

Career and Technical Education Dual Credit allows high school students to earn college credit for completing certain CTE courses. Students who successfully complete all courses in a sequence can earn college credit at no cost, giving them a head start on their future education and career. Credits are awarded through partner colleges and may transfer to other institutions depending on their policies.

Post-Secondary Name	Agreement Effective (years)	High School Name	High School Instructor	High School Course Code & Name	College Course Number	College Credit Amount
