Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding**.** LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within the LCAP Federal Addendum Template.**

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that **the LCAP Federal Addendum should not drive LCAP development.** ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. **LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources**; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

This template is designed to be used by LEAs who already have completed their LCAP Federal Addendum and received approval from CDE. This template will support LEAs with the review of their LCAP Federal Addendum and revision.

The review and revision of the LCAP Federal Addendum do not need to be submitted to CDE for approval. However, an LEA should have their local Board approve any revisions.

Even if the LEA plans to transfer all of its title funds, it must still address all of the provisions of the title from which it is transferring its funds. The LEA must first meet the application requirements of those funds before it can elect to transfer those funds to another title.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

Alameda Community Learning Center - or ACLC, will use this funding to supplement the LEA's local priorities regarding pupil achievement, course access, and state standards. ACLC is focused on improving SBAC scores for IEP learners by revamping resource room supports to be more individualized, adding the online learning platforms of Lexia and IXL for learners with IEPs, and increasing intervention for the 6th-12th grades through our Learning Labs and increased hours for our Intervention Aide. In analyzing our data we have found that we have work to do in serving our black and Hispanic learners for both English Language Arts and Mathematics. For English Language Arts, we also need to work on our supports with EL's, and those learners who identify as two or more races. The use of funds will aim to develop extended learning opportunities, increase parental involvement, administer targeted formative assessments for instructional design during non-traditional work hours, and to bring on an ELD (English Language Development) support person. The LEA has set high school wide expectations for all learners. Within this framework, the LEA will continue to intentionally provide resources for traditionally disadvantaged families calling attention to the significance of high expectations. ACLC will embrace an agenda that focuses on all children and on targeting those strategies that have been shown to close the achievement gaps among groups of students.

Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

ACLC will consider students' diversity to be an asset and identify students who need additional instructional support by engaging students' families about extended learning opportunities before and after school and during breaks using intersessions. Professional developments will consist of training how to use varied, effective strategies within the Universal Design for Learning (UDL) framework to instruct diverse learners within a set of high expectations, thereby providing a rigorous curricula for all. Facilitators will use our newly developed Equity Committee as well as the Curriculum Committee to discuss progress, assessment, and target resources for closing achievement gaps. These teams will focus on expanding our equitable approach to education by reviewing existing curriculum choices and making recommendations for a more reflective curriculum that our students can connect with inside of inclusive classrooms designed to promote equity.

ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP, it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

ACLC will review data from Free and Reduced Lunch forms as a criteria used to select school attendance areas. Also, ACLC complies with all aspects of the McKinney Vento Act including designating a school liaison to follow up with the duties required by law. Our attendance team reviews all data and follows all laws to ensure the schools attendance policy and poverty criteria is followed. The administrative and office/support teams conduct weekly Multi Tieried Systems of Support (MTSS) meetings to review attendance rates and academic intervention.

ESSA Provisions Not Addressed in the LCAP

For the majority of LEAs, the ESSA provisions on the following pages do not align with state priorities. **Each provision for each program provided on the following pages must be addressed** unless the provision is not applicable to the LEA. In addressing these provisions, LEAs must provide a narrative that addresses the provision **within this addendum**.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. **LEAs are encouraged to integrate their ESSA funds into their LCAP** development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

TITLE I, PART A

Educator Equity

ESSA SECTION 1112(b)(2) – *Not Applicable to Charters and Single School Districts.*

Describe how the LEA will identify and address, as required under State plans as described in Section 1111(g)(1)(B), any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers.

NOTE: In this section, LEAs must identify and address disparities. Tools on the CDEs website (https://www.cde.ca.gov/pd/ee/peat.asp) can help with this process. LEAs are required to specifically address the following at comparable sites:

1. What # and % of teachers at sites are inexperienced, misassigned, or out-of-field in relation to:
    a. Number of low-income students
    b. Number of minority students
2. Does the LEA have an educator equity gap –
    a. If yes, must create a plan which must include root cause analysis of the disparity
    b. A plan must be created with meaningful educational partner engagement.

Educator Equity Data Tables available here.

