ACTION ITEMS/DISCUSSION & NOTES

- Agenda was transferred from the last meeting.
- Dr, Walker discussed notes from the superintendent meeting: Updates were provided. Glide was introduced. Dr. Walker would like to include parents and the community to provide feedback because nearly 85M will be cut from schools. There was a suggestion that Principal Walker include it in the Family Smores so that parents are aware. Corporations are also offering 50M in AI training for educators. Educators should take advantage of this free cost. Dr. Walker also suggested a townhall meeting to address concerns.
- Cross Council Meeting- Held at South Learning Center. Resources were shared along with beneficial websites. Resources included agendas, meeting suggestions, etc. The strategic plan approval was also discussed. The county will be conducting audits where they will view websites, offer feedback and suggestions.
- Principal Walker informed everyone that the Strategic Plan is/was approved. The focus is to increase academic achievement in Reading, Math, and Science.
- Allocation of funds-Proposals for student initiatives. Used SGC funds to assist with field trips, Jr. Beta, and pep squad. Last year we received 46k, but this year we will receive 30K. The money has to be spent by March 2026. Lori Jackson made a proposal to use SGC funds to help with club expenses, student ambassadors, and Pearls. A proposal was made that would allow each club to receive a certain amount of money to help with the cost of items needed.
- Ms. Johnson will compile a list of clubs. Club leaders will gather a list of items needed and request an amount to receive.
- Lori Jackson explained that there was a breech in security with the website. She will go through the list of what to upload and continue to maintain the website.
- Principal Walker shared important information regarding the superintendent. Dr. Campbell is no longer Zone 1 superintendent. Her position has been moved.
