition as one of the best places to live underscores its appeal as a family-friendly, vibrant, and connected community.

District Strengths:

Individuals consistently describe the Oregon School District as a student-centered, high-performing, and supportive educational community. The district is celebrated for its academic rigor, including strong AP and honors offerings, while fostering a collaborative and non-competitive culture where students, teachers, and staff support each other. Teachers are highly trained, dedicated, and equipped with resources to meet diverse student needs, including strong special education programs and attention to the whole

child through social-emotional learning, equity-focused practices, and extracurricular engagement.

The district balances its size effectively: it is large enough to provide diverse opportunities in arts, athletics, and clubs, yet small enough for staff to build personal relationships with students and maintain a close-knit, supportive environment. Students' voices are valued through advisory boards and input in decision-making. Oregon's location in Dane County enhances access to professional development, university partnerships, emerging technologies, and cultural opportunities, further broadening students' experiences.

Individuals highlight the district's strong community support, reflected in collaboration with families, safety partners, and a committed School Board. Financial stability allows the district to maintain flexibility, invest in high-quality resources, and focus on enhancing programs rather than "fixing" problems. The overall culture emphasizes continuous improvement, inclusivity, and a commitment to students' success, making Oregon a district with a strong reputation, supportive community, and a safe, welcoming environment for learners of all ages.

Key Issues and Priorities for a New Superintendent:

Individuals indicate that the Oregon School District is facing a complex set of challenges requiring immediate attention. Academically, the district needs to address learning gaps in literacy and math, particularly for students affected by COVID-19, while maintaining strong social-emotional support and inclusive practices for a growing, diverse student population. Operationally, transitions between schools, building capacity at Forest Edge Elementary, and consistency of programming are pressing concerns.

Staffing and retention are critical issues, with hard-to-fill teaching positions, support staff shortages, and maintaining employee wellness requiring strategic planning. The district's ambitious goals and high expectations create opportunities but also risk overextension, especially given budget and fiscal pressures, including community concerns over property taxes. Individuals also highlight the need to address student behavior, technology and social media impacts, and equity issues such as racism and representation. Strong, consistent communication with families and community engagement are essential for navigating these challenges effectively.

Desired Superintendent Characteristics:

Staff, students, and community emphasize that the next superintendent should be an experienced educator with a strong understanding of teaching and learning, visible in the schools, and deeply committed to supporting the whole child and the entire school

community. They value a leader who is collaborative, transparent, and action-oriented, with the ability to build relationships, earn trust, and navigate complex community dynamics. Equity, inclusivity, and student voice are critical, alongside the ability to make difficult decisions aligned with district values. Emotional intelligence, authenticity, and the ability to coach administrators while empowering staff are repeatedly highlighted as essential traits. The ideal candidate should also bring a fresh perspective while respecting the district's history and successes, and demonstrate a long-term vision for growth and excellence.

Summary:

The Oregon School District seeks a superintendent who is an experienced educator, visible leader, and strategic thinker. Individual feedback emphasizes the importance of equity, student-centered decision-making, teacher support, and community engagement. The ideal candidate must navigate challenges in funding, staffing, student achievement, and growth, while maintaining the district's strong culture, collaborative practices, and high academic standards.