THIS ESSA PROVISION IS ADDRESSED BELOW:

ACLC will consider indicators such as certification, under graduate and graduate major, and experience, when ensuring minority students are taught to the same high expectation as their peers. While not perfect stand-in measures for an individual teacher's effectiveness, these metrics can provide important information about a facilitators' likely impact in the classroom. Our department leads - effective and experienced teachers themselves, work with our new teachers to discuss planning, management, curriculum design, and other aspects of running an effective classroom. ACLC also provides weekly time with an Instructional Coach for all new-to-ACLC teachers as an additional layer of support for all of our learners. ACLC will utilize our robust evaluation system and tools (IAB, MAP, formative assessments, and CAASPP) to accurately measure facilitator impact on student learning. These measures can play an important role in identifying where our stronger and weaker teachers are clustered and identifying areas where changes need to be made, including the removal of ineffective teachers if needed. Our learners are clustered in homogeneous classrooms and we do not have a tracking system at our school, though math placement tests are used to determine eligibility for and placement in math courses.

On November 6, 2019, the SBE approved updated definitions for "ineffective" and "out-of-field" teachers to be included in the amended California ESSA Consolidated State Plan.

Term	Definition

Under this definition, teachers with the following limited emergency permits would be considered ineffective: • **Provisional Internship Permits,** • **Short-Term Staff Permits** • **Variable Term Waivers** **Substitute permits or Teaching Permits for Statutory Leave (TSPL) holders serving as the teacher of record**
Out-of-field teacher	A credentialed out-of-field teacher is: A credentialed teacher who has not yet demonstrated subject matter competence in the subject area(s) or for the student population to which he or she is assigned. Under this definition, the following limited permits will be considered out of the field: • General Education Limited Assignment Permit (GELAP) • Special Education Limited Assignment Permit (SELAP) • **Short-Term Waivers** • **Emergency English Learner or Bilingual Authorization Permits** **Local Assignment Options** (except for those made pursuant to the *California Code of Regulations*, Title 5, Section 80005[b])

Also, include how the LEA will align parent involvement required in Section 1116 with the LCAP educational partner engagement process.

THIS ESSA PROVISION IS ADDRESSED BELOW:

ACLC has created and promoted a welcoming environment for family and community participation by establishing dual language welcome signs in the front of the school. A continued effort to work with the staff to develop a range of communication strategies to inform families about student assessments and achievement - including a translation service that provides live "on demand" translation services for meetings in over 100 languages, teacher professional learning activities, school climate, and progress toward achieving school goals will enhance our community involvement.

ACLC will provide full opportunities for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children, including providing information and school reports required under section 1111 of the ESSA in an understandable and uniform format and, including alternative formats upon request, and, to the extent practicable. All teachers are required to attend weekly Professional Development from 2:45-4pm. In addition to this, there are 10 full Professional Development days each year built into the school calendar. These days are spread out over the course of the year, with some at the start of the year to guide teachers in assessing data to plan curriculum for the year, and others spaced throughout the year for data analysis and planning purposes. We also assign all new-to-ACLC teachers an Instructional Coach to observe and guide them with feedback in 1:1 weekly meetings. The administrative team also shares free and low-cost professional developments seminars and webinars throughout the year. Stipends are available to pay for PDs and related travel, and the CCEF (Creative Community Education Fund), the fundraising arm of our Parent Action Committee (PAC), will often fund additional PD or PD-related costs for our teachers. ACLC has always supported teacher PD by reimbursing workshops (with pre-approval). All administrators are sent to a variety of Professional Development seminars and conferences for not only their own professional development but also to bring information, teaching techniques, changes in educational law, the most current ELA/Math curriculum, and best practices to the teachers (discipline, RJ, positive behavior). In addition, we have a variety of stipended leadership positions - our teachers can apply to be department leads as well as lead or represent teachers on the ACLC Culture, Curriculum, Finance, Assessment, Personnel, and Equity committees. Teachers can also serve as CLCS and ACLC Board members and lead professional development during summer and throughout the school year.

ACLC students take MAP tests three times a year. The NWEA provides data for reading, language usage and math. These subjects are assessed in the fall, winter and then again in the spring. English language and math teachers analyze assessment results to determine individual student reading level and growth throughout the year. These results are made available to all stakeholders and used to impact instruction. Instructional approaches are designed for all learners and differentiated plans are built. Department meetings are held to plan for changes in the curricular and adjust Learning Lab schedules. Department meeting agendas include assessment reviews for continuous school improvement. SBAC data, MAP results, and IAB's, and formative/summative classwork is evaluated.
